Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets Held for Investment at End of Year which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Participant Accounts: Each participant’s account is credited with the employer’s contributions and allocations of Plan earnings and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. Forfeitures are maintained by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participants’ account and bear interest ranging from 5.25% to 5.50%. Principal and interest is paid through payroll deductions. During the year ended December 31, 2015 and 2014, interest income of \$9,524 and \$8,583 was received on participant loans, respectively.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant will generally receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Upon termination of service, other than due to death, disability, or retirement, a participant with an account balance under \$1,000 will automatically receive a payout equal to the value of the participant’s vested interest.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements have been prepared on the modified cash basis of accounting and include recognition of net unrealized appreciation and depreciation of investments and gains and losses on sales of investments. Certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The financial statements are prepared using a contract value basis for such investment contracts.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition: The Plan investments are reported at fair value, except for its benefit-responsive investment contract, which is valued at contract value (Note 6). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses: The fee for the audit of the plan is paid by the Company.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE C – Information Certified by the Trustee

For 2015 and 2014, the financial information included in the Plan financial statements, except for contributions receivable, contributions, and distributions for withdrawals and terminations, has been derived from information certified as complete and accurate by Wells Fargo, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note D – Fair Value Measurements

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are significant observables other than quoted prices in active markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. There were no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements: The fair value of investments is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements: The fair value of investments is based on quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; other observable inputs; inputs that are derived by observable market data by correlation or other means.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

	Fair Value	Fair Value Measurements at the End of the Reporting Period Using:

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's assets include investments in mutual funds, which are subject to potential volatility in the underlying investment markets. This volatility has the potential to have a severe impact on the values of such investments, and it is at least reasonably possible that this could occur in the near term.

NOTE F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note G – Tax Status

The Internal Revenue Service has ruled that the Plan is in compliance with applicable sections of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
