INDEPENDENT AUDITORS' REPORT

Jim Quinlan, President
JAX, Inc. 401(k) Profit Sharing Plan & Trust
Bellvue, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of JAX, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2015 and 2014 (restated), and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Mid Atlantic Trust Company, the custodian and trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 (restated), and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedule as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of JAX, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2010. The Plan is available to employees age 21 years or older who have completed one year of service, except collective bargaining employees, non-resident aliens, and employees acquired as a result of a stock acquisition, merger, or similar transaction involving a change in JAX, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The management of the Company administers the Plan. Mid Atlantic Trust Company ("Mid Atlantic") serves as custodian and trustee and holds and manages Plan assets. Paychex, Inc. ("Paychex") maintains the Plan's records. Mid Atlantic offers Plan participants a variety of investment options through various mutual funds and a money market fund. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted the United States of America.

Contributions

Participants may make contributions to the Plan under both pre-tax and after-tax Roth deferral methods, not to exceed the annual limit set by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. Employee contributions to the Plan are made through regular payroll deductions. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are permitted to participants over the age of 50. For the year ended December 31, 2015, pre-tax contributions were $84,181 and Roth contributions were $47,298.

The Company may make an annual discretionary matching contribution. Employees are eligible to receive employer contributions if they are participating in the Plan, have completed one year of service, and are still employed with the Company at the end of Plan year. The employer contribution is paid in the year following the reported Plan year. Total 2014 (restated) employer contributions paid in 2015 were $58,141, net of $523 forfeitures applied. Total 2015 employer contributions paid in 2016 were $52,387, net of $3,921.

In addition, the Company may make profit sharing contributions at its discretion. These contributions are allocated to active participants in the same ratio that the participant's discrimination testing compensation bears to the total discrimination testing compensation of all participants for the Plan year. No discretionary profit sharing contributions were made to the Plan for the year ended December 31, 2015.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Matching and profit sharing contributions are not eligible for hardship withdrawal.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death, retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000, 95% of half of their vested account balances, or 95% of their total vested account balances excluding their Roth deferral balance. The loans are secured by the balances in the participants' accounts and bear interest at Prime (published by *The Wall Street Journal*) plus 1.00% (4.25% at December 31, 2015). Interest rates range from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan inception. Loans mature at various dates through November 2024. General purpose loans may have a maturity of up to 4 1/2 years and principal residence loans may have a maturity of up to 10 years. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements and supplemental schedule at unpaid principal plus accrued interest.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Participants may not make withdrawals from their accounts prior to the age of 59 1/2, as defined by the Plan document, except in the event of death, disability, termination of employment, or notice of hardship. The Plan allows for distributions for financial hardship, subject to limitations. Required minimum distributions are mandatory beginning April 1 of the year following the calendar year in which a participant reaches the age of 70 1/2. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. The balance of this account at December 31, 2015 and 2014 was $3,921 and $523, respectively. During the year ended December 31, 2015, $523 were used to offset employer contributions.

Valuation of Investments and Income Recognition

The Plan invests in mutual funds and a money market fund, which are recorded at fair value as reported to the Plan by Mid Atlantic. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The Plan provides participants the ability to invest in a money market fund and various mutual funds. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies/defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

At December 31, 2015 and 2014, four investments accounted for 57% and 62% of total investments at fair value, respectively.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendment applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendment is effective for all plan years beginning after December 15, 2015. Entities should apply the amendment in this update retrospectively to all periods presented. As the Plan measures certain assets using the NAV practical expedient, upon adoption of ASU No. 2015-07, the fair value of these plan assets will be removed from the fair value hierarchy in all periods presented in the Plan financial statements. The Plan early adopted this disclosure on investments for which fair value is measured at NAV as a practical expedient.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962);* and *Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient.* The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive contracts. Part II eliminates the current generally accepted accounting principles requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks; and under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendment in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end. The Plan elected to early adopt all three parts of this standard update for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented.

The adoption of these new accounting pronouncements did not have a material impact on the Plan's financial statements.

Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Mid Atlantic has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2015 and 2014 and the income earned or losses incurred on the investments for the year ended December 31, 2015, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Mid Atlantic, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis.

Assets at fair value as of December 31, 2015 were as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,864,439	$ -	$ -	$ 1,864,439
Money market fund	12,180	-	-	12,180
Total	$ 1,876,619	$ -	$ -	$ 1,876,619

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2014 were as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,225,509	$ -	$ -	$ 2,225,509
Money market fund	7,718	-	-	7,718
Total	$ 2,233,227	$ -	$ -	$ 2,233,227

The valuation technique used to measure fair value of the mutual funds and the money market fund was based on quoted daily market value that are directly observable in the marketplace by market participants.

The Plan's management reaffirms its understanding of the valuation techniques used and discussed in Note 1 at least annually. There were no changes to the valuation techniques used during the period.

Note 4 - Income Taxes

The Plan has adopted a prototype plan sponsored by Paychex, which has received a favorable opinion letter from the IRS dated April 10, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provisions for federal or state income taxes have been included in the accompanying financial statements.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt for the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and receivables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the years ended December 31, 2015 and 2014 due to the accrual of employer contributions paid to the Plan subsequent to year-end.

