AVNET 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

(1) Description of the Plan

The following description of the **Avnet 401(k) Plan** (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- A. **General** – On July 1, 1991, Avnet, Inc. (the "Company") adopted the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a contributory profit-sharing plan under Section 401(a) of the Internal Revenue Code of 1986 (the Code), and provides for salary deduction contributions under Section 401(k) of the Code. In general, plans established pursuant to Section 401(k) of the Code permit eligible employees to defer current federal and, subject to applicable laws, state, and local income taxes on the portion of their current compensation represented by the amount of salary deduction elected. Contributions, however, are subject to Social Security taxes. The amounts elected by employees are contributed to the Plan by the Company through payroll deductions.

The Plan is administered by the 401(k) Plan Committee of the Company. The Plan's assets are held in trust with Fidelity Management Trust Company (Fidelity).

- B. **Participation** – The Plan covers substantially all domestic employees of the Company and its subsidiaries, excluding employees based in Puerto Rico. Employees become eligible to participate in the Plan following completion of 30 consecutive days of service.
- C. **Contributions** – Non-highly compensated employees may contribute from 1% to 50% of their compensation on a pre-tax basis, subject to certain Internal Revenue Code limitations. Highly compensated employees may elect to contribute from 1% up to a maximum percentage amount (as determined by the Committee) of their compensation on a pre-tax basis, subject to certain Internal Revenue Code limitations. The Plan does not provide for employer contributions. During 2015, the Plan received employer contributions for corrections made to certain participant accounts.
- D. **Investment options** – Participant contributions to the Plan may be invested at the discretion of the participant into fourteen common collective trust funds and ten mutual funds. The Avnet, Inc. Common Stock Fund includes employer matching contributions and Avnet stock held by former Kent employees as a result of the conversion of Kent shares to Avnet shares upon the completion of the Kent acquisition by the Company in 2001.
- E. **Participant accounts** – Each participant's account is credited with the participant's contributions and an allocation of Plan earnings. Allocations are based on participant compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. **Vesting** – Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's matching and discretionary contributions plus actual earnings thereon, as follows:
1. 20% after completion of one year of service
 2. 40% after completion of two years of service
 3. 60% after completion of three years of service
 4. 80% after completion of four years of service
 5. 100% after completion of five years of service

AVNET 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

(1) Description of the Plan (continued)

- G. **Notes receivable from participants** – A participant is entitled to borrow an amount not to exceed 50% of their vested account balance, up to a maximum of \$50,000 (but not less than \$1,000). Any new loan may not be obtained until twelve months after the repayment of any prior loan. Participant loans are measured at their unpaid principal balance plus accrued interest.

The loans must be repaid over terms not to exceed five years from the date the loan is made. The Committee may authorize a longer repayment period if the Committee determines that the proceeds are to be used to acquire a home, which is used as a principal residence. Loan repayments must be made in equal installments through payroll reductions. The loan may be repaid in its entirety at any time prior to the maturity date without penalty. All loans include fixed interest rates equal to the prevailing rates for loans of a similar type at a major commercial lending institution.

- H. **Payment of benefits** – Participants are entitled to receive a distribution of the vested portion of their account upon termination of employment, retirement, or permanent disability. In the event of death, retirement, or permanent disability the participant's account becomes 100% vested.

- I. **Forfeitures** – Forfeited Company matching and discretionary contributions are used to reduce Plan expenses or may be reallocated to participants. Forfeited non-vested accounts totaled \$19,476 and \$7,026 at December 31, 2015 and 2014, respectively. Forfeited non-vested accounts used to pay Plan expenses totaled \$26,673 for the year ended December 31, 2015.

- J. **Administrative expenses** – Substantially all administrative expenses of the Plan are paid by the Plan.

(2) Significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Management's use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets and the reported amounts of additions to and deductions from net assets. Actual results may differ from those estimates.

Investment valuation – Investments in shares of mutual funds and money market funds are stated at net asset value, which are readily determinable fair values of those shares as they are published daily and are the basis for current transactions. The Plan's investments in the Avnet, Inc. Common Stock Fund are valued at the closing price reported on the active market on which the individual securities trade. The common collective trust is valued based upon the quoted redemption value of units, or the equivalent of net asset value, which is a practical expedient for estimating fair value. This investment has no unfunded commitments as of December 31, 2015 and 2014, and can be redeemed daily with no redemption notice period or other redemption restrictions.

These methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AVNET 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

(2) Significant accounting policies (continued)

The purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Risks and uncertainties – The Plan provides for various investment fund options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of benefits – Payment of benefits are recorded when paid.

Subsequent events – Plan management has evaluated subsequent events through July 27, 2016, which is the date the financial statements of the Plan were available to be issued.

The Plan was amended to add a Roth contribution option and an auto enrollment feature effective July 1, 2016.

The Company acquired ExitCertified in 2016. Participants in the ExitCertified 401(k) Plan became eligible in the Plan effective July 1, 2016. The net assets of the ExitCertified 401(k) Plan will be merged into the Plan in 2016.

(3) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(4) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

(5) Plan termination

While it is the Company's intention to continue the Plan, the Company has the right to terminate the Plan provided all Company contributions due at the termination date have been paid. In the event the Plan terminates, participants will become 100% vested in their account balance as of the termination date.

(6) Tax status

The Plan received a determination letter from the Internal Revenue Service dated June 19, 2012, indicating the Plan was designed in accordance with applicable Internal Revenue Code (IRC) requirements as of that date. The Plan has been amended subsequent to the receipt of this determination letter. The Plan administrator and the Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

AVNET 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

(7) Party-in-interest transactions

Certain Plan investments are held in funds managed by Fidelity. Fidelity deducts certain fees directly from investment earnings for investment management services. These fees are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits. During 2015, Fidelity paid a \$315,349 revenue credit to the Plan in accordance with the amended Trust Agreement. The revenue credit is included in other income on the statement of changes in net assets available for benefits. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fidelity Workplace Services, LLC ("FWS") maintains and processes participant data and account information. FWS is the recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the recordkeeper were approximately \$234,492 for the year ended December 31, 2015. Additional professional service fees totaling \$23,708 have been paid by the Plan for the year ended December 31, 2015. In addition, certain Plan investments are in Avnet, Inc. common stock, qualifying these transactions as party-in-interest transactions.

The Plan is administered by the 401(k) Plan Committee of Avnet, Inc. Therefore, any transactions with any individuals of the committee qualify as party-in-interest transactions. There were no such transactions during the year ended December 31, 2015.

(8) Delinquent participant contributions

During 2014, Plan management identified delays by the Company in submitting participant contributions to the Plan in the amount of \$912,599. The Company corrected this by contributing the appropriate lost earnings to the Plan in 2015.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the financial statements as of December 31, 2015 and 2014 to the Form 5500:

	<u>2015</u>	<u>2014</u>
