ECMM Services, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of ECMM Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan covering the employees of ECMM Services, Inc. (the Company) who attain the age of 21 and have completed one year of service with a minimum of 1,000 hours during that time. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is State Street Bank and Trust Company (the "Trustee").

Contributions

The Plan allows participants to defer a percentage of their eligible compensation as contributions to the Plan. Contributions are subject to certain limitations. The Company matches 100 percent of the participant's salary deferral up to 4 percent of the employee's eligible compensation. Additional contributions can be made at the discretion of the Company's Board of Directors.

Participant Investment Account Options

Investment account options include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and Company contributions, plus earnings thereon.

Payment of Benefits

Upon retirement or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or, if the balance is over $5,000, payment in installments as described in the *Plan Document*.

Note 1: Description of the Plan, continued

Forfeited Accounts

Forfeited accounts are used to reduce future Company contributions and administration fees. There was no forfeiture activity and no forfeitures used to offset employer contributions for the year ended December 31, 2015.

Participant Loans

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $500. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are repayable over a period not to exceed five years (except loans for the purchase of a principal residence, which is repayable over a period not to exceed thirty years). Interest on the loans is based on the prime rate as specified in Wall Street Journal plus 1 percent.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. The Company has not expressed such intention as of this financial statements date. In the event of Plan termination, participants would become fully vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Valuation of Investments and Income Recognition

The Plan's assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized on the accrual basis, while dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan has an investment option, the MetLife Reliance Stable Value Fund Series 25053 - Class 0, a fully-benefit responsive investment account. That investment is reported at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan that is attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. In year 2015, there was distribution of $0.20 million, including termination distribution of $0.17 million accounted for more than 80% of the total payment of benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the *Plan Document*.

Note 2: Summary of Significant Accounting Policies, continued

Administrative Expenses

Administrative Expenses are included in Other Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Recordkeeping fees and fees related to the administration of notes receivable from participants, distributions and investment related expenses are charged directly to the participant's account.

Recently Adopted Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued guidance, Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (*Topic 820*), eliminating the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) per share. The guidance is effective for fiscal year beginning after December 15, 2015, with early adoption permitted. The Plan presents the investment disclosure required by this guidance in the fair value hierarchy disclosures for 2015 and 2014 in Note 6, "Fair Value Measurements." The adoption did not have a material effect on the financial statements.

In July 2015, the FASB issued guidance to simplify employee benefit plan accounting, ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans *(Topic 960),* Defined Contribution Pension Plans *(Topic 962)* and Health and Welfare Benefit Plans *(Topic 965)*: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I of this guidance eliminates the requirements to measure the fair value of fully benefit responsive contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits, net appreciation or depreciation for investments by general type, and disaggregated investments by nature, risks, and characteristics. Part III provides employee benefit plans with a Measurement Date Practical Expedient. Part III is not applicable to the plans. The guidance is effective for fiscal year beginning after December 15, 2015, with early adoption permitted. Adoption of this guidance and prior year reclassifications did not have a material impact on reported financial statements or disclosures.

Note 3: Party-in-interest Transactions

The Company, the plan sponsor, provides certain administrative services at no cost to the Plan. In addition, certain Plan investment options are sponsored by the Trustee of the Plan. Therefore, any transaction executed with the Trustee qualifies as a party-in-interest transaction.

Notes 4: Plan Tax Status

The Plan has received a copy of the opinion letter, dated July 16, 2014 and addressed to the Plan's service provider, Automatic Data Processing, Inc. (ADP), from the Internal Revenue Service (IRS) for the acceptability of the form of its prototype plan. The IRS letter indicates that the form of the Plan is acceptable under Internal Revenue Code. It further states that an employer who adopts this plan will be considered to have a plan qualified under Code Section 401(a).

The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan and related trust were qualified as tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6: Fair Value Measurements-unaudited

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Note 6: Fair Value Measurements-unaudited, continued

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 quoted prices for identical assets, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds and equity securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include pool separate accounts, corporate bonds and municipal securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan did not have any Level 2 and Level 3 measurements as of December 31, 2015 and 2014.

Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

Common/collective trust funds ("CCT") are valued using Net Asset Value (NAV) based on the value of the fund's underlying assets (minus applicable costs and liabilities), divided by the number of shares outstanding. The underlying investments are valued by the issuer using either quoted market prices on active markets or observable inputs or quotations from inactive markets.

The common/collective trust fund solely includes MetLife Reliance Stable Value Fund Series 25053 - Class 0. Stable value investments may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the fund at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

Note 6: Fair Value Measurements-unaudited, continued

The preceding method described for valuation of the fund may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2015:

		Fair Value Measurement Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds:	$2,461,881	$2,461,881		
Total assets in the fair value hierarchy	$2,461,881	$2,461,881	$0	$0
Investments measured at NAV(a)	$297,004			
Investments at fair value	$2,758,885			

The following table set forth a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2014:

		Fair Value Measurement Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds:	$2,124,718	$2,124,718		
Total assets in the fair value hierarchy	$2,124,718	$2,124,718	$0	$0
Investments measured at NAV(a)	$250,480			
Investments at fair value	$2,375,198			

Note 6: Fair Value Measurements-unaudited, continued

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) (NAV) have not been classified in the fair value hierarchy. The fair value amounts represented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair Value Estimated Using NAV per Share

Investment	Fair Value as of 12/31/15	Fair Value as of 12/31/14	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trusts:						
Stable value	$297,004	$250,480	Not applicable	Daily	None	Daily

Note 7: Subsequent Event

Date of Management's Review

The Plan Administrator has evaluated subsequent events through September 8, 2016, the date the financial statements were available to be issued, and made any necessary adjustments and disclosures, as applicable.

Plan Amendment

Effective on January 1, 2016, the Plan was amended by adding Roth elective deferral. The provisions were restated.
