The following description of the JBR, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is intended to qualify as a safe harbor 401(k) Plan under 401(a) and other applicable requirements of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution 401(k) profit sharing plan originally adopted effective January 1, 1997 and most recently amended on January 1, 2015. The Plan generally covers all employees of JBR, Inc. (the "Company") that are at least 18 years of age and are not subject to a collective bargaining agreement. The minimum service requirement is met upon the completion of three months service and entry dates are the first day of each month after eligibility is met.

Administration - Under the terms of the Plan, State Street Bank and Trust Company ("State Street") acted as trustee and custodian as of December 31, 2014 and for the period from January 1, 2015 through August 31, 2015. TD Ameritrade Trust Company ("TDAmeritrade") acted as trustee and custodian for the period from September 1, 2015 through December 31, 2015. The Company contracted with Automatic Data Processing, Inc., ("ADP") to act as the Plan's third party administrator as of December 31, 2014, and for the period from January 1, 2015 through August 31, 2015. PenSys Inc. ("PENSYS") acted as the Plan's third party administrator for the period from September 1, 2015 through December 31, 2015. Expenses incurred for administering the Plan may be paid by either the Plan or the Company at its discretion.

Vesting - Participants are fully vested in their voluntary, rollover and safe harbor employer matching contributions, including earnings thereon at all times. Additional employer matching and profit sharing contributions paid on the participants' behalf in excess of safe harbor matching contributions, if any, are vested ratably over a six-year period.

Forfeited accounts –Forfeited accounts may be applied to pay expenses under the Plan, or to reduce employer contributions at the discretion of the Company. Unallocated forfeitures totaled $5,807 and $741 at December 31, 2015 and 2014, respectively.

Participant accounts - A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions, investment earnings, less withdrawals, investment losses, distributions and an allocation of Plan administrative expenses, if any. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

1. DESCRIPTION OF PLAN (Continued)

Employee contributions - Participants may elect to have the Company contribute a percentage of their pre-tax compensation to the Plan, up to the amount allowable under current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants may also elect to have the Company contribute a portion of their compensation post-tax in the form of a Roth deferral. Participants may also elect to contribute amounts representing distributions from other qualified plans.

Employer contributions - The Plan allows for safe harbor employer matching contributions equal to 100% of the first 4% of compensation that a participant contributes to the Plan. The Plan also allows for discretionary employer contributions in the form of non-elective profit-sharing contributions. Non-elective profit sharing contributions, if any, would be allocated to certain specified employee allocation groups on a non-discriminatory and discretionary basis. The Company elected to make no non-elective profit sharing contributions during 2015.

Notes receivable from participants – The Plan provides a provision that allows a participant to borrow up to the lesser of $50,000 or 50% of their vested account balance, with a minimum of $1,000. Such loans shall bear interest at fixed rates equal to the published prime rate, plus one percent. The term of the loans cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed thirty years. The loans are secured by the participant's vested balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

Plan Termination - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Subsequent Events – Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, September 16, 2016, have been evaluated in the preparation of the accompanying financial statements.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The accounting records of the Plan are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Investments - Investments of the Plan are held by the Plan's custodian and are invested based solely upon instructions from participants. Mutual fund investments are valued at fair market value as of the last day of the Plan year as quoted by TDAmeritrade. The Plan's investment in a common/collective trust as of December 31, 2014 was valued at contract value as reported by State Street, which approximated fair value.

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level one measurements) and the lowest priority to unobservable inputs (level three measurements). The three levels of the fair value hierarchy are described below:

Level one: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level two: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level three: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Investments (continued) -

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, within the fair value hierarchy of accounting principles generally accepted in the United States of America, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015	2014
Level one – Mutual funds	$7,610,805	$7,480,967
Level two – Common / collective trust	-	214,776
Total investments at fair value	$7,610,805	$7,695,743

Investment Income - Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits - Upon termination of service or disability, retirement, death, or hardship, the participants or beneficiaries receive, upon request, either a lump-sum payment or annuity payments equal to the value of the vested funds in the participant's account. Benefits (which include rollover transfers to other plans) are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reported period. Actual results could differ from these estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be adopted retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. Management has elected to adopt Part II early. Parts I and III are not applicable to this Plan.

3. RELATED PARTY TRANSACTIONS

Certain Plan investments were managed by the Plan's custodians. Therefore, investment transactions involving these investments qualify as party-in-interest transactions as defined by ERISA.

4. INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and believes that the Plan was qualified as of December 31, 2015 and 2014. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, TD Ameritrade has certified the current values of assets held at December 31, 2015 and transactions entered into during the period from September 1, 2015 through December 31, 2015, and State Street certified the current values of assets held at December 31, 2014, that were used in the preparation of the accompanying financial statements and supplemental schedules.

5. CERTIFIED INFORMATION (continued)

The following table presents this certified information as of December 31, 2015 and 2014 and for the period from September 1, 2015 through December 31, 2015, that was not audited by independent certified public accountants:

	2015	2014
Investments, at fair value:		
Mutual funds	$ 7,610,865	$ 7,480,967
Common/collective trust	-	214,776
Total investments, at fair value	$ 7,610,865	$ 7,695,743
Investment income:		
Interest and dividends	$ 14,476	
Net appreciation in fair value of mutual funds	84,961	
Total investment income	$ 99,437	

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of mutual funds. As the portfolio is well diversified and issuers of the funds' underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited
