INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Wilbert Funeral Services, Inc. 401(k) Plan
Overland Park, KS

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Wilbert Funeral Services, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements referred to in the first paragraph.

Other Matter—Supplemental Schedule

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated August 18, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Participant Accounts: Each participant's account is credited with the participant's salary deferral contributions and the Company's matching and profit sharing contributions. Allocations are based on participant elective deferrals or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance, less any loans outstanding.

Vesting: Participants are fully vested in their own contributions to the Plan, plus any earnings thereon. Participants become vested in benefits provided by the Company contributions, plus earnings thereon, based on years of services in accordance with the following vesting schedule.

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 2 years	0%
More than 2 years	25%
More than 3 years	50%
More than 4 years	75%
More than 5 years	100%

Forfeitures: Upon termination from employment by the Company, a participant's non-vested portion of Company contributions and earnings is considered forfeiture and is used to reduce future Company contributions to the Plan. The Plan maintained a balance of \$0 in the forfeiture account at December 31, 2015.

Notes Receivable from Participants: The Plan allows participants to borrow against their accounts, participants may have one outstanding loan at any given time. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the participants vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participants account during the prior twelve month period. All of participant's loans from plans maintained by the Employer or a Related Employer will be considered for purposes of determining the maximum amount of the participants' loan. Up to 50% of the vested account balance may be used as collateral for any loan. At December 31, 2015 and 2014, there were participant loans outstanding of \$294,052 and \$303,836 respectively, bearing interest at rates ranging from 4.25% to 8.0% and maturing ranging from January 2016 to September 2025.

Administrative Expenses: Trustee's fees are billed directly to the Company, with the Trustee reserving the right to charge the fees and expenses directly to the Trust fund if not paid promptly by the Company. Processing fees for participant loans are charged to individual plan participants and deducted from individual plan participant balances as incurred. These expenses affect plan net assets and are reflected in the accompanying financial statements.

NOTE 1. SUMMARY PLAN DESCRIPTION (Continued)

Payment of Benefits: Upon termination of service due to death or if a participant dies after their retirement or disability, but before receiving the value of their Plan account balance, the participant's beneficiary shall receive a lump-sum distribution in cash or in-kind, in the form of various annuity contracts, or any combination thereof.

Upon termination of service other than due to death for participants with a Plan account balance of more than \$5,000, the account balance may not be distributed prior to the participant's 62nd birthday or normal retirement date unless the participant consents to the distribution. Employees choosing to defer distribution continue to participate in investment gains and losses, but are no longer eligible for matching contributions by the Company. If the participant's vested Plan account balance does not exceed \$5,000, the account balance may be distributed by the Plan Sponsor without the participant's consent. Participant balances may be distributed as a lump-sum payment in cash or in-kind, in the form of various annuity contracts, or any combination thereof.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP"). Plan financial statements have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments: The Plan investments are stated at fair market value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Realized and Unrealized Gain on Investments: The realized gain or loss on investments represents the difference between the proceeds at the transaction date and the cost or recorded value of the investment. Unrealized gains or losses on investments represent the net change at year-end between current value and the recorded value of the investments at the time of purchase or the beginning of the year, whichever is later.

Risks and Uncertainties: The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

Payments of Benefits: Benefits are recorded when paid.

Subsequent events: The Plan Management has evaluated subsequent events for recognition and disclosure through September 20, 2016, which is the date the financial statements were available to be issued.

NOTE 3. INCOME TAX STATUS

The IRS had determined and informed the Company by a letter dated August 7, 2001, that the Plan is designed in conformity with the applicable requirements of the Code. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan continues to be tax exempt. Generally accepted accounting principles ("GAAP") require management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely not would be sustained upon examination by the IRS. As the

NOTE 3. INCOME TAX STATUS (continued)

Plan is tax-exempt, the Plan Administrator has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.
