The participating employers are: First Bank Texas SSB, First National Bank of Weatherford, First Security Bank of Beaver and Sharp BancSystems, Inc. The plan year is the twelve months ending December 31. The Plan is established to comply with Internal Revenue Code Sections 401 and 501. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Board of Trustees are responsible for the oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Participants can make elective contributions through salary deductions of their compensation, as defined in the Plan, not to exceed the maximum Internal Revenue Service (IRS) limits. Each year, the employer can make matching contributions equal to a discretionary percentage of the participant's salary reductions and an additional profit sharing contribution. There was no employer match for the years ended December 31, 2015 and 2014. Rollover contributions are allowed if they meet certain requirements of the Plan.

Participant Accounts

Each participant's account is credited with contributions and related earnings from their investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching contribution to their accounts is based on years of service, as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

NOTE 1: DESCRIPTION OF PLAN (continued)

Participant Loans

Participant loans are not permitted under the plan.

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant will receive benefits as a lump-sum amount equal to the value of the vested interest in his or her account. If the vested benefit upon termination of employment in the Plan does not exceed $1,000, then the balance will be distributed automatically. Otherwise, distributions are made at the participant's election.

The normal retirement age is the date a participant attains his 65th birthday. If a participant has reached age 59 ½, distributions may be made, at the participant's election, from accounts that are 100% vested, without requiring the participant to terminate employment. Hardship distributions may be made under certain circumstances from accounts that are 100% vested.

Forfeited Accounts

Forfeitures of employer contributions will first be used to pay administrative expenses. Forfeitures of matching contributions will be used to reduce the employer's matching contribution under the Plan. Any remaining forfeitures will be added to discretionary employer contributions. There were no forfeitures for the years ended December 31, 2015 and 2014.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through September 9, 2016, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting. This amendment clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts (FBRICs), therefore eliminating the requirement to measure fair value and present related fair value measurement disclosures but, instead, present FBRICs at contract value. This amendment also simplifies the level of disaggregation for investments measured using fair value, eliminates the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and eliminates the requirement to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. This new amendment will be effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted and the Plan early adopted this amendment in 2015 and applied it retrospectively to years ended December 31, 2015 and 2014. This guidance did not have a significant impact to the Plan's financial statements.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE

Other than contributions receivable, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank (the trustee of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarch gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarch under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The proceeding method described may produce a fair value calculation that may not be indicative of net realization value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The following table sets for the by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual Funds	$ 2,206,752	$ -	$ -	$ 2,206,752
Total investments at fair value	$ 2,206,752	$ -	$ -	$ 2,206,752

	Assets at Fair Value as of December 31, 2014			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual Funds	$ 2,135,769	$ -	$ -	$ 2,135,769
Total investments at fair value	$ 2,135,769	$ -	$ -	$ 2,135,769

NOTE 5: RELATED PARTY AND PARTY IN INTERST TRANSACTIONS

Certain Plan investments in mutual funds are managed by Charles Schwab Bank, the custodian of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

NOTE 7: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
