NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. DESCRIPTION OF PLAN

The following description of the Wynright 401(k) Plan & Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1992. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). With the exception of union, leased, or nonresident alien employees; Labor Company employees; and interns, any employee of Wynright (the Company) who is 21 years of age or older is eligible to participate in the Plan.

Contributions

The Plan provides for employee salary 401(k) contributions up to a maximum of 60% of compensation, as defined in the plan agreement, subject to maximum tax deferred limitations established by the Internal Revenue Code (IRC). Additionally, participants may make a separate election to defer up to 100% of any bonus compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The participants are able to change their investment options on a daily basis.

Each plan year, the employer may make a discretionary matching contribution equal to a percentage of each participant's deferred compensation, the exact percentage of which is to be determined by the employer on an annual basis. In 2015, the employer made matching contributions equal to 50% of each participant's deferral contribution up to a maximum of 6% of a participant's pre-tax compensation. The employer may also make a discretionary profit sharing contribution, but no such contribution was made in 2015 or 2014.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts can be used to reduce administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion and the profit sharing portion of their accounts is based on the following table:

1	20%
2	40%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the plan administrator. The term of the loan may not exceed 5 years or 25 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment. The Plan provides for normal retirement at age 62 and early retirement at age 55. In-service withdrawals are also allowed for employees who have reached the age of 59½. The total vested portion of a participant's account balance is generally paid in the form of a lump sum amount. Under certain conditions, participants may receive a hardship distribution.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Forfeited Accounts

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are first used to pay plan expenses and then to reduce future company contributions. Unapplied forfeitures were \$16,542 and \$19,156 as of December 31, 2015 and 2014, respectively. Employer contributions are remitted subsequent to year end. As such, forfeited nonvested accounts were used to reduce company contributions subsequent to year end in the amounts of \$16,542 in 2016 for 2015 matching contributions and \$19,156 in 2015 for 2014 matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement*. The amendments within this update removed the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. In addition, the amendments limit the disclosures required if an investment's fair value is determined using the net asset value per share practical expedient. This ASU is effective for reporting periods beginning after December 15, 2016. Early adoption is permitted and changes should be applied retrospectively to all financial statements presented. The Plan has chosen to early adopt this standard.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through September 21, 2016, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: The T. Rowe Price Stable Value Fund is a collective trust fund investment and is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the collective trust fund is based on its proportionate ownership interest in the fair value of the collective trust fund.

Self-directed brokerage accounts: Accounts consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table presents the fair value, unfunded commitments, redemption frequency, and redemption notice period for plan investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2015	2014	2015	2014		
TRP Stable Value Fund	\$ 1,862,284	\$ 2,265,852	\$ -	\$ -	Daily	None

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2015 and 2014, there were no such transfers.

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by T. Rowe Price Trust Company, the trustee of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, dividend and interest income, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. TAX STATUS

The Company adopted a volume submitter plan document from AccuDraft, Inc. This plan document received a favorable advisory letter from the Internal Revenue Service (IRS) on March 31, 2008 stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the favorable advisory letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

6. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax authority examinations for years prior to 2012.

7. RELATED PARTY TRANSACTIONS

Certain plan investments and notes receivable from participants are managed by T. Rowe Price Trust Company, the trustee and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. EXCESS CONTRIBUTIONS AND EARNINGS PAYABLE

Excess contributions and earnings payable represents amounts withheld from participants in excess of IRS limitations that are to be refunded at year end. As of December 31, 2015 and 2014, \$69,506 and \$101,564, respectively, of excess contributions and earnings thereon are required to be refunded prior to December 31 of the subsequent year. Excess contributions and earnings are netted against contributions and interest income in the statements of changes in net assets available for benefits.
