401(K) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The following description of the Sankyo Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – On September 1, 1993, Clearfreight Inc. ("Clearfreight") established the Plan as a defined contribution and profit sharing retirement plan qualifying under section 401(k) of the Internal Revenue Code ("IRC"). The Plan covered eligible employees of Clearfreight Inc. and was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2010, the Plan was amended and restated in order to adopt a Safe Harbor compliant structure and other changes (the "Plan Restatement"). Effective on the same date, the Plan's sponsor was changed to Sankyo Holdings Inc. ("SHI", the sole shareholder of Clearfreight) with a corresponding Plan name change from the "ClearFreight 401k Savings Plan" to the "Sankyo Holdings, Inc. 401(k) Plan". In addition, the 401(k) savings plan of Globerunners Inc. ("GRI", a wholly-owned subsidiary of SHI) was merged into the Plan. Current SHI affiliates who adopted the Plan as amended and restated include the following: Clearfreight, GRI, Accu-Rate Shipping Inc. and Tsillan Holdings Inc. (all collectively the "Employer" or "Company"). In conjunction with the 2010 Plan changes, two SHI officers were appointed as trustees of the Plan replacing the former trustee. Currently, Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, and Principal Life Insurance Company (collectively "Principal"), are the Plan's custodians and recordkeeper. Effective January 1, 2015, AE Eagle Logistics, Inc., a subsidiary of Clearfreight, became an adopting Employer of the Plan.

Eligibility – Effective January 1, 2015, all employees, with certain exceptions, of the Employer are eligible to participate in the salary deferral portion of the Plan. There is no service requirement to enter this portion of the Plan. The entry date is the same date that an eligible employee is hired. Prior to the change, all employees, with certain exceptions, of the Employer who had one year of service or, earlier, one calendar month of employment were eligible to participate in the salary deferral portion of the Plan. If the employee satisfied the one month employment requirement, the entry date was the first day of the month that coincided with or next followed the date the requirement was satisfied.

All employees, with certain exceptions, of the Employer who have one year of service are eligible to participate in the employer contribution portion of the Plan. An employee may enter the Plan on the same date such requirements are satisfied.

Contributions – Effective January 1, 2015, the Plan was amended to provide for automatic enrollment with respect to certain covered participants to defer 6% of their compensation into the Plan, unless the participant elects a different percentage, including zero. Participants may elect to contribute up to a maximum of the lesser of 100% of eligible compensation or, as limited by Section 402(g) of the IRC, $18,000 in 2015. Eligible employees may also rollover distributions from eligible retirement plans pursuant to the terms of the Plan. Participants are also permitted to contribute after-tax dollars as a Roth elective deferral.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are eligible to also make a catch-up contribution of up to $6,000 in 2015.

(1) Description of the Plan (Continued)

Contributions (Continued)

The Company may make discretionary matching contributions. In addition, the Company may make non-elective contributions to the Plan for any plan year. Non-elective contributions can be Safe Harbor non-elective, Non-Safe Harbor non-elective contributions, or both. Generally, the Safe Harbor non-elective contribution, if made, will be in an amount equal to at least 3% of each eligible participant's compensation; for 2015, the Company made Safe Harbor contributions amounting to $307,712. In total, Company contributions amounted to $582,496 for the year ended December 31, 2015.

Prior to the 2010 Plan Restatement, the Company made non-discretionary matching contributions in an amount equal to 50% of the participant's pretax contributions. Non-discretionary matching contributions were subject to a maximum of 50% of 6% of the participant's eligible compensation contributed to the Plan; for highly compensated employees, the employer matching contribution was subject to a maximum of 50% of 3% of the participant's eligible compensation.

Participant Accounts – Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's contributions and (b) investment earnings and/or losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants in the Plan are fully vested in their contributions, the Company's non-elective contributions, and the actual earnings on these contributions. Participants become vested in the Company's matching contributions and related investment earnings/appreciation based on years of service. Forfeitures – Upon termination of employment, the non-vested portion of the participant's account will be forfeited. Forfeitures are retained in the Plan and used for payment of administrative fees, restoring accounts and/or reduction of future employer contributions.

The maximum amount is the lesser of one half of the participant's vested account balance or $50,000, reduced by the highest outstanding loan balance in the account during the prior twelve-month period. The interest rate used will be set at one percentage point higher than the prime lending rate as posted in the Wall Street Journal when the loan is made. The participant is allowed one loan outstanding at a time; the participant is allowed to have two loans outstanding if borrowed prior to the Plan Restatement. Loan payments are made through payroll deductions on at least a quarterly basis typically over a period of five years; however, if the loan is for the purchase of a participant's principal residence, the administrator may permit a longer repayment term. Generally, each loan must be secured with an irrevocable pledge and assignment of the participant's vested interest.

Payment of Benefits – Withdrawals are permissible upon participant's reaching age 59½, termination of employment, death, disability, retirement or certain financial hardships. Vested benefits due to the participant or, in the event of death, to the participant's beneficiaries, in most events will be distributed in a lump sum payment or can be rolled over into another qualified retirement plan.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate, discontinue making contributions to, amend, or modify the Plan at any time. In the event of a termination of the Plan, all participants will become fully vested in their accounts and the Company will arrange for distribution of all participants' accounts to the participants in accordance with the Plan.

(2) Summary of Significant Accounting Policies

Basis of Accounting – The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Valuation of Investments – Investments are stated in the accompanying statements of net assets for plan benefits at fair or contract value. See note 7 for further discussion of fair value measurements.

