NOTE A - DESCRIPTION OF PLAN

The following description of the Weir's Retirement Plan ("Plan") provides only general information. The plan sponsor is Weir's Furniture Village, Inc. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on and effective as of April 1, 1994 and last amended May 1, 2012. The Plan is a qualified defined contribution plan covering all employees of the Company who have six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). July Services acts as record keeper and third party administrator of the Plan. Mid Atlantic Trust Company is the custodian of the plan.

Allocations

Assets of the Plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participants account and any earnings thereon.

Contributions

Each year, participants may contribute up to annual federally-defined limits. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. At the discretion of the Company's Board of Directors, the Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations. The Company elected not to make a contribution to the plan in the current year.

Vesting

Participants are immediately vested in their contributions and applicable Company contributions plus actual earnings thereon.

Disposition of Forfeitures

Forfeitures, if any, are used to pay Plan expenses in the year they occur. Forfeitures for the year ended December 31, 2015 were $1,131.

Distributions

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum distribution or, at the participation's election, in annual installments. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participants' vested account in a lump-sum.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Accounts
The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan gains and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment Options
Upon enrollment in the Plan, participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan. Participants may direct their contributions into one or more mutual funds and a money market fund.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions and distributions would be made as soon as administratively practicable after the Plan terminates.

Participant Notes Receivable
Participants may borrow from their fund accounts, for certain hardship needs, up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The term of the loan may not exceed 5 years except for the purpose of purchasing a primary residence. The loans are secured by the balance in the participant's account.

The loans bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2015 and 2014, the Plan had loans receivable from participants with principal balances totaling $192,809 and $189,346, respectively, which are included in the accompanying Statements of Net Assets Available for Benefits.

Participant Rollovers
Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the Plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity.

Basis of Presentation and Use of Estimates
The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the Plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Plan Expenses
Plan expenses are paid by both the Company and the Plan.

Payment of Benefits
Benefits are recorded when paid.

Contributions
Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Investments
Fair value of investments in mutual funds is determined by the funds' managers using quoted market values for each fund's investments. Income on investments is recorded as earned. Purchases and sales of investments are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal. Interest income is recorded when collected. No allowance for credit losses has been recorded at December 31, 2015 or 2014.

NOTE C – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

NOTE E - INCOME TAX STATUS

Weir's Retirement Plan has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from July Business Services which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. Management Committee of Weir's Retirement Plan and Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for tax periods in progress. Penalties and interest, if incurred) are included in other expense on the statement of net assets available for benefits. Under normal circumstances, the Federal tax returns for the three preceding years remain open and subject to examination by the Internal Revenue Service.

NOTE F - FAIR VALUE MEASUREMENTS

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Input to valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31 2015 and 2014.

Asset type	Proposed Level	Rationale
Mutual funds (including Money Market funds)	Level 1	Mutual funds are priced and trades executed published net asset value daily, or the public offering price for accounts trading under rights accumulation (ROA). The net asset value or POP is widely available from a variety of pricing services, including Yahoo and Google Finance.

For the years ended December 31. 2015 and 2014, the Plan's investments in mutual funds appreciated (depreciated) in value by $(252,898) and $76,996, respectively. The carrying value of notes receivable from participants and accounts payable approximate their fair values at December 31, 2015 and 2014, respectively.

NOTE G – CONCENTRATION OF RISKS

Financial instruments subject to credit risk consist primarily investment securities and participant notes receivable.

Investment Securities
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants
As previously stated, participant notes receivable are secured by the balance in the participant's account. Consequently, management considers any risk of collectability to be very unlikely. However, if such events should occur, the loss would be limited to the balance reported in the statement of net assets available for benefits at year end.

NOTE H – PARTY IN INTEREST TRANSACTIONS

The Plan invests in mutual funds through Mid Atlantic Trust Company, the Plan's custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the Custodian's administration of the Plan are paid by the Plan. Other administration fees are paid by the Plan or the Plan sponsor on behalf of the plan.

NOTE I – DATE OF MANAGEMENT'S REVIEW

The Plan administrator has evaluated subsequent events through date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
