CAMBRIDGE BRANDS, INC. RETIREMENT & SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1 . DESCRIPTION OF PLAN

The following description of the Cambridge Brands, Inc. Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Cambridge Brands, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Cambridge Brands, Inc. is a wholly-owned subsidiary of Tootsie Roll Industries, Inc. (the "Parent"). The Plan is commonly managed with the other plans of the Parent. All full-time, permanent employees, as defined in the plan document, are eligible to participate in the Plan immediately upon their date of hire. Eligibility for Company match and discretionary contributions requires completion of one year of service. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of various investment options.

Contributions - Each year, participants may contribute up to 100% of annual compensation (salary reduction contributions), on a pre tax or post tax basis, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company is required to match 100% of the first 3% of the participant's compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary contributions on behalf of all eligible employees. During 2015 and 2014, the Company made discretionary contributions in an amount equal to 4% of their annual compensation up to the Social Security taxable wage base and 8% in excess of this base. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings or losses (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts - As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $17,308 and $20,253, respectively. These accounts can be used to reduce future Company contributions. During the year ended December 31, 2015, $3,509 from forfeited nonvested accounts was used to reissue stale participant distribution checks that had been included in the forfeitures balance during the previous year.

Participant Loans - Participant loans are not permitted.

Administrative Expenses - The Company has borne substantially all of the Plan's administrative expenses.

1 . DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their salary reduction and rollover contributions, plus earnings thereon. Company matching contributions and earnings thereon vest in accordance with provisions of the plan document as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Participants who leave the Plan because of death, normal retirement, or total and permanent disability, as defined in the Plan, are considered 100% vested.

Payment of Benefits - Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments or partial withdrawal. In-service distributions are allowed if the participant has reached age 59-1/2. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Benefit Recording - Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Recent Accounting Pronouncements - In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting Defined Contribution Pension Plans (Topic 962) Part I. Fully Benefit-Responsive Investment Contracts; Part II. Plan Investment Disclosures; and Part III. Measurement Date Practical Expedient. The ASU was issued to reduce complexity in employee benefit accounting. Part I eliminates the requirement that employee benefit plans measure fully benefit–responsive investment contracts at fair value and provide the related fair value disclosure, rather these contracts are to be measured and disclosed only at contract value. Part II eliminates the requirement that plans disclose: (a) individual investments that represent five percent or more of net assets available for benefits; (b) the net appreciation or depreciation for investments by general type; and (c) investments disaggregated by nature, risks and characteristics. Part III provides a practical expedient to permit plans with a fiscal year-end that does not coincide with a calendar month-end to measure investments and investment-related activity as of a month-end date that is closest to the plan's fiscal year-end. This ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis. Early application is permitted. Plan management elected to early adopt Part II of this guidance for the December 31, 2015 plan year-end. Parts I and III were not applicable to the Plan.

In May 2015, the FASB issued ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using the practical expedient. This ASU is effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years and is to be applied retrospectively to all periods presented. Early application is permitted. Plan management elected to early adopt this guidance for the December 31, 2015 plan year-end and the prior reporting period was retrospectively adjusted. As a result of these two pronouncements, the presentation of the financial statements and certain disclosures has been changed to reflect the adoption of these updates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - The Plan's investments are valued at fair value using quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. The mutual funds held by the Plan are deemed to be actively traded.

The Plan is invested in the Voya Stable Value Option, a pooled separate account, whose only underlying investment is the "Quality Fund II" (the "Fund"). The Fund has imbedded guaranteed investment contracts which are fully benefit responsive as well as other publicly traded fixed income securities. The Fund is presented at fair value, which is based on participation units owned and the NAV of the funds on the last business day of the Plan year. The NAV is based on the fair value of the underlying investments held by the Fund, plus cash balances and accruals, less any liabilities. Participant transactions (issuances and redemptions) may occur daily.

The fund has a credited rate, which is the effective annual rate of interest that is credited to the account, as determined by the issuer, Voya Retirement Insurance and Annuity Company. The crediting rate is subject to a twice a year rate renewal process and is based on a formula agreed upon with the issuer, not to be less than 0.00%. The average yields and crediting interest rates for the Fund were approximately 2.59 and 2.06 percent for the years ended December 31, 2015 and 2014, respectively. These rates also approximate the average yield earned by the Fund adjusted to reflect the actual interest credited to participants.

Should the Plan elect to exit the contract, the Plan can withdraw in cash its pro-rata share of the market value of the underlying assets held in the account by providing a 30 day notification. Plan administration believes termination of the contract is not probable.

There were no unfunded commitments and no redemption limitation or notice periods, but the issuer is allowed to terminate the contract with the fund and settle at an amount different from contract value at any time if required by federal or state law; or if there are any potential or actual adverse financial effects to the contract resulting from any change(s) in plan provisions, the administrative services of the Plan, or investment options offered by the Plan.

3. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain fees paid by the Plan for investment management services are included in net appreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. AMOUNT OWED TO PARTICIPANTS WITHDRAWING FROM THE PLAN

There are no amounts owed to participants who have withdrawn from the Plan as of December 31, 2015 and 2014, that have not been paid and therefore included in net assets available for benefits.

6. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles associated with fair value measurements and disclosure. Generally accepted accounting principles define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1	- quoted prices in active markets for identical assets or liabilities;
Level 2	- inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities ; or
Level 3	- unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

6. FAIR VALUE MEASUREMENTS - CONTINUED

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,409,005	$ -	$ -	$ 6,409,005
Stable Value Option (a)				7,779,586
				$ 14,188,591

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,961,793	$ -	$ -	$ 6,961,793
Stable Value Option (a)				7,229,100
				$ 14,190,893

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the year ended December 31, 2015, there were no transfers in or out of Level 1, Level 2 or Level 3.

7. INVESTMENTS

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The following table presents the fair value of investments held at December 31, 2015 and 2014 and the investment activity for the year ended December 31, 2015.

	2015	2014
Investments	$ 14,188,591	$ 14,190,893

	Year ended December 31, 2015
Net depreciation in fair value of investments	$ (435,513)
Interest and dividends	743,994
	$ 308,481

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

9. TAX STATUS

The Plan adopted a prototype defined contribution plan and trust sponsored by Voya Institutional Trust Company (formerly lNG), effective June 1, 2000. The Internal Revenue Service has determined and informed ING on March 31, 2008 that the Plan is qualified and tax exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since ING received the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring through August 2, 2016, the date that the financial statements were available to be issued for events requiring recording or disclosure in the Plan's financial statements. Effective January 1, 2016, the Plan was amended and restated to conform to the requirement of the current IRS remedial amendment cycle. There were no discretionary changes made in conjunction with the amendment and restatement.
