NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Pet Supplies Plus, LLC 401(k) Plan* (the “Plan”) provides only general information about the Plan’s provisions. Pet Supplies Plus, LLC (the “Company”) is the Plan Sponsor. Participants should refer to the Plan document and summary Plan agreement for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan Sponsor.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of the Company who have at least six months of service and are age 18 or older.

Great-West Trust Company, LLC is the custodian and recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute the maximum allowed by law. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants are not permitted to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributes 100% up to the first 3% of the compensation that a participant contributes to the Plan and an additional 50% of the contributions between 3% and 5% of the compensation that a participant contributes to the Plan. Profit-sharing contributions may be contributed at the discretion of the Company. Generally, participants must be employed on the last day of the plan year and complete at least 1,000 hours of service during the year to be eligible for an allocation of profit-sharing contributions. No such profit sharing contributions were made in 2015 or 2014.

All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. The Company’s contributions are allocated in the same manner as that of the participant’s elective contributions. The Plan currently offers mutual funds and an investment contract with an insurance company as investment options for participants.

Contributions received from participants for 2015 and 2014 are net of payments of \$1,754 and \$1,893, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan reimbursed these excess deferral contributions to the participants in 2016 and 2015, respectively. These amounts are recognized in the Plan’s 2015 and 2014 statements of net assets available for benefits as “excess contributions payable”.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of the Company's profit-sharing contributions, if any, and plan earnings, and is charged with an allocation of administrative expenses. Participants who initiate a benefit payment are charged a fee for the transaction. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor matching contributions plus actual earnings thereon. Participants vest in discretionary employer contributions in accordance with the following schedule:

Years of Service	Percentage
Less than two	-
Two but less than three	20
Three but less than four	40
Four but less than five	60
Five but less than six	80
Six or more	100

Participant Loans

The Plan does not allow for participant loans.

Payment of Benefits to Participants

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant may elect to receive a lump-sum payment of their vested account balance. A participant whose vested account balance exceeds \$5,000 may elect to delay receipt of the lump-sum payment. A participant whose vested account balance is \$5,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. In addition, no salary deferrals are permitted for at least six months after the receipt of the hardship distribution.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

Forfeited nonvested accounts are used as additional discretionary non-elective contributions or used to reduce future employer cash contributions or to pay Plan expenses. Employer cash contributions were reduced by \$5,281 from forfeited nonvested accounts in 2015. No forfeitures were used during 2014 to reduce employer contributions or to pay Plan expenses. Unallocated forfeitures at December 31, 2015 and 2014 were \$4,590 and \$6,810, respectively.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Expenses paid by the Company qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. Expenses that are paid directly by the Company are excluded from these financial statements. Administrative expenses of the Plan include recordkeeping, custodial, and audit fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Participants are charged directly for fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earnings on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as an addition to net depreciation or a reduction of net appreciation in the fair value of such investments.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become the obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts as reported in the 2014 financial statements have been reclassified to conform with the 2015 presentation.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II early and, other than the change to disclosures and measuring the fully benefit-responsive contracts at contract value only, the early adoption of this standard did not have a material impact on the financial statements.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through September 19, 2016, the date these financial statements were available to be issued. The Plan was amended on January 1, 2016, subsequent to year end. The most significant change was to eligible compensation which excludes fringe benefits, bonuses, and overtime.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, (2) the December 31, 2015 schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2015 and 2014, and (4) the information presented in Note 4. Should the Plan desire to remove an investment option, they are required to provide all participants a minimum of 30 days' notice prior to doing so.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2015	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds (equal to total investments at fair value)	\$ 4,777,605	\$ -	\$ -	\$ -	\$ 4,777,605
2014	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds (equal to total investments at fair value)	\$ 3,993,965	\$ -	\$ -	\$ -	\$ 3,993,965

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company ("Great West"). These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contracts. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- 2) Premature termination of the contracts.
- 3) Plan termination or merger.
- 4) Changes to the Plan's prohibition on competing investment options.
- 5) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- 1) An uncured violation of the Plan's investment guidelines.
- 2) A breach of material obligation under the contract.
- 3) A material misrepresentation.
- 4) A material amendment to the agreements without the consent of the issuer.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan held units of funds and holds investment contracts managed by Great-West Trust Company, LLC, the custodian of the Plan. Expenses for the audit fee are paid by the Plan to an independent auditing firm. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for the custodial, record keeping, and independent auditing services amounted to \$12,618 and \$2,152 for 2015 and 2014, respectively.

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. TAX STATUS

The Company's Board of Directors adopted the Great-West Trust Company, LLC Defined Contribution Prototype Plan and Trust document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, no further contributions will be made to the Plan, and all amounts will be distributed as soon as practicable. Additionally, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

The Company was untimely in remitting certain participant contributions in the amount of \$55 for the year ended December 31, 2014. Late transmission of participant contributions constitutes a prohibited transaction under ERISA section 406, regardless of materiality. The Company remitted the 2014 delinquent participant contributions, as well as the related Company matching contributions of \$29 and reimbursed the Plan for lost earnings in 2015. Delinquent participant contributions of \$64,010 and lost earnings of \$7,434 for Plan years 2011 through 2013 were remitted in 2014.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds and an investment contract with an insurance company with underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that

PET SUPPLIES PLUS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
