General:

The Plan is a participant directed, defined-contribution plan that became effective on January 1, 2001. The Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent statutory revisions thereto, was created for the benefit of all eligible employees of Sunshine Minting, Inc. (the Company). The Plan is sponsored by the Company and administered by an outside party.

Eligibility:

Employees who have completed three months of service and have attained the age of 18 are eligible to participate in the Plan. Ineligible employees are: (1) employees whose employment is governed by the terms of a collective bargaining agreement; and (2) employees who are nonresident aliens and do not receive any earned income from the employer which constitutes income from sources within the United States.

Contributions:

Participants may contribute up to 100% of pretax annual compensation, up to a maximum amount allowed by the Internal Revenue Code (IRC), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds, a collective investment trust, and a money market fund as investment options for participants.

The Company may make discretionary matching contributions which are allocated to the participants' accounts based on a formula as determined by the board of directors. During 2015, the Company matched employee deferrals, up to 6% of eligible compensation. The Company may also make discretionary profit sharing contributions. There were no profit sharing contributions made to the Plan during 2015.

An employee must be employed by the Company on the last day of the year in order to receive the Company's discretionary contributions.

Contributions are subject to regulatory limitations.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Participant Accounts:

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contribution and the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. Allocations of the Company's discretionary contributions are determined annually by the board of directors of the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A participant is 100% vested in their voluntary contributions plus actual earnings thereon. A participant becomes 100% vested in the employer contributions once three years of service have been completed. Also, participants become 100% vested upon retirement, death, or disability.

Forfeitures:

Forfeitures of non-vested portions of participant accounts may be used to either reduce employer contributions or to pay plan expenses. There were no forfeitures used during 2015. Forfeitures available to reduce future employer contributions or pay plan expenses as of December 31, 2015 amounted to \$1,898. There were no forfeitures available as of December 31, 2014.

Payment of Benefits:

Participants are eligible to receive benefits equal to the value of the vested interest in his or her account upon termination of employment, attaining the age of 59 ½, or as hardship withdrawals subject to certain requirements. Benefits are paid under various options as defined in the Plan.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Plan Termination:

Although it has not expressed intent to do so, the employer has the right at any time to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participant accounts become fully vested.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Recent Accounting Pronouncements:

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*.

ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). The Plan has elected to adopt this guidance for the Plan year end December 31, 2015. The Plan did not have any investments valued using the NAV practical expedient method as of December 31, 2014.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. The ASU removes the requirements to disclose:

- Fully benefit-responsive investment contracts at fair value. They may be presented at contract value.
- Individual investments that represent 5 percent or more of net assets available for benefits.
- Net appreciation or depreciation for investments by general type of investment held.
- Disaggregated investments in the fair value hierarchy table by class of investment. They may be presented by general type.
- Investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the Plan year ended December 31, 2015. The retrospective approach requires the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment Valuation:

Investments are reported at fair value and contract value. The Plan's custodian, TD Ameritrade Trust Company, certifies the contract value of the collective investment trust and the fair market value of all other investments. If available, quoted market prices are used to value investments.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation (Continued):

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition:

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of Benefits:

Benefits are recorded when paid.

NOTE 3. RISKS AND UNCERTAINTIES

The Plan provides for investment in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access; |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs without quoted market prices that are observable for the asset or liability; and inputs that are derived from corroborated observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Money market fund - The money market fund is valued at cost, which approximates fair value.

Collective investment trust - Units held in the collective investment trust (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on a compilation of primarily observable market information.

NOTE 5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 16, 2010, which stated the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income for examinations for years prior to 2012.
