NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Patrick S. Molak Corp 401(k) Plan (the Plan) are prepared on the accrual basis of accounting.

Income Recognition: The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are reported at current market value (net asset value), as determined by quoted prices in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in the net appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan is in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Concentration of Credit Risk: Concentration of credit risk with respect to mutual fund is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of the financial statements in conformity with U. S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a cash deferral and profit sharing plan covering all eligible employees of Patrick S. Molak Corp (the Sponsor) who have one year of service, have completed 1,000 hours of service and are age twenty one (21) or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

NOTE B - DESCRIPTION OF THE PLAN - continued

Contributions: Each year participants may elect to contribute up to 20% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified investment options offered by the Plan. The Plan Sponsor may elect to contribute a matching contribution, the amount of which is determined by the Plan Sponsor. Participants also direct the investment of any matching contribution received.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus earnings thereon. Upon completion of two full years of service, vesting in the Company's contribution portion of their account balance is at 20%, increasing by 20% each year until after six years of service when the participants' account balance becomes fully vested. If a participant terminates due to death, disability, or normal retirement, the participant becomes 100% vested in the account balance.

Benefits: Benefits are paid in a lump sum. The participant or beneficiary is entitled to a benefit equal to the vested balance and non-forfeitable interest in his account as of the distribution date.

Forfeited Accounts: Forfeited non-vested accounts totaled $-0- at December 31, 2015 and 2014. These accounts will be used to reduce future employer contributions or pay Plan expenses.

Termination of Plan: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested.

Participant Loans: Participant loans are available to all eligible actively employed participants. Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The interest rate is the prime rate, plus two percentage points. Principal and interest are repaid through salary reductions each pay period according to an amortization schedule based on the loan terms.

NOTE C – TRANSACTIONS WITH PARTIES-IN-INTEREST

Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE D – INCOME TAX STATUS

The Internal Revenue Service has determined that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax. The Plan has been amended since this determination; however, the Plan's administrator believes it is operating in accordance with applicable IRC regulations. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE D - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

	Fair Value Measurements Using			
December 31, 2015	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 666,236	$ -	$ -	$ 666,236
Total investments, at fair value	$ 666,236	$ -	$ -	$ 666,236

Mutual Funds	$ 780,869	$ -	$ -	$ 780,869

Total investments, at fair value	$ 780,869	$ 176,119	$ -	$ 956,988

There have been no changes in methodologies used to estimate fair value. Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan.

Common Collective Trusts: Valued at the NAV of units held in the bank collective trust.
