NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Lake Michigan Credit Union 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Lake Michigan Credit Union, the Plan sponsor. The Plan was established in February 1997 under Section 401(k) of the Internal Revenue Code. Employees become eligible to participate in the Plan on the first day of the calendar quarter following six months of service and attaining age 18. Upon participation in the Plan, an employee is eligible to receive a discretionary matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. Employees are automatically enrolled to defer 5% of their eligible compensation upon meeting eligibility requirements unless they elect otherwise. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan.

The Company provides a discretionary match in the amount of 50% of the first 6% of eligible compensation deferred by a participant. The Company may also elect to make a discretionary contribution to participants who are employed on the last day of the Plan year and have at least 1,000 hours of service during the Plan year.

Plan Operations

The Company has appointed a committee of officers and directors to act as Trustee, CUNA Mutual Group to act as custodian and the Company to act as Plan administrator. The Custodian is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The Trustee interprets and communicates the provisions of the Plan and ensures that all government and participant reporting requirements are fulfilled.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct all investment transactions associated with separate investment fund options made available by the employer for this purpose, as listed in the accompanying Schedule of Assets Held at End of Year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer discretionary contribution accounts is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A participant also becomes fully vested at the time of the participant's death, if the participant becomes disabled while employed, or upon attainment of normal retirement age.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments. In-service withdrawals are permitted upon attaining age 59½ and in cases of financial hardship.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0 and \$2,904, respectively. These accounts will be used to reduce future employer contributions and pay plan expenses. During 2015, employer contributions were reduced by \$23,771 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. While management believes it has consistently applied its best judgment in those areas requiring estimates, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain administrative expenses are paid from participants when participants initiate related transactions. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

For the year ended December 31, 2015, plan management has evaluated subsequent events for potential recognition and disclosure through August 18, 2016, the date the financial statements were available to be issued.

Adoption of New Accounting Standards

During 2015, the Financial Accounting Standards Board (FASB) issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Among other updates, this update eliminated the requirements for participant-directed and nonparticipant-directed investments to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by type. This standard was effective for fiscal years beginning after December 31, 2015 with early adoption permitted. The Plan elected to early adopt this standard, and the impact affected certain footnote disclosures.

During 2015, the Financial Accounting Standards Board (FASB) issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This update permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment. Further, under the amendments in this Update, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. This standard was effective for fiscal years beginning after December 15, 2016 with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The Plan elected to early adopt this standard, and the impact affected the Statement of Net Assets and certain footnote disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Financial Accounting Standards Board (FASB) has established three levels of fair value measurement with each level defined by the method used in determining fair value at the Plan's measurement date. In accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, the following is a summary of the Plan's investment valuation methods:

The mutual funds have been valued using unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Using unadjusted quoted prices for identical investments in an active market is defined as a level 1 measurement method.

The guaranteed investment contract is an annuity contract with a guarantee of principal protection with a set rate of return, backed by a life insurance company. It is valued at the net asset value of units of the investment contract. The net asset value is used as a practical expedient to estimate fair value. In order to ensure all investments categorized in the fair value hierarchy are classified using a consistent approach, these investments are not categorized in the fair value hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS AND DISCLOSURES
(CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Description of Plan Investments	Assets at Fair Value as of December 31, 2015

^(a)In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of guaranteed investment contracts managed by CUNA Mutual Group. CUNA Mutual Group is the Custodian defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any fees related to the Plan's operations.

NOTE 5 - TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 6 - INCOME TAX STATUS

The volume submitter plan used by the Plan obtained an opinion letter dated April 2, 2012, in which the Internal Revenue Service stated that the prototype plan was designed in accordance with the applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the prototype opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and the net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2015, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

NOTE 9 - SUBSEQUENT EVENTS

As of January 1, 2016, The Plan was restated to bring the Plan into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes.
