Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cooper-Standard Automotive Inc. Enhanced Investment Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executed transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the period ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

COOPER-STANDARD AUTOMOTIVE INC.
ENHANCED INVESTMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note 1-Description of plan

The following description of the Cooper-Standard Automotive Inc. Enhanced Investment Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time and part-time salaried and non-union hourly employees of Cooper-Standard Automotive Inc. ("Plan Sponsor" or "Company") 30 days after their employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 50% of their compensation in the form of pre-tax deferrals, or up to 50% of their compensation as post-tax deferrals. The combined pre- and post-tax deferrals cannot exceed 50% of compensation. Participants may direct their contributions to any of the Plan's investment fund options.

The Plan is a "Qualified Automatic Contribution Arrangement" or "QACA." The QACA design provides for employer contribution types, as follows:

1. A non-elective contribution ranging from 3% to 5% of each participant's compensation based upon each participant's age plus years of service
2. A fixed matching contribution of 40% on employee contributions up to 5% of the participant's compensation
3. Potential additional matching contributions, provided at the discretion of the Company
4. Potential additional non-elective contributions, provided at the discretion of the Company.

The Plan Sponsor may also make an annual discretionary contribution at the discretion of the Plan Sponsor's Board of Directors up to 5% of each participant's compensation. For 2015, the Plan Sponsor made a 1% non-elective annual discretionary contribution to the Plan.

All participants covered by the Plan who are not making pre-tax contributions are automatically enrolled in the Plan and will begin deferring 3% of their compensation contributed to the Plan, unless the participant revokes or changes this election.

Further, to function as a QACA, the level of deferrals being made by participants who are automatically enrolled will increase by 1% in April of each year. Such automatic increases will continue until participants are deferring at least 6% of compensation, or until an affirmative election to defer a different amount of compensation (or nothing at all) has been made.

Note 1-Description of plan–continued

Participant accounts
Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
The participants are immediately vested in their contributions plus actual earnings thereon. The participants are vested in the Plan Sponsor's contributions after two years of continuous credited service.

Forfeitures
At December 31, 2015 and 2014, forfeited non-vested accounts totaled $1,497,157 and $1,333,660, respectively. These accounts will be used to reduce future employer contributions, and/or pay reasonable administrative expenses.

Participant withdrawals
In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution. In certain circumstances, active employees can take partial withdrawals.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Notes receivable from participants
Participants may borrow the lesser of 50% of the vested value of their entire account or $50,000. Only one outstanding note receivable is permitted at any time and the note receivable repayment schedule can be no longer than 5 years or for less than $1,000. The interest rate is established based on an interest rate charged by a person in the business of lending money for loans under similar circumstances. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. The notes receivable are secured by the balance in the participant's account.

Termination of the plan
Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan provisions, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant withdrawals are recorded upon distribution.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value with the exception of the BNP Paribas Income Plus Fund (a fully benefit-responsive investment contract), which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Record keeping fees are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events

The Plan Sponsor has evaluated subsequent events through September 15, 2016, the date the financial statements were available to be issued.

Note 2-Summary of significant accounting policies-continued

Recently issued accounting pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected early adoption of Parts I and II.

Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. These reclassifications have no effect on the previously reported net assets available for benefit.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2015 and 2014, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2015, were obtained or derived from information supplied to the Plan Sponsor and certified by Fidelity Management Trust Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

Except for the Plan's fully benefit-responsive investment, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;

b. Quoted prices for identical or similar assets or liabilities in inactive markets;

c. Inputs other than quoted prices that are observable for the asset or liability;

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – A mutual fund's net asset value (NAV) is normally calculated as of the close of business of the NYSE, normally 4:00 p.m. Eastern Time. The fund's assets normally are valued as of this time for the purpose of computing the fund's NAV.

Note 4-Fair value measurements–continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

		Fair Value Measurements at December 31, 2015 Using		
Description	**Total**	**Level (1)**	**Level (2)**	**Level (3)**
Mutual funds	$ 199,221,897	$ 199,221,897	$ 0	$ 0
Total investment assets at fair value	$ 199,221,897	$ 199,221,897	$ 0	$ 0

		Fair Value Measurements at December 31, 2014 Using		
Description	**Total**	**Level (1)**	**Level (2)**	**Level (3)**
Mutual funds	$ 193,656,114	$ 193,656,114	$ 0	$ 0
Total investment assets at fair value	$ 193,656,114	$ 193,656,114	$ 0	$ 0

Note 5-Fully benefit-responsive collective investment trust fund

The Plan invests in the Income Plus Fund, a sub-fund of the BNP PARIBAS Pooled Trust Fund for Employee Benefit Plans ("BNP PARIBAS Fund"). The BNP PARIBAS Fund has separately audited financial statements which provide additional information on this fully benefit-responsive investment fund. The BNP PARIBAS Fund invests primarily in investment contracts such as guaranteed investment contracts (GICs), money market instruments, repurchase agreements, private placements, bank investment contracts and enters into wrapper contracts with underlying securities to create synthetic GICs. The BNP PARIBAS Fund is presented as the fully benefit-responsive collective investment trust fund on the accompanying financial statements.

Investments in GICs guarantee a stated rate of interest for a fixed maturity. In a synthetic GIC structure, the underlying investments are owned by a separate entity. A synthetic GIC is comprised of two components: an underlying asset and a wrapper contract. Wrapper contracts generally change the investment characteristics of underlying securities to those of guaranteed investment contracts. Each wrapper contract obligates the wrap provider to maintain the "contract value" of the underlying investments. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals (as specified in the wrap agreement).

In general, if the contract value of the wrap agreement exceeds the market value of the underlying investments (including accrued interest), the wrap provider becomes obligated to pay that difference to the fund in the event that shareholder redemptions result in partial or total contract liquidation. The circumstances under which payments are made and the timing of payments between the fund and the wrap provider may vary based on the terms of the wrapper contract.

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include termination of participating plans or a material adverse change to the provisions of participating plans. At this time, the Plan believes that the occurrence of such events that would be of sufficient magnitude to limit the ability of the fund to transact at contract value is not probable.

The net asset value of the fund is determined on a daily basis. Units can be issued and redeemed on any business day at that day's unit value. All earnings, expenses, and gains and losses of the fund are reflected in the calculation of the daily unit value. Although it is intended to permit daily withdrawals, some of the assets of the fund, especially investment contracts, may require an adjustment in the value of the investment if a withdrawal is made. In any event, the withdrawal may be deferred over such period of time, not to exceed one year, as may be deemed necessary for fair and orderly management of the fund.

The interest crediting rate is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, the amount and timing of participant contributions, transfers and withdrawals, and the duration of the fixed-income investments that underlie the wrapper contracts.

Note 6-Related party transactions and party in interest transactions

Fidelity Management Trust Company is the custodian as defined by the Plan, therefore, transactions with Fidelity Management Trust Company qualify as party in interest transactions. The Plan made direct payments to Fidelity Management Trust Company in the amount of $253,924 during 2015.

Note 7-Federal income tax status

The Plan has received a determination letter from the Internal Revenue Service dated January 31, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9-Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 217,061,813	$ 209,838,488
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	0	26,331
Net assets available for benefits per Form 5500	$ 217,061,813	$ 209,864,819

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2015 to the Form 5500:

Net increase prior to transfers per the financial statements	$ 7,181,631
Adjustment for fully benefit-responsive investment contracts	(26,331)
Net income per Form 5500	$ 7,155,300
