NOTE 1 DESCRIPTION OF PLAN

The following description of The IFH Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was established for all employees of The IFH Group, Inc. (the Company), who have reached age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). For the purpose of the Plan, a Trust has been created to receive all contributions and to pay all benefits under the Plan.

The Company appoints one employee to serve as administrator of the Plan. Among the duties of the administrator are the maintenance of participant records, the determination of the right of any person to a benefit, and other various duties.

Participation

Participation in the Plan is extended to any individual who is in the service and employ of the Company. Such individuals will become a participant in the Plan upon attainment of age 18. The Plan is not available to union employees, unless they are covered by a collective bargaining agreement that provides for coverage under the Plan. Upon becoming eligible, participants may become active and make voluntary contributions to the Plan immediately upon meeting the eligibility requirement. All employees who have satisfied the eligibility requirement of the Plan are eligible for employer contributions subject to an additional requirement for the discretionary Company contribution.

Contributions

Participants' Contribution

The Plan permits voluntary pre-tax contributions by participants subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Safe Harbor Matching Company Contribution

The Company is required to make a matching contribution on behalf of each employee participating in the Plan in the amount equal to 100% of the first 3% of the participant's compensation contributed as elective deferrals plus 50% of the next 1% of the participant's compensation contributed as elective deferrals. Safe harbor matching contributions are invested in the same options as participant contributions at the participant's discretion.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Discretionary Company Contribution

The Company, at the discretion of the Board of Directors, has the option to make a discretionary Company contribution for each Plan year. To receive the contribution, employees who have met the eligibility requirement discussed previously must also be employed on the last day of the Plan year. If an otherwise eligible participant is not employed on the last day of the Plan year because of retirement, death or disability during the Plan year, the participant is eligible for a contribution.

The Board of Directors waived a discretionary Company contribution during Plan years ended December 31, 2015 and 2014. Discretionary Company contributions are invested in the same options as a participant's voluntary contributions, or at the participant's discretion for those participants not making voluntary contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's safe harbor matching and discretionary Company contributions, and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations of earnings are based on participant account balances. Additional administrative expenses are charged on a transactional basis, affecting only those employees engaging in such transactions (i.e., distribution fees). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary elective contributions plus actual earnings thereon. The participants' interest in their share of the discretionary Company contribution vest in accordance with the following schedule based on years of service (a plan year where the participant performs at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting (Continued)

The participants' interest in their share of the safe harbor matching Company contribution vest in accordance with the following schedule based on years of service (a plan year where the participant performs at least 1,000 hours of service):

Years of Service	Vesting Percentage
Less than 2 Years	0%
2 Years or More	100%

If an active participant dies prior to attaining normal retirement age, the participant's vesting percentage shall be 100%. Full vesting occurs upon attainment of normal retirement age or termination of employment due to disability.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $7,298 and $6,310, respectively. These accounts can be used to offset future Company safe harbor matching contributions at the discretion of the administrator. $6,095 and $10,553 were used to offset Company safe harbor matching contributions for the years ended December 31, 2015 and 2014, respectively.

Payment of Benefits

Benefits are payable to the participant upon:

a) death or retirement from the service of Company on or after normal retirement date (age 59½) or on account of disability;

b) upon reaching age 59½;

c) resignation or dismissal from the service of Company prior to normal retirement date; or

d) upon approved hardship event.

If the benefits are payable in the event of (a) above, the amount of benefits would be equal to the balance in the participants accounts. However, if (b), (c), or (d) is applicable, the benefits payable would be the total of the participant's own contributions, safe harbor matching contributions, and the discretionary contributions, up to the amount of the participant's vested interest in the safe harbor matching and discretionary contribution not to exceed the requested distribution amount.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

If the benefits are less than $5,000, the balance will be distributed as either a cash distribution to the participant or transferred to an eligible retirement plan, at the direction of the participant. If the participant does not elect a method of payment and the balance is greater than $1,000, it will automatically be rolled over into an Individual Retirement Account (IRA). Balances of less than $1,000 will be distributed in cash to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Benefits may be paid in either a lump sum payment or substantially equal installments over a period of time not exceeding the participant's life expectancy or the joint life expectancy of the participant and the beneficiary.

In-service withdrawals are available to participants, but funds may only be withdrawn from fully vested account balances.

The Plan also allows for in-service withdrawals of all or part of the participant's contributions balance in the case of immediate and heavy financial need (as defined). The withdrawal cannot exceed the amount required to relieve the financial need.

Administrative Expenses

The expenses of administering the Plan, including investment fees, are paid by the Plan and Plan Sponsor.

Notes Receivable from Participants

A participant may borrow at least $1,000 but no more than $50,000 or 50% of his or her vested account balance. The loans are secured by the balance in the participant's account. Loans are repayable through payroll deductions over periods ranging up to 60 months or longer if utilized to acquire a principal residence. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the note. At December 31, 2015 and 2014, interest rates on all participant loans ranged from 4.25% to 9.25%.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt Parts I and II.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plans valuation policies utilizing information provided by the insurance company and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of the investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC.

NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access;

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

NOTE 4 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,767,170	$ -	$ -	$ 1,767,170
Total Assets at Fair Value	$ 1,767,170	$ -	$ -	$ 1,767,170

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,722,452	$ -	$ -	$ 1,722,452
Total Assets at Fair Value	$ 1,722,452	$ -	$ -	$ 1,722,452

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West), the Key Guaranteed Portfolio Fund. Great-West maintains the contributions in its general account. The investment is credited with Plan contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures, layoffs, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (3) early retirement incentive programs, or (4) premature termination of the contact. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Participants may transfer their account balance to any other investment option offer under the Plan at any time with no restrictions or penalties.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by the insurance company and custodian of the Plan and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to $18,504 and $17,602 for the years ended December 31, 2015 and 2014, respectively. Other expenses of the Plan are paid directly by the Company.

Certain administrative functions are performed by officers and employees of the Company, for which no compensation is received.

NOTE 7 PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all of the Company's participants will be entitled to a distribution equal to their account balance.

NOTE 8 INCOME TAX STATUS

The Plan has adopted the Orchard Trust Company Defined Contribution Prototype Plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated the prototype plan is acceptable for use by employees under Section 401 of the IRC. The Plan itself has not requested a determination letter. However, the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
