SPMI 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) DESCRIPTION

The following description of the SPMI 401(k) Plan (the "Plan"), provides only general information. Participants should refer to their respective participating employer's plan agreement and summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

(a) General

The Plan is a defined contribution multiple employer pension plan covering all eligible employees of the participating employers (PE) who have adopted the Plan. The Plan is sponsored by Southern Personnel Management Inc. (SPMI). Eligibility provisions for the Plan vary by PE and are based on elections made by the respective PE at adoption. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Transamerica Financial Life Insurance Company (Transamerica) serves as the plan trustee.

(b) Contributions

The Plan permits participants to contribute through a salary deferral election of up to the maximum allowed by law or as defined in the respective PE's adoption agreement. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Employer contributions are made by those PE's who have elected such a provision in their respective adoption agreement.

(c) Participant Investment Account Options

The Plan's investment options consist of sub-accounts of a separate account offered under an annuity accumulation contract with Transamerica. Each participant has the option of directing his/her contributions into any of these investment options and may change the allocation daily.

SPMI 401(k) PLAN

Notes to Financial Statements, Continued

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of respective employer contributions and net earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their voluntary contributions. Contributions made by PE's are vested based on elections made in the respective PE's adoption agreement. Forfeitures are used to offset the respective PE's employer contributions.

(f) Payment of Benefits

Upon termination, for participants with balances less than or equal to \$1,000, the balance will be paid directly to the participant in a lump sum. For participants with balances greater than \$1,000 but less than \$5,000, the balance will be paid to the participant either through a lump sum or to another qualified retirement account elected by the participant. If no election is made, the balance will be rolled over to an individual retirement account (IRA) designated by the plan administrator.

Terminated participants with an account balance of \$5,000 or greater may elect to either roll over this benefit directly into another qualified plan or an IRA, or request a payment. If no payment method is elected, the account can remain within the Plan until such time a distribution is elected by the participant.

(g) Participant Loans

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. A participant may have up to two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest based on the prime rate, as specified in the Wall Street Journal plus 1%. Loans are repaid through payroll withholdings unless the participant is paying the loan in full, and must be repaid within five years unless the loan is used to acquire a principal residence, of which the maximum term is 30 years.

SPMI 401(k) PLAN

Notes to Financial Statements, Continued

(h) Plan Termination

Although it has not expressed an intention to do so, SPMI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Each PE has the right to terminate its plan at any time. In this event, the participants of the PE would become 100% vested in their accounts. Each PE also has the right to discontinue its employer contribution at any time and/or discontinue services with SPMI and transfer its current plan to another service provider. In these events, the current vesting schedule would apply to currently held employer contributions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) Investment Valuation

Pooled separate accounts are valued at estimated fair value as provided by Transamerica. Participant loans are valued at amortized cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's investment earnings, realized and unrealized gains and losses on investments bought and sold as well as held during the year.

(d) Plan Tax Status

Each participating employer adopts a prototype plan designed by Transamerica. This prototype plan obtained a determination letter dated March 31, 2008, from the the Internal Revenue Service, which stated the prototype plan constituted a qualified plan under Section 401 of the Internal Revenue Code. The prototype plan has been amended since the date of this letter. Also, some PE's have made amendments since the date of this letter. However, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

SPMI 401(k) PLAN

Notes to Financial Statements, Continued

With a few exceptions, the Plan is not subject to federal, state and local income tax examinations by tax authorities for years before 2012.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(f) Administrative Expenses

Certain administrative expenses may be paid by the Plan sponsor or the Plan, at the sponsor's discretion. The Plan is not required to reimburse the sponsor for any administrative expenses paid by the sponsor. Expenses not paid by the sponsor are paid by the Plan.

(3) INVESTMENTS

The following table presents the Plan's investments as of December 31, 2015 and 2014. Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified with an (*).

(4) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SPMI 401(k) PLAN

Notes to Financial Statements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 33,081,346</u>	<u>5,151,699</u>	<u>-</u>	<u>38,233,045</u>

	Assets at Fair Value as of December 31, 2014

Mutual funds	<u>\$ 28,405,065</u>	<u>2,596,411</u>	<u>-</u>	<u>31,001,476</u>

Realized and unrealized gains and losses, dividends and interest included in net increase in net assets available for plan benefits for the year ended December 31, 2015, are reported in net appreciation in fair value of investments in the statement of changes in net assets available for Plan benefits.

(5) PARTICIPANT LOANS

(6) CONTRACT WITH TRANSAMERICA LIFE INSURANCE COMPANY

The Plan is subject to an annuity accumulation contract (Contract) with Transamerica. Under the terms of the Contract, SPMI deposits employee contributions with Transamerica to be invested among various pooled separate accounts, dependent upon participant elections. Investments in the pooled separate accounts are not guaranteed and are subject to market fluctuations.

(7) PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, a PE whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain fees paid by the Plan for investment management services were paid within the mutual funds and were deducted from the investment income earned by the fund.

Certain accounting and administrative functions are performed by officers or employees of SPMI. No such officer or employee receives compensation from the Plan. In addition, SPMI pays certain outside administrative expenses of the Plan. SPMI is also considered a PE in the Plan.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. The financial statements have been prepared using values and information currently available to the Plan.

(9) SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 2, 2016 which is the date the financial statements were available to be issued.

(10) CONCENTRATIONS

Approximately 52% of the assets held by the Plan are accounted for by three participating employers.
