COMMUNICATIONS WITH THOSE CHARGED WITH GOVERNANCE

To the Plan Administrator and Trustees of the Plan
Zulily 401(k) Plan

We have completed a Department of Labor (DOL) limited scope audit of the financial statements and supplementary information of Zulily 401(k) Plan (the Plan) as of and for the year ended December 31, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplementary information taken as a whole. However, our limited scope audit of the financial statements does not relieve you or management of your responsibilities. Professional standards require that we provide you with the following information related to our audit.

OUR RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA

Our responsibility is to plan and perform the audit in accordance with auditing standards generally accepted in the United States of America and to design the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. We considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control. As part of the scope limitation discussed in the first paragraph, we did not consider internal control relating to the information summarized in Note 6 to those financial statements.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

You should understand that our audit is not specifically designed for and should not be relied upon to disclose matters affecting plan qualifications or compliance with the ERISA and Internal Revenue Code requirements.

OTHER INFORMATION IN DOCUMENTS CONTAINING AUDITED FINANCIAL STATEMENTS

The AICPA's Audit and Accounting Guide for Employee Benefit Plans requires that, before an auditor's report on the Plan's financial statements can be included with a filed Form 5500 (including any related schedules), the auditor must review the Form 5500 and consider whether there are any material inconsistencies between the other information in the form and the audited financial statements (including the required supplementary information) or any material misstatement of fact.

Our responsibility for other information in the Form 5500 does not extend beyond the financial information identified in our report. We do not have an obligation to perform any procedures to corroborate other information contained in the form, except as described above. However, we have read the information contained in the Form 5500 and nothing came to our attention that caused us to believe that such information or its manner of presentation is materially inconsistent with the information as it is presented in the financial statements.

PLANNED SCOPE AND TIMING OF THE AUDIT

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated April 14, 2016.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

Management adopted Accounting Standards Update ASU 2015-12, Plan Accounting: Plan Investment Disclosures as of January 1 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Significant Accounting Estimates

Accounting estimates may be an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements that we consider sensitive to potential users.

Significant Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. During the audit we identified one misstatement corrected by management that was considered more than trivial although not considered to be material:

To write off portion of 12.31.14 True up of employer receivable which was determined to be inflated due to error in eligible compensation for several participants:

DR: Employer Contributions	\$44,153
CR: Employer Contributions Receivable	(\$44,153)

One uncorrected misstatement was identified during the audit. Management has determined that its effect is immaterial to the financial statements taken as a whole:

Refund of Excess Contributions and reversing effect of unrecorded entry in prior year:

DR: Beginning Statement of Net Assets Available for Benefits	\$139,122
DR: Participant Contributions	\$137,510
CR: Excess Contributions Payable	(\$276,632)

All other corrections were trivial in nature.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 20, 2016.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS

Our responsibility under auditing standards with respect to internal control is described above. Had the scope of our audit not been limited as described on page 1, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was also not designed to identify deficiencies in internal control that might be significant deficiencies. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan’s internal control to be a significant deficiency:

Employer Contributions – 2014 Match True Up

- The December 31, 2014 true up calculation of approximately \$68,000 was not funded during 2015. After bringing this to management's attention, they recalculated the true-up, and discovered there were errors in the calculation stemming from incorrect eligible compensation. The correct true up amount per management's recalculation was approximately \$22,000. The Plan was funded this amount plus lost earnings in August 2016.

We recommend implementing controls to ensure the match including the year end true up is accurate based on eligible wages and is funded in a timely manner.

Plan Management Response

- Management has implemented a control in 2015 to ensure the employer match is remitted correctly and timely. Based on this control, the 2015 employer match was calculated correctly and was remitted timely.

During our engagement, the following matters came to our attention that we believe are a control deficiencies, however, they do not rise to the level of a significant deficiency or material weakness:

Notes Receivable from Participants

- We noted instances in which the payroll deductions for new notes receivable from participants were not started on a timely basis resulting in outstanding loan balances per payroll records that differed from the loan amortization schedule.

We recommend that the Plan's sponsor establish procedures to ensure that repayments on notes receivable deductions are set up in the payroll system promptly so that delays in payment do not occur.

Reconciliation of Employee Contributions

- We noted unreconciled differences of employee contributions between payroll reports, the trust statements and the census.

