Board of Trustees
Mesa Systems, Inc. 401(k) Plan
Grand Junction, Colorado

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements and supplemental schedule of Mesa Systems, Inc. 401(k) Plan (the Plan) for the year ended December 31, 2015 and have issued our report thereon dated August 16, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 17, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- Management's estimate of the fair value of investments. The methods used by management to value investments at fair value are discussed in Note 5 of the Plan's financial statements. We evaluated the key factors and assumptions used to develop the fair value of the investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of information certified by the Plan's trustees in Note 4 to the financial statements.
- The disclosure of fair value measurements in Note 5 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 16, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Trustees and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Dalby, Wendland & Co., P.C.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Mesa Systems, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mesa Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of Mesa Systems, Inc. (the Company) who have completed three months of service with the Company and casual employees who have completed 1,000 service hours with the Company. Additionally, a full-time employee who has completed three months of service with the Company, and has not incurred a termination of employment is eligible to participate in the Company's discretionary matching and profit sharing contributions, which are subject to a vesting period. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and includes a deferred compensation arrangement under Internal Revenue Code (IRC) Section 401(k), which allows eligible employees to make elective deferral contributions to the Plan as a percentage of their compensation.

Contributions

Under the terms of the Plan, employees may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable IRC limits. The Plan includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make pre-tax contributions to the Plan is automatically enrolled in the Plan to make a 2% pre-tax contribution, unless the employee specifically elects not to participate in the Plan.

Under the terms of the Plan, the Company can match elective deferral contributions made by their employees to the Plan up to an agreed-upon percentage subject to the discretion of the Company. The Company may also make a profit sharing contribution each year at its discretion. The amount that can be added each year to a participant's account, which includes contributions made by the participant and the Company on the participant's behalf, is subject to restrictions imposed by the IRC. The Company made no contributions for the years ended December 31, 2015 and 2014.

The Plan allows for participants to rollover contributions into the Plan from another qualified plan or individual retirement account. Such rollovers are included in the accompanying statements of changes in net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions made on the participant's behalf, and an allocation of Plan earnings. Allocations are based on participant account balances as of the beginning of the Plan year.

Vesting

Participants are immediately vested in their elective deferral contributions plus earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus earnings thereon is based on years of continuous service. Effective July 1, 2013, participants become 100% vested after five years

of credited service, as defined by the Plan document. In addition, a participant becomes 100% vested in the Company's contributions if the participant dies, becomes disabled, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 reduced by their largest loan balance outstanding during the prior twelve month period or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. The maximum loan term is five years unless the loan is used for the purchase of a principal residence. Effective July 1, 2013, participants may only have one loan outstanding at any time. The loans are secured by up to 50% of the vested balance in the participant's account. Interest rates are determined by the trustee and plan administrator at the time the loan is processed. The interest rate for new participant loans at December 31, 2015 and 2014 was 4.25%. Prior to July 31, 2013, the interest rate on new participant loans was 6.00%.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 and less than $5,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $5,000 may continue holding investments within the Plan, or elect to withdraw. Prior to separation from service, a participant may elect to receive a distribution of all or any portion of the participant's account balance attributable to their pre-tax and after-tax contributions as well as discretionary matching and profit sharing contributions made by the Company if the participant has attained the age of 59 1/2 and has completed six years of service with the Company, or the participant has incurred a disability. For participants who select a payout option, they may elect to receive a lump sum distribution, partial payment, a monthly life income annuity to be paid in monthly installments over a period not to exceed the employee's lifetime, or the vested portion of their account may be applied toward the purchase of an annuity contract as defined by the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid by the third-party administrator.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - TAX STATUS

On April 2, 2012, the Internal Revenue Service stated that the prototype plan adopted by the Plan and effective as of March 3, 2015, as then designed, was acceptable for use by employers for the benefit of their employees under Section 401 of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2015 and 2014.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan complies with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), which defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect Plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based

primarily upon Plan management's own estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds and Money Market Fund: Valued at the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2015 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 3,493,030	$ -	$ -	$ 3,493,030
Money market fund	1	-	-	1
Total	$ 3,493,031	$ -	$ -	$ 3,493,031

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2014 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 3,850,769	$ -	$ -	$ 3,850,769
Money market fund	57,549	-	-	57,549
Total	$ 3,908,318	$ -	$ -	$ 3,908,318

NOTE 6 - PLAN TERMINATION

Although it has expressed no intention to do so, the Company has the right under the Plan, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - FORFEITURES

Forfeitures are determined at year-end and may be used to reduce the Company's contributions, if any, for the plan year immediately following the plan year in which the forfeiture occurs or to pay Plan expenses. For the years ended December 31, 2015 and 2014 the Company did not make contributions to the Plan; therefore, no forfeitures were applied towards reducing employer contributions. For the years ended December 31, forfeitures used to pay for Plan administrative fees were $2,231(2015) and $21,784 (2014). Unallocated forfeitures are not considered assets available for benefits as of year-end. At December 31, unallocated forfeitures totaled $958 (2015) and $1,260 (2014).

NOTE 8 - RELATED PARTY TRANSACTIONS

Fidelity Management Trust Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

The Plan pays for certain expenses while the Company absorbs certain administrative expenses, such as accounting fees

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 16, 2016, the date at which the financial statements were available to be issued.

Effective February 1, 2016, the Plan was amended to change the eligibility requirements for casual employees. Subsequent to the amendment, all employees who have completed three months of service with the Company will be eligible to participate.
