NOTE 1 — DESCRIPTION OF PLAN

The following brief description of the Protective Industrial Products, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Protective Industrial Products, Inc., is a defined contribution plan covering substantially all employees of Protective Industrial Products, Inc., its Subsidiaries, and Intermarket Apparel, LLC (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The purpose of the Plan is to enable eligible employees to save for retirement.

The Plan was adopted on January 1, 1974 and has been amended periodically. In January 2011, the Plan was amended and restated to appoint Nationwide Financial Services as the custodian and record keeper. The Plan was amended effective January 1, 2012 to exclude bonuses from the definition of compensation under the Plan.

Eligibility

Employees of the Company that attain the age of twenty-one and complete six consecutive months of service are generally eligible to participate in the Plan on the first day of each month after meeting the eligibility requirements. Employees covered by the terms of a collective bargaining agreement are excluded from the Plan unless the collective bargaining agreement specifies employees must be covered under the Plan. Also excluded are nonresident aliens who receive no earned income from the Company within the United States.

Contributions

The Plan allows employees to make pre-tax contributions from between 0% and 96% of compensation, subject to certain limitations, under the Internal Revenue Code (IRC). Each participant in the Plan may defer the maximum percentage of their compensation and dollar amount permissible under the IRC as a basic contribution to the Plan. Participants who are projected to be age 50 or older by the end of the calendar year are eligible to make catch-up contributions up to the dollar amount permissible under the IRC.

Employees who are qualifying contributing participants are eligible for matching contributions. The employer makes safe harbor matching contribution equal to 100% of the participant's deferrals that does not exceed 3% of the employee's compensation for the Plan year, plus 50% of the elective deferrals that exceeds 3% of compensation for the Plan year but does not exceed 5% of the participant's compensation for the Plan year. Matching contributions are not made on catch-up contributions.

The Company may make annual profit sharing contributions determined according to a discretionary formula in an amount determined each year by the managing body of the Company and will be allocated to each qualifying participant's account based on a pro rata allocation. This allocation is based on the qualifying participant's compensation in relation to the total compensation of all qualifying participants.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may make qualified non-elective contributions at their discretion. Any qualified non-elective contribution will be allocated to non-highly compensated participant's accounts based on a pro rata allocation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the participating employers' contribution and, (b) Plan earnings and losses, and c) an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is based on a participant's vested account.

Vesting

Participants are 100% vested in their contributions, rollover contributions, qualified non-elective contributions and employer profit sharing and any earnings thereon. Since January 1, 2009 employer safe-harbor matching contributions are 100% vested.

Investment Options

Participants self-direct their investments by choosing from a diversified portfolio of pooled separate accounts.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the total vested account balance. The $50,000 will be reduced by the highest outstanding loan balance during the one year period ending on the day before the loan agreement becomes effective. Loans are secured by the balances in the participant's account. All loans shall bear interest based on the prime rate plus 1%. The loan rate will be determined on the date the loan is requested and shall remain fixed throughout the duration of the loan.

All loans must be repaid through payroll deductions on a per payroll basis.

In-service Withdrawals

In-service withdrawals are allowed at age 59½ against profit sharing and matching contributions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant whose benefit is more than $1,000, may elect to receive (a) a single lump-sum payment; (b)installments over a period of not more than the participant's life expectancy or (c) partial withdrawals. For participants who have balances of $1,000 or less, the value of the account will be made as a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

At December 31, 2015 and 2014, the Plan had no forfeited nonvested employer contributions to reduce future employer contributions.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of Recent Accounting Pronouncements

In July 2015 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Updates ("ASU") 2015-07 and 2015-12 to reduce complexity in employee benefit plan accounting.

ASU 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent), removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share expedient. ASU 2015-07 will become effective for fiscal years beginning after December 31, 2016, with early adoption permitted. The Plan early adopted this ASU retrospectively.

ASU 2015-12, Plan Accounting, Part I of this ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. The objective of Part II of this ASU is to simplify and make more effective certain investment disclosure requirements for employee benefit plans. The amendments in Part III of this ASU provide a measurement date practical expedient for employee benefit plans. ASU 2015-12 will become effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan early adopted this ASU retrospectively. As a result, the footnote disclosing investments at or greater than 5% was removed.

Investment Valuation and Income Recognition

Investments are reported at fair value based upon methodologies as described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company absorbs substantially all of the costs of administration of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2016, the date the financial statements were available for issuance.

Participant Loans Receivable

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 3 — INFORMATION PREPARED AND CERTIFIED BY NATIONWIDE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Nationwide Financial Services, Inc.

	2015	2014
Pooled separate accounts	$ 7,813,914	$ 7,145,421
Net (depreciation) appreciation in fair value	(155,560)	368,010
Interest and dividends	6,499	8,216

NOTE 4 — FAIR VALUE

The Plan follows guidance issued by the Financial Accounting Standards Board (FASB) regarding the reporting of financial assets. The guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below:

NOTE 4 — FAIR VALUE (Continued)

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs are observable inputs other than quoted market prices in active markets for identical assets and liabilities; and

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value method.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts (mutual funds): Unit Value calculated based on the net asset value (NAV) of the underlying investment.

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Total Carrying Value at December 31, 2015	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Mutual Funds	7,813,914	$ -	$ -	$ -
Total investments, at fair value	$ 7,813,914	$ -	$ -	$ -

	Total Carrying Value at December 31, 2014	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled Separate Accounts:				
Mutual Funds:	$ 7,145,421	$ -	$ -	$ -
Total investments, at fair value	$ 7,145,421	$ -	$ -	$ -

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA.

NOTE 6- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Less: employee contributions receivable at December 31, 2015	(12,707)
Contributions per Schedule H of Form 5500	$1,050,645

NOTE 7 — TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan as required by generally accepted accounting principles, and has concluded that as of December 31, 2015, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 — PARTY IN INTEREST

Certain Plan investments are managed by Nationwide Life Insurance Company. Nationwide Financial Services, Inc. is the custodian of the Plan therefore these transactions qualify as party in interest transactions.
