1. DESCRIPTION OF PLAN

The following description of the 3 Day Blinds 401(k) Savings Plan (the "Plan") (formerly 3 Day Blinds Corp. 401(k) Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was originally established on March 1, 1999, and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is sponsored by 3 Day Blinds LLC (the "Company" or "Plan Sponsor"). The Plan is administered by certain employees of the Company's management (the "Plan Administrator") in accordance with the provisions of the Plan. Voya Retirement Insurance and Annuity Company ("Voya" or the "Custodian") is the custodian of the Plan's investment assets. Voya was previously known as ING Life Insurance and Annuity Company.

Plan Amendments

The prototype plan was restated on January 1, 2015. Effective May 1, 2015, the Plan changed its name to 3 Day Blinds 401(k) Savings Plan from 3 Day Blinds Corp. 401(k) Plan. There were no plan amendments during the year ended December 31, 2014.

Eligibility

All full time and part time employees of the Company over the age of 21 are eligible to participate in the Plan. Participants are eligible for employer matching contributions after completing six months of service.

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals, subject to the maximum dollar amount allowed under Section 404(a) of the IRC. Participants over age 50 can defer an additional amount in excess of the dollar limit in the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN (continued)

Contributions (continued)

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals up to 6% of a participant's compensation. The employer matching contribution for the year ended December 31, 2015 were 25% of the first 6% of the participant's elective deferral.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is 25% per year based on years of continuous service. A participant is 100% vested after 4 years of credited service.

Notes Receivable from Participants

Participants may borrow from their pre-tax accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested pre-tax account balance. The loans are secured by the balance in the participant's pre-tax account and bear a fixed interest rate set at the time of the loan. Principal and interest is paid ratably through regular payroll deductions. Participants may not withdraw from their Roth contributions for a loan under the Plan.

Loan terms generally do not exceed five years, or thirty years if the loan is used to obtain a primary residence. All outstanding loan balances become due and payable in their entirety upon termination of employment. Interest rates were 4.25% and ranged from 4.25% to 5.00% on loans outstanding as of December 31, 2015 and 2014, respectively, and mature at various dates through April 2023.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as defined by the Plan. Terminations for other reasons are paid in lump-sum distributions.

1. DESCRIPTION OF PLAN (continued)

Hardship Withdrawals

Participants may withdraw their pretax contributions, except for Roth contributions, to satisfy any of the following immediate and financial needs: (1) medical expenses; (2) the purchase of principal residence; (3) prevent eviction from, or foreclosure on, principal residence; (4) postsecondary education expenses; (5) funeral expenses; or (6) expenses arising as a result of natural catastrophe.

Participants must first exhaust all other assets reasonably available prior to obtaining hardship withdrawal. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of such withdrawal.

Forfeitures

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $3,675 and $8,319, respectively. These accounts will be used to reduce future employer contributions. Also, in 2015, employer contributions were reduced by $7,526 from forfeited nonvested accounts.

Plan Termination

Although the Company has not expressed any intent to do so, they have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Corrective Distributions

As of December 31, 2015 and 2014, there were corrective distributions payable of $19,757 and $10,053, respectively. These corrective distributions were refunded subsequent to year end to certain identified participants in order to satisfy the relevant nondiscrimination provisions of the Plan.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 19, 2016, the date the financial statements were available to be issued.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* Following is a summary of the revised guidance contained in ASU 2015-12.

Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts. Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015 and early adoption is permitted. Plans may early adopt any of the Parts of ASU 2015-12 without early adopting the other Parts. In 2015, the Plan early adopted the provisions of Parts I and II of this update and applied the provisions retrospectively. As a result, the presentation of the financial statements and certain disclosures have been changed to reflect the adoption of this update. Part III of ASU 2015-12 is not applicable to the Plan. This ASU did not change the Plan's total net assets available for benefits.

