PILGRIM QUALITY SOLUTIONS INC 401k PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Note 1 - Description of plan:

The following description of the Pilgrim Quality Solutions Inc 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pilgrim Quality Solutions, Inc. (the Company) who have completed at least one month of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective November 1, 2015, the Plan name was legally changed from Pilgrim Software, Inc. 401(k) Plan to Pilgrim Quality Solutions Inc 401k Plan.

Contributions

Each year, participants may contribute up to 90% of their compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and may also make Roth contributions. The Company may make discretionary matching contributions equal to a certain percentage of a participant's compensation up to \$2,000 per participant. For 2015, the Company made discretionary matching contributions equal to 50% of the first 6% of eligible compensation that each participant contributed to the Plan, up to \$2,000 per participant. The Company may also make discretionary profit sharing contributions to qualifying participants but did not do so during 2015.

Investment options

Participants direct the investment of their contributions into various investments offered by the Plan. Participants may invest in various funds, each with different risk exposure and return potential. The Plan currently offers various mutual funds and a common/collective trust fund as investment options for participants. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of any profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses

Note 1 - Description of plan - continued:

that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service as follows:

<u>Completed Years of Service</u>	<u>Percentage Matching Contributions Vested</u>	<u>Percentage Profit Sharing Contributions Vested</u>
1	20%	20%
2	50%	50%
3	100%	100%

Participants are immediately vested upon termination of the Plan, upon reaching the retirement age of 65, or upon disability or death while an employee of the Company. Forfeitures of terminated participants' non-vested accounts may be used to pay Plan expenses or reduce the Company's contributions, if any, for the plan year. During the year ended December 31, 2015, Company contributions were reduced by \$9,012 due to the usage of forfeited non-vested accounts. The balance of forfeited, non-vested accounts was \$0 at December 31, 2015 and 2014.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary, as applicable, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or, if the vested account balance exceeds \$5,000, through various installment and annuity options provided by the Plan. However, in no event shall payments extend beyond the life expectancy of the participant or their beneficiary.

Notes to Financial Statements - Continued

December 31, 2015 and 2014

Note 1 - Description of plan - continued:

Payment of benefits - continued

For termination of service due to other reasons, and if the vested account balance exceeds \$5,000, a participant may elect to receive a lump sum distribution or to remain in the Plan. If the vested account balance is less than \$5,000 the plan administrator will distribute the participant's entire vested account balance as a lump-sum distribution as soon as administratively feasible.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the year prior to obtaining the loan, or 50% of their total vested balances. Note terms are for a period not exceeding five years unless they are for the purchase of a principal residence, in which case the note repayment period may be longer. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon rate based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note.

Administrative expenses

Certain expenses of maintaining the Plan, including audit fees, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative accounting principles generally accepted in the United States of America (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

December 31, 2015 and 2014

Note 2 - Summary of significant accounting policies - continued:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. GAAP.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Common/collective trust funds

Investments in common/collective trust funds are required to be reported at fair value. The Plan invests in one common/collective trust fund, MetLife Reliance Stable Value Fund (MRSVF). The MRSVF, at the fund level, is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. However, these contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. Accordingly, the accompanying statements of net assets available for benefits present the fair values of the investment in the common/collective trust fund. The statement of changes in net assets available for benefits is also prepared on a fair value basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements - Continued

December 31, 2015 and 2014

Note 2 - Summary of significant accounting policies - continued:

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

New accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management has elected to early adopt ASU 2015-07. The adoption of ASU 2015-07 did not have a material impact on the Plan's financial statements and has been applied retrospectively to prior period balances.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I of ASU 2015-12, eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12, eliminates the requirements to disclose individual investments that represent

5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of ASU 2015-12, allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and earlier application is permitted. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Management has elected to early adopt Parts I and II. Part III is not applicable to the Plan. The adoption of Parts I and II of ASU 2015-12 did not have a material impact on the Plan's financial statements and has been applied retrospectively to prior period balances.

Subsequent events

The Plan has evaluated subsequent events through September 9, 2016, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2015, have been incorporated into these financial statements.

Effective July 1, 2016, the plan changed record-keeper providers which resulted in change of trustee from State Street Bank and Trust Company to Reliance Trust Company.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the presentation in the 2015 financial statements.

Note 3 - Investments and information certified by the trustee:

State Street Bank and Trust Company (State Street) was the trustee for the Plan in 2015 and 2014, and, as such, held the Plan's investment assets and executed investment transactions during such years. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31,

Note 3 - Investments and information certified by the trustee - continued:

2015 and 2014, and net depreciation in fair value of investments and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PILGRIM QUALITY SOLUTIONS INC 401k PLAN

Notes to Financial Statements - Continued

December 31, 2015 and 2014

Note 4 - Fair value measurements - continued:

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- The common/collective trust fund is invested in a trust that holds short-term investment contracts and is reported at fair value based on information from the fund managers.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements at the reporting dates.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements - Continued

December 31, 2015 and 2014

Note 5 - Related-party transactions:

Certain Plan investments are shares of mutual funds managed by an affiliate of the trustee of the Plan. State Street is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net depreciation. The Company pays directly any other fees related to the Plan's operations.

In addition, certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 7 - Tax status:

The underlying prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated July 16, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that, as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
