December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of Ash Grove Cement Company 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. On December 2, 2014, the Plan was amended and restated to adopt a retirement plan and trust under the Putnam Fiduciary Trust Company Defined Contribution Prototype Plan and Trust. Effective January 1, 2016, the Plan amended and restated to adopt a retirement plan and trust under the Great-West Trust Company Defined Contribution Prototype Plan and Trust.

General

The Plan is a defined contribution savings plan sponsored by Ash Grove Cement Company (the Company). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Employees of the Company not covered by a collective bargaining agreement are eligible to participate after 30 days of service. Employees who are classified as temporary or seasonal are eligible to participate in the Plan upon completing one year of service and reaching the age of 21. Principal Life Insurance Company and Great-West Trust Company serve as custodians of the Plan as of and for the year ended December 31, 2015 and Principal Trust Company, Principal Life Insurance Company, Putnam Fiduciary Trust Company and Great-West Trust Company serve as custodians of the Plan as of and for the year ended December 31, 2014.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make biweekly contributions of up to 50% of eligible compensation. Effective December 2, 2014, the Plan allows employees to make both pre- and Roth contributions. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All participant and Company contributions are to be invested at the discretion of the participant.

Company contributions are discretionary and are based on a percentage of employee pretax contributions. For the years ended December 31, 2015 and 2014, the Company matched 50% of employee contributions, up to the first 4% contributed, except as discussed below.

For the years ended December 31, 2015 and 2014, the Company matched 100% of employee contributions, up to the first 6% contributed for employees who first performed an hour of service for Ash Grove Materials Corporation or its subsidiaries on or after October 1, 2009.

Effective December 2, 2014, all new eligible employees are automatically enrolled into the Plan after 30 days of service at an automatic deferral rate of 4%, unless the participant specifies a different rate, or opts not to contribute.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants become 100% vested in Company contributions and earnings thereon after three years of service. If a participant terminates employment because of retirement, death or disability, as defined by the Plan, the participant becomes 100% vested regardless of the years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only one loan may be granted during any one-year period and only one loan may be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the loan administrator. Principal and interest are paid ratably through payroll deductions. The maximum repayment terms for a loan is five years, unless the loan is for purchase of principal residence, in which case the maximum term is 10 years. Participants are charged a \$50 set up fee when a loan is initiated and a quarterly maintenance fee of \$6.25.

Payment of Benefits

Benefits are payable in the event of retirement, death, termination of employment or other defined hardship. Terminated participants may elect to receive a lump-sum distribution, annuity contracts or monthly, quarterly, semiannual or annual installments for not more than the participant's life expectancy. Lump-sum distributions and installments are made in cash. If the value of the vested account is more than \$5,000, and the reason for termination is not death or permanent and total disability, the participant may elect to defer distribution to a date between age 55 and April 1 following the year the participant attains age 70½.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$17,147 and \$1,617, respectively. These accounts will be used to first pay plan expenses, and then to pay Company contributions.

Plan Transfers

During 2015, assets in the amounts of \$637,700, were transferred into this Plan from the Ash Grove Hourly 401(k) Savings Plan, and \$26,901 from the Ash Grove Cement Company Employee Stock Ownership Plan, which are other retirement plans sponsored by the Company.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common stocks and U.S. government securities are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Participant loans are valued at amortized cost, which approximates fair value.

The fair value of the guaranteed investment contracts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Notes to Financial Statements

December 31, 2015 and 2014

Reclassifications

Certain reclassifications have been made to the 2014 financial statement to conform to the 2015 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Certification of Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodians at December 31, 2015 were Principal Life Insurance Company and Great-West Trust Company and at December 31, 2014 were Principal Trust Company, Principal Life Insurance Company, Putnam Fiduciary Trust Company and Great-West Trust Company. Accordingly, the custodians of the Plan have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Plan Amendments

Effective December 2, 2014, the Plan was amended and restated ("Plan Amendment") and a new trustee, administrator and custodian ("Trustee") of the Plan was appointed. The conversion initiated a "Black Out" period beginning November 21, 2014 and continued through December 14, 2014. During this period, funds could not be applied to the employee-selected funds with the Trustee or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held by Putnam Fiduciary Trust Company until the completion of the Black Out period. At the end of the Black Out period, these funds were invested in funds as requested by each participant.

Ash Grove Cement Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

During 2015, the Board of Directors approved a resolution to enhance the Company contribution to the Plan effective January 1, 2016 for employees of Ash Grove Cement Company. The enhancements include:

- Increase the Company matching contribution to 100% of the first 5% of eligible compensation contributed by participant on their pre-tax and Roth elective contribution withheld from their pay.
- Add fixed-rate contributions by the Company of 3%, 5% or 7% of participants' eligible compensation, the formula to be based on age and service as of December 31 of each applicable plan year.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Collective Trust – Putnam calculates a net asset value based on the market value of its underlying investments. The collective trust invests in mutual funds and guaranteed investment contracts. The net asset values of the mutual funds and guaranteed investment contracts are used to determine the net asset value of the collective trust, less operating expenses, if any.

Mutual Funds, Money Market Accounts and Common Stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed Interest Accounts – Valued at the sum of the estimated fair values of each contract of the guaranteed investment contract fund because they are not fully benefit-responsive. Fair value represents the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

Individual Directed Brokerage Accounts – Consist of mutual funds and common stock and are valued as discussed above.

Ash Grove Cement Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2015 and 2014.

Instrument	Fair Value at 12/31/15	Valuation Technique	Unobservable Inputs	Range of Rates
Guaranteed Interest Accounts	\$ 2,861,844	Market Value Adjustment (Market Approach)	Composite Int. Rates	0.39% - 1.20%

Guaranteed Interest Accounts	\$ 2,979,778	Market Value Adjustment (Market Approach)	Composite Int. Rates	0.72% - 1.97%

Note 6: Investment Contract with Insurance Company

The Plan provides a nonbenefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Note 7: Related Party and Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the plan custodians. The Plan paid \$11,151 of recordkeeping fees to custodians during 2015.

Ash Grove Cement Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Certain plan investments are shares of funds managed by Putnam Fiduciary Trust Company. Putnam Fiduciary Trust Company is the custodian during 2014 as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Also, certain plan investments are in a guaranteed interest contract with Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Company provides certain administrative services at no cost to the Plan.

Ash Grove Cement Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 10: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Putnam Fiduciary Trust Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 13: Subsequent Events

Effective May 26, 2016, the Plan implemented a "true up" on employer matching contribution at the end of the year.

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