We recommend that the Plan's sponsor establish procedures to ensure these differences are reconciled at year-end. We'd also recommend reviewing periodically in order to detect any differences as they occur.

Formal Documentation of Employer Match Approval

- As the employer match contribution is discretionary, the contribution requires an approval on an annual basis. We noted during our testing this approval was not formally documented.

We recommend the Plan Committee formally approve and document the employer match annually.

This communication is intended solely for the information and use of management and the Trustees of the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

We were pleased to serve and be associated with the Plan as the independent auditors for 2015. We provide the above information to assist you in performing your oversight responsibilities.

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Trustees
Zulily 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Zulily 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Contributions as of or for the year ended December 31, 2015 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ZULILY 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Zulily 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions. Effective October 1, 2015, the Plan name changed from Zulily, Inc. 401(k) Plan to Zulily 401(k) Plan as the ownership structure of the sponsor changed from a publicly traded company to a LLC.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Zulily, LLC and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Zulily, LLC (the Company) the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the salary deferral portion of the Plan upon the first day of the month following 30 days of service.

Employees of the Company are eligible to receive the discretionary employer match after attaining one year of service, working 1,000 hours within that year, and must be an active participant on the last day of the Plan year.

Contributions

Participant contributions – Participants may contribute up to 100% of annual compensation. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan has an auto-enrollment feature whereby the Company will automatically defer a pre-tax percentage established by the Plan on behalf of participants who reach the eligibility requirements unless the participant opts out. For the year ended December 31, 2015 the auto-enrollment deferral percentage was 2% of eligible compensation.

Employer match contributions – The Company may elect to make discretionary matching contributions to the Plan. For the year ended December 31, 2015, the Company matched 50% of salary deferrals made by each participant, up to an amount equal to 2% of the participant's eligible compensation.

Contributions are subject to regulatory limitations.

Participant Accounts – Each participant account is credited with the participant's contributions and Company matching contributions, an allocation of Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are immediately vested in their salary deferral contributions, employer discretionary matching contributions, and actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans ranged from 5.25%-5.50% with various maturities through December 2020.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons or if the participant's vested balance does not exceed \$5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accounting Standards Update

ASU 2015-12 – In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures. The amendments remove the requirement to:

- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment Valuation – The investments are stated at fair value. The Plan's trustee, Ascensus Trust Company certifies the fair value of all investments at December 31, 2015 and 2014. If available, quoted market prices are used to value investments.

Note 2 – Summary of Significant Accounting Policies (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Forfeitures – Forfeitures are the nonvested portion of a participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce future employer contributions. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$5,184 and \$0, respectively. For the year ended December 31, 2015, Company matching contributions were reduced by \$3,984 from forfeited nonvested accounts.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued. Note 9 provides disclosure of a certain subsequent event that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through September 20, 2016, which is the date the financial statements were available to be issued.

ZULILY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2015 and 2014:

		Fair Value Measurement at December 31, 2015			
		Level 1	Level 2	Level 3	Total
Registered investment companies		\$13,806,469	\$ -	\$ -	\$13,806,469

		Level 1	Level 2	Level 3	Total
Registered investment companies		\$ 8,451,912	\$ -	\$ -	\$ 8,451,912
Investments at fair value		<u>\$ 8,451,912</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,451,912</u>

Note 4 – Tax Status

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

ZULILY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 – Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments, cash, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Certain plan investments are managed by affiliates of Ascensus Trust Company. Therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to the trustee or affiliates were \$208,027 for the year ended December 31, 2015.

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 – Subsequent Events

Effective July 1, 2016, the Company changed their recordkeeper and custodian from Ascensus Trust Company to Vanguard Fiduciary Trust Company.

Net assets per the Form 5500	<u><u>\$ 15,224,794</u></u>	<u><u>\$ 9,365,446</u></u>

The following is a reconciliation of the change in net assets available for benefits between the financial statements and the Form 5500 for the year ended December 31, 2015:

Change in net assets per the financial statements	\$ 5,860,081
Less: prior year adjustments to benefits paid to participants and interest income on notes receivable	<u>(733)</u>
Net income per the Form 5500	<u><u>\$ 5,859,348</u></u>

Note 11 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts during 2015.
