Independent Auditor's Report

To the Administrative Committee
Malco Products, Inc. Incentive Savings Plan and Trust
Barberton, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malco Products, Inc. Incentive Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Newport Trust Company and Wilmington Trust, the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from the trustees as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter – Supplemental Schedule

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

1. Description of the Plan

The following description of the Malco Products, Inc. Incentive Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Malco Products, Inc. (the Company) who are not leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015, the Plan was amended to include an automatic contribution arrangement. Unless a new participant elects not to make deferrals or elects to defer a different amount, the initial automatic deferral amount of 3% of compensation will be withheld for each pay period. The automatic deferral amount will increase by 1% of compensation at the beginning of each subsequent plan year up to a maximum of 5% of compensation.

Contributions

Participants can elect to have from 1% to 50% of their pre-tax and/or post-tax annual compensation contributed to the Plan, subject to limits set by the Internal Revenue Service (IRS). The Company currently makes a discretionary matching contribution equal to 50% of a participant's contribution, up to 7% of the participant's base compensation. The Company may, at the discretion of its board of directors, make additional voluntary profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as a transfer between the investment fund and the note account. Note terms range from one to five years or more for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of benefits

Upon death, disability, retirement or termination of services, a participant or beneficiary may receive a lump-sum amount equal to the vested value of the participant's account, or receive installment payments.

Forfeited accounts

Forfeitures relating to employer matching contributions remain within the Plan and are used to reduce future employer contributions and administrative expenses. Total amounts forfeited during the years ended December 31, 2015 and 2014, amounted to \$23,420 and \$17,348, respectively. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$6,657 and \$5,519, respectively.

Plan expenses

Substantially all Plan expenses are paid by the Company.

2. Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared using the modified cash basis of accounting. The modified cash basis of accounting reports financial information on a cash basis, except that investments are adjusted to fair value. The modified cash basis of accounting, which is permitted under the Department of Labor's Rules and Regulations, is a comprehensive basis of accounting other than accounting principles generally accepted in the United States.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets

Notes to Financial Statements

categorized within the fair value hierarchy to the amounts presented in the financial statements. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan has adopted this Update for the 2015 Plan year. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient - consensus of the Emerging Issues Task Force*. The amendments in this update (1) require a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplify and increase the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provide benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, *Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets*. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Part I and Part II of this Update for the 2015 Plan year. The adoption of Part I impacted the Statement of Net Assets Available for Benefits as the common collective trust is no longer reflected as a fully benefit-responsive investment contract, and as such, the investment is now measured at fair value without an adjustment to contract value. Other than the elimination of the certain disclosures, the early adoption of Part II of the ASU did not have a material impact on the financial statements.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Notes to Financial Statements

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Events occurring after reporting date

The Company has evaluated subsequent events through September 13, 2016, the date the financial statements were available to be issued. In compliance with applicable accounting standards, all material subsequent events have been either recognized in the financial statements or disclosed in the notes to the financial statements.

3. Investments - unaudited information

All investment and participant notes receivable information disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes receivable held at December 31, 2015 and 2014, net (depreciation) appreciation in fair value of investments, and interest and dividend income for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Newport Trust Company and Wilmington Trust, the trustees. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

4. Fair value measurements

Accounting Standards Codification (ASC) 820 Fair Value Measurement and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Malco Products, Inc. Incentive Savings Plan and Trust

Notes to Financial Statements

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Shares of registered investment companies: Valued at the net asset value of shares held by the Plan at year-end.

Common collective trust: Valued at the net assets value (NAV) of the units held by the Plan at year-end. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of the underlying investments is to simulate the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

In determining the reasonableness of the methodology, the Plan's Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits – Modified Cash Basis.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Notes to Financial Statements

6. Income tax status

The Internal Revenue Service ruled on March 31, 2008, that the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust was not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of financial statement to Form 5500

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements at December 31, 2015 to the Form 5500:

<i>December 31,</i>	2015
Net decrease in net assets available for benefits per the financial statements	\$ (442,064)
