SKIDMORE, OWINGS & MERRILL LLP 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Skidmore, Owings & Merrill LLP 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a qualified profit-sharing plan extending to all partners and employees upon completion of minimum age and service requirements (the "Participants") of Skidmore, Owings & Merrill LLP (the "Firm"). Under the Plan, the partner/employee becomes an eligible Participant on the first day of the month following the completion of one month of service after attaining age 21 or more. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Firm's 401(k) savings plan administrative committee (the "Plan Administrator"). A trust fund (the "Trust") has been established for the purpose of holding and investing all of the assets of the Plan. The trustee of the Plan is Fidelity Management Trust Company ("Fidelity"). The trustee's fees are paid by the Plan and are reflected in the Plan's financial statements.

Participant Contributions. The Plan permits Participants to contribute a percentage of their pretax earnings and/or a percentage of their post-tax net earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code. A Participant's earnings consist of total cash compensation of an employee including bonuses and overtime pay in a plan year. A Participant's net earnings are comprised of earnings less all taxes and other deductions from gross earnings.

The Plan includes an auto-enrollment provision whereby employees are auto-enrolled in the Plan on the first entry date upon meeting the eligibility requirements at a contribution deferral rate of 6%, unless they affirmatively elect otherwise.

The Plan accepts rollovers and transfers as defined in the Plan document. Rollover contributions consist of contributions from other employers' plans, which employees have elected to include with the Firm's Plan.

Firm Contributions. Discretionary profit sharing contributions and/or matching contributions may be declared at the option of the Firm. Any profit sharing or matching contributions declared are made within six months of the close of the fiscal year. To be eligible, all employees must complete one year of eligibility service, as defined, and be employed by the Firm as of the calendar year end. Employees do not need to make voluntary contributions to the Plan to be eligible for a profit sharing contribution. The Firm made profit sharing contributions of $769,640 for the year ended December 31, 2015.

Participants' Accounts. Each Participant's account is credited with the Participant's contributions and allocations of the Firm's discretionary contributions and Plan earnings, and charged with an allocation of administrative expenses.

Investment Options. Participants can fully direct their account balances among the various investment funds offered by the Plan. Participants may change their investment options on a daily basis. Additionally, any participant with an account balance greater than $50,000 can self-direct their investments ("Self-Directed Accounts").

Vesting. Participants are fully vested in their Firm contribution accounts upon the earliest to occur of death, attainment of age 65, completion of three years of service or permanent disability. Participants are always fully vested in their salary reduction contribution, rollover contribution and voluntary contribution accounts.

Notes Receivable From Participants. Subject to the approval of the Plan Administrator, a Participant may borrow up to the lesser of $50,000 or 50% of the Participant's vested account balance. The minimum amount of the loan is $1,000. The interest rate is established by the Plan Administrator based on the rates that would be charged by financial institutions in the business of providing loans at the time of the loan. The interest rate is fixed over the life of the loan. Loans must be paid back within five years, with both principal and interest payments credited to the Participant's account.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Benefits. Upon termination, death, retirement or resignation, a Participant may elect to withdraw his or her balance in a lump sum or in periodic installments. Participants may also withdraw their vested account balances upon attaining age 59-1/2. Participants may also obtain hardship withdrawals of their vested account balances.

Forfeitures. Forfeited non-vested accounts totaled approximately $5,800 and $19,700 as of December 31, 2015 and 2014, respectively. These accounts will be used to pay certain Plan expenses and/or reduce future Firm contributions; $61,667 of Plan expenses were paid with forfeited non-vested funds for the year ended December 31, 2015.

Concentration of Credit Risk. Substantially all of the Plan's investments are held by Fidelity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses, including functions performed by officers or employees of the Firm, are provided by the Firm at no charge to the Plan, and the Firm's management has no plans to obtain reimbursement of these expenses from the Plan.

Recent Pronouncements. The Plan early adopted the provisions of ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* As a result, certain investments for which fair values are measured using the net asset value per share as a practical expedient are no longer subject to categorization within the hierarchy table (Note 4). In addition, ASU 2015-07 removed the requirement to make certain disclosures for all investments that are eligible to be measure at fair value using the net asset value per share practical expedient.

The Plan early adopted the provisions of ASU 2015-12, *Plan Accounting*. Part I of ASU 2015-12 requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Under Part II of ASU 2015-12, certain disclosures regarding plan investments no longer required, such as the disclosure of individual investments that exceed 5% of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type. Other disclosures regarding plan investments have been simplified and require investments to be grouped only by general type rather than on the basis of nature, characteristics, and risks.

SKIDMORE, OWINGS & MERRILL LLP 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified certain information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments, interest and dividends and loan interest, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Note 4: All investment balances.
- Supplemental schedule - All balances.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014, except as it relates to the early adoption of ASU 2012-07 and ASU 2015-12.

Mutual Funds. Valued at quoted market price reported on the active market on which the mutual funds are traded.

Common Stocks. Valued at the closing price reported on the active market on which the individual securities are traded.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Common Collective Trust. The stable value fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust ("NAV"). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	Total

SKIDMORE, OWINGS & MERRILL LLP 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – PLAN TERMINATION

Although the Firm has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA and the Plan document. In the event of Plan termination, all participants will automatically become fully vested in all their accounts and Fidelity will distribute participant assets.

NOTE 6 – EXEMPT PARTY-IN-INTEREST

Certain Plan investments are managed by Fidelity or an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated April 17, 2012, that the Plan is qualified and the Trust established under the Plan is tax exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain balances included on Schedule H Part I and II on the Annual return/report of employee benefits plan ("Form 5500") have been reclassified for purposes of presentation in the financial statements.

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2015, to Schedule H of Form 5500:

	Amount
Increase in net assets available for benefits per the financial statements	$ 1,465,138
Market valuation adjustment on common/collective trust for year ended December 31, 2014	(178,795)
Increase in net assets available for benefits per Form 5500	$ 1,286,343

NOTE 10 – SUBSEQUENT EVENTS

The Plan's management has evaluated all known subsequent events from December 31, 2015 through August 31, 2016, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
