### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Retirement Plan Committee  
Glasforms, Inc. 401(k) Plan

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2015 and 2014 and the changes in net assets for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

### **Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## Notes to Financial Statements

### Note 1 - Plan Description

The following description of the Glasforms, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering substantially all employees of Glasforms, Inc. (the "Company") who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - The Plan provides for employee 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. The Plan provides an option for participants to contribute on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for discretionary employer matching contributions to a participant's account. Prior to June 30, 2015, the Company made matching contributions equal to 100 percent of the first \$1,000 deferred by participants and matched 50 percent of the next \$1,000 of participant deferrals, to a maximum of \$1,500 per participant. Participants eligible for this contribution were required to be employed on the last day of the plan year to receive the match. Effective July 1, 2015, the Company changed its matching calculation to provide a matching contribution each payroll period equal to 100 percent of the first 3 percent and 50 percent of the next 3 percent of the participant's eligible deferred compensation.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

**Vesting** - Participants are immediately vested in employee contributions and any related income or loss. Prior to June 30, 2015, vesting in the Company's contribution portion of the participants' accounts, plus actual earnings thereon, was based on years of service. Participants vested in contributions made by the Company 20 percent after two years of service and an additional 20 percent per year thereafter until they became fully vested after six years of service. Effective July 1, 2015, the Company's contribution portion of participants' accounts vests immediately.

**Participant Notes Receivable** - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

# Glasforms, Inc. 401(k) Plan

## Notes to Financial Statements

### Note 1 - Plan Description (Continued)

**Benefit Payments** - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

**Forfeitures** - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay plan administrative expenses and reduce future company contributions. At December 31, 2015 and 2014, the forfeiture account in the Plan totaled \$15,204 and \$19,438, respectively. Forfeitures used to offset company contributions totaled \$13,612 during the year ended December 31, 2015.

**Party-in-interest Transactions** - Certain plan assets are in investment funds managed by John Hancock Trust Company (the "Custodian") or its affiliates. These transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

**Termination** - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become fully vested in their account balances.

### Note 2 - Summary of Significant Accounting Policies

**Basis of Accounting** - The financial statements of the Plan are prepared using the accrual basis of accounting.

**Recently Adopted Accounting Standards** - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2015-07). ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The amendments also limit certain disclosures for investments for which the entity has elected to measure at fair value using the net asset value per share practical expedient. This standard was early adopted and applied retrospectively and had no impact on the Plan's net assets or changes in net assets.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I designates contract value as the only required measure for fully benefit-responsive investment contracts (FBRIC). Part II simplifies the investment disclosure requirements under ASC Topic 820 and ASC Topic 962 for employee benefits plans. Part III provides an alternative measurement date for fiscal periods that do not coincide with a month-end date. This standard was early adopted and applied retrospectively.

## Notes to Financial Statements

### Note 2 - Summary of Significant Accounting Policies (Continued)

The Plan holds the Anchor Account, which is comprised of the New York Life Insurance Company's pooled separate account, and this investment meets the criteria for measurement and presentation at net asset value per share or its equivalent. The statement of net assets available for benefits and Note 3, Fair Value Measurements, as of December 31, 2014 have been changed to conform to the disclosure presented for the year ended December 31, 2015. This change resulted from a clarification on indirect investments in fully benefit-responsive investment contracts within ASU No. 2015-12. There was no impact on the total net assets presented in the statement of net assets available for benefits or in the statement of changes in net assets available for benefits as a result of this change.

**Reclassifications** - Certain reclassifications of the prior period amounts and presentation have been made to conform to the presentations for the current period as a result of the recently adopted accounting standards.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Benefit Payments** - Benefits are recorded when paid.

**Administrative Expenses** - Various administrative costs are paid by the Company or by the Plan.

**Participant Notes Receivable** - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

**Investment Valuation and Income Recognition** - Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Mutual funds are valued at the closing price reported in the active market in which the securities are traded. See Note 3, Fair Value Measurements, for further discussion and disclosures related to fair value measurements.

The Anchor Account is a pooled separate account made available to participating plans through a group annuity contract. The group annuity contract is an investment contract that is benefit-responsive, meaning it provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan.

### Note 2 - Summary of Significant Accounting Policies (Continued)

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Subsequent Events** - The financial statements and related disclosures include evaluation of events up through and including July 14, 2016, which is the date the financial statements were available to be issued.

Effective July 1, 2016, the Glasforms, Inc. Retirement Plan was merged into the Plan. Accordingly, all participants and related account balances were transferred into the Plan.

### Note 3 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. In accordance with Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

**Level 1** - Fair value is based on quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets or liabilities.

**Level 2** - Fair value is based on inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rate and yield curves that are observable.

**Level 3** - Fair value is based on unobservable inputs for the assets or liability. Level 3 inputs include the Plan's management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

# Glasforms, Inc. 401(k) Plan

## Notes to Financial Statements

### Note 3 - Fair Value Measurements (Continued)

The Plan's investments are stated at fair value. Mutual funds are valued based on quoted active market prices and are classified within Level I of the valuation hierarchy. The Plan holds interests in a stable value fund, which consists of an investment in the Anchor Account, which is not traded in an active market, and is valued at the net asset value per share of the fund.

The fair values of the Plan's investments at December 31, 2015 and 2014, by asset category, are as follows:

#### Assets at Fair Value at December 31, 2015

|                                                                              | Total               | Quoted Prices<br>(Level I) |

|------------------------------------------------------------------------------|---------------------|----------------------------|
| Mutual funds                                                                 | \$ 2,756,240        | <u>\$ 2,756,240</u>        |

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2015.

#### Investments in Entities that Calculate Net Asset Value per Share

The New York Life Insurance Company Anchor Account (the "Stable Value Fund") is invested in high-quality fixed-income securities. It seeks to provide a low-risk stable investment, offering competitive yields and limited volatility, with guarantee of principal and accumulated interest. There were no unfunded commitments related to the Anchor Account.

## **Glasforms, Inc. 401(k) Plan**

### **Notes to Financial Statements**

#### **Note 3 - Fair Value Measurements (Continued)**

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals and transfers resulting from certain events, including employer initiated events, may limit the ability of the fund to transact at contract value. These events may cause liquidation of all or a portion of a contract at market value. The plan administrator believes that the occurrence of any event which would limit the Plan's ability to transact at contract value is not probable. Furthermore, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

#### **Note 4 - Tax Status**

The Plan obtained its latest determination letter on March 14, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Company has applied for a new determination letter and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is no longer subject to income tax examinations for years prior to 2012.