The Plan's investments were maintained in mutual funds, common collective trusts, pooled separate accounts and a guaranteed income contract. As provided by Principal, the Plan's investments in the shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. The fair value in the common/collective trusts are determined by the fund custodian based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end. Pooled separate accounts are valued based on the investments held; while the majority of the underlying assets are quoted prices, the net asset values of the pooled separate accounts are not publically quoted. The guaranteed income contract is stated at contract value as provided by Principal.

Adoption of New Accounting Standards – In May 2015, the FASB issued Accounting Standards Update Accounting Standards Update No. 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by ASC 820. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. The Plan has elected to adopt ASU 2015-07 early to reduce complexity of reporting investments. Accordingly, the standard was retrospectively applied.

(2) Summary of Significant Accounting Policies (Continued)

Adoption of New Accounting Standards (Continued) –

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient" ("ASU 2015-12"). Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with retrospective application of Parts I and II to all periods presented. Management has elected to early adopt the provisions of Parts I and II of this new standard to reduce complexity of reporting investments. Accordingly these provisions were retrospectively applied.

Fair Value Measurements – The Plan follows the guidance provided by ASC 820, "Fair Value Measurements and Disclosures", for its fair value measurements. ASC 820 establishes a framework for measuring fair value and utilizes a valuation hierarchy which prioritizes the inputs used in measuring fair value.

Notes Receivable from Participants – Notes receivable from participants represent participant loans that are to be recorded at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. In the event of a default, the Plan administrator will deem the loan balance to be a distribution to the participant based upon the terms of the plan document.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Company pays for certain administrative expenses, with the exception of set-up, annual loan, and certain other account fees which are deducted from the respective participants' funds.

During 2013, the Plan had participated in a plan expense reimbursement arrangement with its previous plan custodian whereby a certain percentage based on the Plan's assets was remitted back to the Plan to be held in an expense reimbursement account. These amounts are used to offset the cost of reasonable and necessary expenses of the Plan. During 2015, $7,500 was used to pay plan expenses; at December 31, 2015, the balance remaining amounted to an approximate $14,000.

(2) Summary of Significant Accounting Policies (Continued)

Subsequent Events - ASC 855, "Subsequent Events", establishes general standards of accounting and disclosure for events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. In addition, ASC 855-10-50-1 requires disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. The Company has evaluated subsequent events through September 23, 2016 which is the date that the financial statements were available to be issued.

(3) Information Certified by the Custodians (Unaudited)

(4) Investment Contract with Principal

As of December 31, 2015 and 2014, the Plan maintained one guaranteed investment contract related investment option, the Principal Fixed Income Guaranteed Option. The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC 962. Contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no valuation reserves related to credit risk recorded to adjust the contract value. Currently, the crediting interest rate is reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of certain provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(5) Income Tax Status

In conjunction with the Plan Restatement, the plan adopted a Volume Submitter Profit Sharing Plan ("Volume Submitter Plan") which received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service indicating that the form of the Volume Submitter Plan is acceptable under applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan continues to qualify and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan had no uncertain tax positions at December 31, 2015 and 2014. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

(6) Related Party Transactions

Certain Plan investments are currently shares of pooled separate accounts, common/collective trusts or mutual funds managed by Principal. The Plan also has an investment in a guaranteed investment contract which is part of and supported by the general assets of Principal. Principal is currently the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

(7) Fair Value Measurements

As noted above, ASC 820 utilizes a valuation hierarchy which prioritizes the inputs used in measuring fair value. The fair value valuation hierarchy consists of the following three levels:

Level 1: Quoted market prices in active markets for identical assets or liabilities

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data

Level 3: Unobservable inputs that are not corroborated by market data

Mutual Funds: Mutual funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 investments.

Pooled Separate Accounts: These investments are valued, as a practical expedient, using the net asset value ("NAV") of units held by the Plan at year end as provided by Principal. The NAV of the pooled separate accounts are based on the market value of their underlying investments; the NAV of the pooled separate accounts are not publicly quoted. Due to the nature of the pooled separate accounts, there are no unfunded commitments. There were no significant redemption requirements. Redemption frequency is on a daily basis with a one day notice period.

Common/Collective Trusts: The common collective investment trusts (Principal Trust Target funds) represent the Plan's investments that are held in common collective trust funds which invest primarily in a variety of separate accounts and mutual funds. The fair values of all of these investments are used in determining the NAV, as provided by Principal, of the collective investment trusts, which are not publicly quoted. The NAV is used as a practical expedient to estimate fair value. Due to the nature of the common collective trusts, there are no unfunded commitments. There were no significant redemption requirements. Redemption frequency is on a daily basis with a one day notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(7) Fair Value Measurements (Continued)

The following summarizes the financial assets and liabilities that are measured at fair value on a recurring basis at December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	Total	Level 1	Level 2	Level 3
Mutual funds	$ 3,905,060	$ 3,905,060	$ -	$ -
Total assets in fair value hierarchy	3,905,060	$ 3,905,060	$ -	$ -
Pooled separate accounts*	1,561,437			
Common/collective trusts*	11,898,725			
	$ 17,365,222			

Assets at Fair Value as of December 31, 2014

	Total	Level 1	Level 2	Level 3
Mutual funds	$ 2,932,834	$ 2,932,834	$ -	$ -
Total assets in fair value hierarchy	2,932,834	$ 2,932,834	$ -	$ -
Pooled separate accounts*	1,623,206			
Common/collective trusts*	11,360,578			
	$ 15,916,618			

* Investments are measured using the NAV practical expedient and, therefore, have not been classified in the fair value hierarchy.

(8) Contingency

The Plan is presently under examination by the Internal Revenue Service for the Plan year ended December 31, 2014. It is the opinion of the management that the resolution of this examination will not have any material effect on the Plan's net assets or changes in net assets available for plan benefits.
