WESTAIR GASES & EQUIPMENT, INC.
PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of plan:

The following description of the WestAir Gases & Equipment, Inc. (“the Company”) Profit Sharing 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General:

The Plan is a defined contribution plan covering substantially all employees who have attained the age of 18 and who have been employed by the Company for at least three months. The Plan provides employees with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In January 2014, the Company acquired Melo’s Gas & Gear, Inc. (“Melo’s”). Effective March 1, 2015, the Melo’s 401(k) Plan was merged into the Plan. The following summarizes the net assets, at fair value, of the Melo’s 401(k) Plan that were merged into the Plan:

Investments	$2,007,505
Notes receivable from participants	69,182
Total	$2,076,687

Administration:

The Company has appointed an Investment Committee and a member of this committee has been appointed to manage the operations and administration of the Plan. Effective March 1, 2015, the Plan contracted with Fidelity Management Trust Company to process and maintain Plan records and act as trustee.

Contributions:

The Plan allows participants to defer a portion of their compensation (as defined) for income tax purposes through contributions not less that 1% nor more than 99% to the Plan, subject to limits set forth in the Code. The Company matches 100% for each dollar contributed up to an elected deferral of 2% plus 50% on the next 2% of the participant's compensation. The Company may also elect to make an additional discretionary contribution. During 2015, the Company made no discretionary contribution.

A participant may make a rollover contribution to the Plan that is not matched by the Company. Rollover contributions are assets transferred to the Plan from a qualified savings plan in which an employee participated prior to employment with the Company. Such contributions are 100% vested and nonforfeitable.

Note 1 – Description of plan (continued):

Participants' accounts:

Each participant’s account is credited with the participant’s contributions, the Company's matching contributions, benefits transferred from other plans and an allocation of the Plan’s earnings and charged with an allocation of the Plan’s losses, if any. Participants direct the investment of their account balances into various investment options offered by the Plan. Allocations of Plan earnings or losses are based on each participant’s account balance, as defined.

The benefit to which a participant is entitled upon termination of service is equal to the benefit that can be provided from the participant’s vested account.

At December 31, 2015, there were no approved benefit claims submitted by withdrawing participants that had not been paid.

Vesting:

Participants are 100% vested in their contributions to the Plan and the earnings thereon at all times. Matching contributions are generally vested at 20% per year beginning after two years of credited service. The portion of the participant’s account attributable to the Melo’s 401(k) “pre 3/1/15” match contributions are vested at 20% per year beginning after one year of credited service.

Participant loans:

The Plan permits participants to borrow funds from their accounts pursuant to limitations applied by ERISA, subject to the approval of the Trustee. The amount that may be borrowed ranges from a minimum of $1,000 to a maximum of the lesser of $50,000 or one-half of the sum of the vested and non-forfeitable interest in the participant's account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Company generally set at rates comparable to those currently used by lending institutions. At December 31, 2015, outstanding loan amounts bear interest at the annual rate of 4.25% and loan terms generally range from 1 to 5 years. Principal and interest is paid ratably through payroll deductions.

Payments of benefits:

Upon termination of employment, participants are entitled to receive payments of their vested benefits. The payments may be taken through a lump sum payment or certain types of annuities. All methods of payment have equivalent values.

Forfeitures:

Any participant who terminates employment prior to the normal retirement date forfeits all non-vested employer contributions. Forfeitures are retained by the Plan and serve to reduce employer contributions. During 2015, employer match contributions of $16,710 were paid from forfeited amounts. As of December 31, 2015, the remaining forfeiture balance was approximately $11,000.

Note 1 – Description of plan (concluded):

Hardship withdrawals:

Participants may withdraw all or a percentage of their account balances attributable to their own contributions upon approval of the Trustee and subject to Internal Revenue Service hardship withdrawal rules. After making a withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of withdrawal.

Note 2 – Summary of significant accounting policies:

Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Date of management's review:

Subsequent events were evaluated through September 7, 2016, which is the date the financial statements were available to be issued.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net increase/decrease in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest.

Benefit payments:

Benefits are recorded when paid.

Recent accounting pronouncement:

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.

Note 2 – Summary of significant accounting policies (concluded):

Recent accounting pronouncement (concluded):

Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Note 3 – Fair value measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values, in an active market, of the shares as reported by the fund.

Level 2 Fair Value Measurements

The fair value of money market funds and pooled separate accounts are based on other observable inputs, including quoted prices for similar securities.

Level 3 Fair Value Measurements

The fair value of the Guaranteed Certificate Funds is based on the amount plan participants or plan sponsor would receive currently if they were to withdraw, or transfer funds within the Plan, prior to their maturity.

Note 3 – Fair value measurements (continued):

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

		Fair value measurements at the end of the reporting period using:		
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Un-Observable Inputs (Level 3)
December 31, 2015				
Mutual funds	$12,486,007	$12,486,007		
Government money market funds	124,497		$ 124,497	
Totals	$12,610,504	$12,486,007	$ 124,497	
December 31, 2014				
Mutual funds	$ 438,234	$ 438,234		
Pooled separate accounts	10,785,249		$10,785,249	
Guaranteed certificate fund	449,284			$449,284
Totals	$11,672,767	$ 438,234	$10,785,249	$449,284

The following table provides further details of Level 3 fair value measurements:

	Guaranteed Certificate Fund	
	December 31, 2015	December 31, 2014
Beginning balance	$449,284	$532,747
Total interest, gains or losses	2,820	6,657
Purchases		79,653
Sales and settlements	(452,104)	(169,773)
Ending balance	$	$449,284
Unrealized gains or losses	$	$ 2,681

Note 3 – Fair value measurements (concluded):

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015, are reported in net decrease in fair value of investments.

Note 4 - Tax status:

Effective March 1, 2015, the Plan adopted a Fidelity Volume Submitter Plan document, which had received a favorable advisory letter from the Internal Revenue Service ("IRS"), dated March 31, 2014. Prior to March 1, 2015, the Plan was operated under a document which had received a favorable opinion letter from the IRS dated March 31, 2008. Although the plan documents have been amended since receiving the respective determination letters, the Plan administrator and the Plan's tax counsel, believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code, and therefore, believe that the Plan is qualified and the related trust is exempt from income tax.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 5 - Administrative expenses:

Certain specific costs, such as participant loan administrative fees, are charged to the participants' account. Plan investment advisor fees, record keeping fees and certain other Plan administrative expenses are paid, pursuant to a revenue sharing agreement, out of fees received from mutual fund companies whose funds are offered as investment choices to Plan participants. Other administrative expenses are absorbed by the Company.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Information certified by trustees:

Fidelity Management Trust Company, Principal Life Insurance Company and Principal Trust Company, the Plan's trustees, have certified as to the completeness and accuracy of the following information which has been incorporated into the accompanying financial statements and supplemental schedule:

Statements of net assets available for benefits:	2015	2014
Investments, at fair value	$12,610,504	$11,672,767

Statement of changes in net assets available for benefits:	2015
Net decrease in fair value of investments	$ (643,243)
Interest and dividends	$ 617,026

Schedule of assets (held at end of year)

Note 8 - Related party transactions:

Certain Plan investments are in shares of mutual funds managed by Fidelity Management Trust Company ("FMTC') a trustee as defined by the Plan. Until February 28, 2015, certain Plan investments were in shares of pooled separate accounts managed by PLIC which was a trustee as defined by the Plan. Any purchases and sales of these shares are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Administrative fees paid by the Plan to FMTC and to PLIC amounted to approximately $4,000 and $6,000, respectively, in 2015.

Note 9 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