In May 2015, the FASB issued ASU No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)* ("ASU 2015-07"). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements (continued)

ASU 2015-10, *Technical Corrections and Improvements*, made some technical corrections to ASU 2015-07 which included, among others, expanding the definition of readily determinable fair value to include structures similar to a mutual fund for which the price is determined and published and the basis for current transactions. ASU 2015-07 is effective for interim and annual reporting periods beginning after December 15, 2015 and early adoption is permitted. Adoption and application of ASU 2015-07 and ASU 2015-10 had no effect on the Plan's financial statements or disclosures.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors, Squar Milner LLP, not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Mutual Funds	$ 5,820,706	$ 5,280,816
Guaranteed investment contract	1,032,461	918,232
Notes receivable from participants	232,191	114,646

The Custodian also certified to the completeness and accuracy of $31,101 of net appreciation in fair value of investments and $35,358 of interest and dividends related to the aforementioned assets for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820, *Fair Value Measurement* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,820,706	$ –	$ –	$ 5,820,706
Total assets at fair value	$ 5,820,706	$ –	$ –	$ 5,820,706

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,280,816	$ –	$ –	$ 5,280,816
Total assets at fair value	$ 5,280,816	$ –	$ –	$ 5,280,816

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3. The Plan did not hold any Level 3 assets as of December 31, 2015 and 2014.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a guaranteed investment contract issued by Voya. The contract meets the fully benefit-responsive investment contract criteria and as described in Note 2, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. Voya maintains the Plan's deposits in a general account (unallocated contracts), to which it adds interest on a daily basis at the contract rate (3% as of December 31, 2015 and 2014). The average interest rate earned for the years ended December 31, 2015 and 2014 was 2.18% and 2.21%, respectively.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the matters discussed above or occurrence of any other such value event is probable.

6. TAX STATUS

Effective March 1, 1999, the Plan adopted a standardized form of a prototype plan sponsored by Voya. The prototype plan has received an opinion letter dated September 1, 2014 from the Internal Revenue Service ("IRS") as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2011.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for Plan benefits.

The Plan's exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participant's investment elections.

7. RISKS AND UNCERTAINTIES (continued)

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the contract issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments held are shares of mutual funds managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions, as do administrative expenses paid by the plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014

Add: corrective distribution payable	19,757	10,053

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

1. DESCRIPTION OF PLAN

The following description of the 3 Day Blinds 401(k) Savings Plan (the "Plan") (formerly 3 Day Blinds Corp. 401(k) Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was originally established on March 1, 1999, and is a qualified, defined contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is sponsored by 3 Day Blinds LLC (the "Company" or "Plan Sponsor"). The Plan is administered by certain employees of the Company's management (the "Plan Administrator") in accordance with the provisions of the Plan. Voya Retirement Insurance and Annuity Company ("Voya" or the "Custodian") is the custodian of the Plan's investment assets. Voya was previously known as ING Life Insurance and Annuity Company.

Plan Amendments

The prototype plan was restated on January 1, 2015. Effective May 1, 2015, the Plan changed its name to 3 Day Blinds 401(k) Savings Plan from 3 Day Blinds Corp. 401(k) Plan. There were no plan amendments during the year ended December 31, 2014.

Eligibility

All full time and part time employees of the Company over the age of 21 are eligible to participate in the Plan. Participants are eligible for employer matching contributions after completing six months of service.

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals, subject to the maximum dollar amount allowed under Section 404(a) of the IRC. Participants over age 50 can defer an additional amount in excess of the dollar limit in the IRC. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN (continued)

Contributions (continued)

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals up to 6% of a participant's compensation. The employer matching contribution for the year ended December 31, 2015 were 25% of the first 6% of the participant's elective deferral.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is 25% per year based on years of continuous service. A participant is 100% vested after 4 years of credited service.

Notes Receivable from Participants

Participants may borrow from their pre-tax accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested pre-tax account balance. The loans are secured by the balance in the participant's pre-tax account and bear a fixed interest rate set at the time of the loan. Principal and interest is paid ratably through regular payroll deductions. Participants may not withdraw from their Roth contributions for a loan under the Plan.

Loan terms generally do not exceed five years, or thirty years if the loan is used to obtain a primary residence. All outstanding loan balances become due and payable in their entirety upon termination of employment. Interest rates were 4.25% and ranged from 4.25% to 5.00% on loans outstanding as of December 31, 2015 and 2014, respectively, and mature at various dates through April 2023.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as defined by the Plan. Terminations for other reasons are paid in lump-sum distributions.