Note 9 - Restatement

The 2014 financial statements did not report the accrual of the employer contribution receivable and the related employer contribution income; therefore, the 2014 financial statements were restated to present them in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT

Jim Quinlan, President
JAX, Inc. 401(k) Profit Sharing Plan & Trust
Bellvue, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of JAX, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2015 and 2014 (restated), and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Mid Atlantic Trust Company, the custodian and trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 (restated), and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedule as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of JAX, Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2010. The Plan is available to employees age 21 years or older who have completed one year of service, except collective bargaining employees, non-resident aliens, and employees acquired as a result of a stock acquisition, merger, or similar transaction involving a change in JAX, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The management of the Company administers the Plan. Mid Atlantic Trust Company ("Mid Atlantic") serves as custodian and trustee and holds and manages Plan assets. Paychex, Inc. ("Paychex") maintains the Plan's records. Mid Atlantic offers Plan participants a variety of investment options through various mutual funds and a money market fund. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted the United States of America.

Contributions

Participants may make contributions to the Plan under both pre-tax and after-tax Roth deferral methods, not to exceed the annual limit set by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. Employee contributions to the Plan are made through regular payroll deductions. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are permitted to participants over the age of 50. For the year ended December 31, 2015, pre-tax contributions were $84,181 and Roth contributions were $47,298.

The Company may make an annual discretionary matching contribution. Employees are eligible to receive employer contributions if they are participating in the Plan, have completed one year of service, and are still employed with the Company at the end of Plan year. The employer contribution is paid in the year following the reported Plan year. Total 2014 (restated) employer contributions paid in 2015 were $58,141, net of $523 forfeitures applied. Total 2015 employer contributions paid in 2016 were $52,387, net of $3,921.

In addition, the Company may make profit sharing contributions at its discretion. These contributions are allocated to active participants in the same ratio that the participant's discrimination testing compensation bears to the total discrimination testing compensation of all participants for the Plan year. No discretionary profit sharing contributions were made to the Plan for the year ended December 31, 2015.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Matching and profit sharing contributions are not eligible for hardship withdrawal.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death, retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000, 95% of half of their vested account balances, or 95% of their total vested account balances excluding their Roth deferral balance. The loans are secured by the balances in the participants' accounts and bear interest at Prime (published by *The Wall Street Journal*) plus 1.00% (4.25% at December 31, 2015). Interest rates range from 4.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan inception. Loans mature at various dates through November 2024. General purpose loans may have a maturity of up to 4 1/2 years and principal residence loans may have a maturity of up to 10 years. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements and supplemental schedule at unpaid principal plus accrued interest.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. Accounts with balances less than $5,000 may be immediately distributed upon a distribution event. Participants may not make withdrawals from their accounts prior to the age of 59 1/2, as defined by the Plan document, except in the event of death, disability, termination of employment, or notice of hardship. The Plan allows for distributions for financial hardship, subject to limitations. Required minimum distributions are mandatory beginning April 1 of the year following the calendar year in which a participant reaches the age of 70 1/2. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. The balance of this account at December 31, 2015 and 2014 was $3,921 and $523, respectively. During the year ended December 31, 2015, $523 were used to offset employer contributions.

Valuation of Investments and Income Recognition

The Plan invests in mutual funds and a money market fund, which are recorded at fair value as reported to the Plan by Mid Atlantic. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

The Plan provides participants the ability to invest in a money market fund and various mutual funds. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies/defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

At December 31, 2015 and 2014, four investments accounted for 57% and 62% of total investments at fair value, respectively.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The amendment applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendment is effective for all plan years beginning after December 15, 2015. Entities should apply the amendment in this update retrospectively to all periods presented. As the Plan measures certain assets using the NAV practical expedient, upon adoption of ASU No. 2015-07, the fair value of these plan assets will be removed from the fair value hierarchy in all periods presented in the Plan financial statements. The Plan early adopted this disclosure on investments for which fair value is measured at NAV as a practical expedient.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962);* and *Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient.* The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive contracts. Part II eliminates the current generally accepted accounting principles requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks; and under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendment in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end. The Plan elected to early adopt all three parts of this standard update for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented.

The adoption of these new accounting pronouncements did not have a material impact on the Plan's financial statements.

Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Investments Certified by the Trustee

Mid Atlantic has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2015 and 2014 and the income earned or losses incurred on the investments for the year ended December 31, 2015, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Mid Atlantic, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis.

Assets at fair value as of December 31, 2015 were as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,864,439	$ -	$ -	$ 1,864,439
Money market fund	12,180	-	-	12,180
Total	$ 1,876,619	$ -	$ -	$ 1,876,619

Note 3 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2014 were as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,225,509	$ -	$ -	$ 2,225,509
Money market fund	7,718	-	-	7,718
Total	$ 2,233,227	$ -	$ -	$ 2,233,227

The valuation technique used to measure fair value of the mutual funds and the money market fund was based on quoted daily market value that are directly observable in the marketplace by market participants.

The Plan's management reaffirms its understanding of the valuation techniques used and discussed in Note 1 at least annually. There were no changes to the valuation techniques used during the period.

Note 4 - Income Taxes

The Plan has adopted a prototype plan sponsored by Paychex, which has received a favorable opinion letter from the IRS dated April 10, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provisions for federal or state income taxes have been included in the accompanying financial statements.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt for the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and receivables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the years ended December 31, 2015 and 2014 due to the accrual of employer contributions paid to the Plan subsequent to year-end.

Note 9 - Restatement

The 2014 financial statements did not report the accrual of the employer contribution receivable and the related employer contribution income; therefore, the 2014 financial statements were restated to present them in accordance with accounting principles generally accepted in the United States of America.
