Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of Acument Global Technologies, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of Acument Global Technologies, Inc. (the "Company"). The Plan does not cover leased employees, nonresident aliens, and employees covered by a collective bargaining agreement, unless provided for under the provisions of the Plan. Employees who have completed 45 days of service are eligible to participate in the Plan. Eligible employees are automatically enrolled in the Plan once they have completed 45 days of service unless they affirmatively decline to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 1, 2015, Fontana Fasteners, Inc. 401(k) Plan, an entity under common control, merged into the Plan, resulting in a transfer of assets in the amount of \$5,182,680.

Contributions - Participants may elect to make 401(k) deferral contributions up to a maximum of 40 percent of the annual compensation (as defined) subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 are eligible to make catch-up contributions which are also subject to IRS limitations. If automatically enrolled, a participant's deferral is set at 3 percent of eligible compensation and increases annually by 1 percent until 6 percent or changed by the participant. Participants have the option to designate all or a portion of their contributions as Roth 401(k) or voluntary after-tax contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company contributes 100 percent of the first 1 percent of compensation that a participant contributes to the Plan, then 50 percent of the next 8 percent up to a total contribution of 5 percent of the employee's compensation. Discretionary matching contributions may be contributed as determined by the Company's board of directors. No such amounts were contributed in 2015.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. Contributions of automatically enrolled participants are invested in the applicable life cycle fund based on a participant's age until the participant elects otherwise.

Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in all employee contributions including rollover contributions and actual earnings thereon. Vesting in the employer contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Employer contributions after July 1, 2010 will fully vest after two years for nonbargained employees. Employer contributions after July 1, 2011 will fully vest after two years for bargained participants. Any prior matching contributions vest as follows: 25 percent at two years, 50 percent at three years, 75 percent at four years, and 100 percent at five years.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures may be used to offset plan expenses or reduce future employer contributions.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12-month period or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable fixed rate, which is commensurate with local prevailing rates as determined by the plan administrator at the date of issuance. Principal and interest are paid ratably through payroll deductions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Diversified Investment Advisors. Diversified Investment Advisors is an affiliate of Transamerica Retirement Solutions, LLC, the Plan's recordkeeper. Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There were no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 10, 2016, which is the date the financial statements were available to be issued.

Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Change in Presentation - The presentation of the stable value common collective trust for 2014 has been changed to be consistent with the 2015 presentation. The fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

State Street Bank and Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by Transamerica Retirement Solutions, LLC, on behalf of the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 4 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 63,789,199	\$ 63,789,199	\$ -	\$ -
Investments measured at NAV - Common collective trust fund	2,661,105			
Total investments at fair value	\$ 66,450,304			

Assets Measured at Fair Value on a Recurring Basis at December 31, 2014

	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 54,458,145	\$ 54,458,145	\$ -	\$ -
Investments measured at NAV - Common collective trust fund	1,997,817			
Total investments at fair value	\$ 56,455,962			

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Acument Global Technologies, Inc. Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.