1. DESCRIPTION OF PLAN (continued)

Hardship Withdrawals

Participants may withdraw their pretax contributions, except for Roth contributions, to satisfy any of the following immediate and financial needs: (1) medical expenses; (2) the purchase of principal residence; (3) prevent eviction from, or foreclosure on, principal residence; (4) postsecondary education expenses; (5) funeral expenses; or (6) expenses arising as a result of natural catastrophe.

Participants must first exhaust all other assets reasonably available prior to obtaining hardship withdrawal. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of such withdrawal.

Forfeitures

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $3,675 and $8,319, respectively. These accounts will be used to reduce future employer contributions. Also, in 2015, employer contributions were reduced by $7,526 from forfeited nonvested accounts.

Plan Termination

Although the Company has not expressed any intent to do so, they have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Corrective Distributions

As of December 31, 2015 and 2014, there were corrective distributions payable of $19,757 and $10,053, respectively. These corrective distributions were refunded subsequent to year end to certain identified participants in order to satisfy the relevant nondiscrimination provisions of the Plan.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 19, 2016, the date the financial statements were available to be issued.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* Following is a summary of the revised guidance contained in ASU 2015-12.

Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts. Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015 and early adoption is permitted. Plans may early adopt any of the Parts of ASU 2015-12 without early adopting the other Parts. In 2015, the Plan early adopted the provisions of Parts I and II of this update and applied the provisions retrospectively. As a result, the presentation of the financial statements and certain disclosures have been changed to reflect the adoption of this update. Part III of ASU 2015-12 is not applicable to the Plan. This ASU did not change the Plan's total net assets available for benefits.

In May 2015, the FASB issued ASU No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)* ("ASU 2015-07"). The amendments in ASU 2015-07 remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements (continued)

ASU 2015-10, *Technical Corrections and Improvements*, made some technical corrections to ASU 2015-07 which included, among others, expanding the definition of readily determinable fair value to include structures similar to a mutual fund for which the price is determined and published and the basis for current transactions. ASU 2015-07 is effective for interim and annual reporting periods beginning after December 15, 2015 and early adoption is permitted. Adoption and application of ASU 2015-07 and ASU 2015-10 had no effect on the Plan's financial statements or disclosures.

3. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian related to the following assets is complete and accurate Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors, Squar Milner LLP, not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Mutual Funds	$ 5,820,706	$ 5,280,816
Guaranteed investment contract	1,032,461	918,232
Notes receivable from participants	232,191	114,646

The Custodian also certified to the completeness and accuracy of $31,101 of net appreciation in fair value of investments and $35,358 of interest and dividends related to the aforementioned assets for the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820, *Fair Value Measurement* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,820,706	$ –	$ –	$ 5,820,706
Total assets at fair value	$ 5,820,706	$ –	$ –	$ 5,820,706

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,280,816	$ –	$ –	$ 5,280,816
Total assets at fair value	$ 5,280,816	$ –	$ –	$ 5,280,816

For years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3. The Plan did not hold any Level 3 assets as of December 31, 2015 and 2014.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a guaranteed investment contract issued by Voya. The contract meets the fully benefit-responsive investment contract criteria and as described in Note 2, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. Voya maintains the Plan's deposits in a general account (unallocated contracts), to which it adds interest on a daily basis at the contract rate (3% as of December 31, 2015 and 2014). The average interest rate earned for the years ended December 31, 2015 and 2014 was 2.18% and 2.21%, respectively.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify from exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the matters discussed above or occurrence of any other such value event is probable.

6. TAX STATUS

Effective March 1, 1999, the Plan adopted a standardized form of a prototype plan sponsored by Voya. The prototype plan has received an opinion letter dated September 1, 2014 from the Internal Revenue Service ("IRS") as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2011.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for Plan benefits.

The Plan's exposure to losses in the event of nonperformance of investments managed by the investment manager is limited to the carrying value of such instruments. The Plan's concentrations of risk are dictated by the Plan's provisions as well as those of ERISA and the participant's investment elections.

7. RISKS AND UNCERTAINTIES (continued)

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the contract issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments held are shares of mutual funds managed by the Custodian, and therefore, these transactions qualify as party-in-interest transactions, as do administrative expenses paid by the plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014
