Note 1 - Description of the Plan and Significant Accounting Policies

The following description of East West Resorts, LLC 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1990 and restated effective October 1, 2015. The Plan is available to employees of East West Resorts, LLC (the "Company") who are 18 years or older. The Plan is not available to union employees, non-resident alien employees, leased employees, or employees under written visa agreements. Eligible employees may enter the Plan January 1, April 1, July 1, or October 1. In order to receive a year of credited service for vesting purposes, employees must complete at least 1,000 hours of service within a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Officers of the Company administer the Plan. State Street Bank and Trust Company ("State Street") serves as trustee and holds Plan assets. Transamerica Retirement Solutions Corporation ("Transamerica") manages Plan assets and maintains the Plan's records. Transamerica offers Plan participants a variety of investment options through a common/collective trust and various mutual funds. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make contributions of their annual compensation, designated as pre-tax or after-tax Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant's pre-tax and Roth 401(k) contributions cannot exceed the maximum amounts allowed by law. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. For the year ended December 31, 2015, all newly eligible participants are automatically enrolled to participate in the Plan at a deferral rate equal to 4% of compensation as specified in the Plan document unless they elect not to participate or have specified a deferral percentage as an elective contribution to the Plan. Participants may change their elective deferral contributions at any time.

The Company may contribute matching contributions in an amount to be determined by the employer as well as a discretionary secondary match. Matching contributions are funded on a pay-period basis and are trued up on a pay-period basis based on participants' annual compensation. Secondary contributions are funded on an annual basis. For the year ended December 31, 2015, the Company contributed a matching contribution of 25% of up to 6% of participants' eligible compensation to the Plan, totaling $250,142. No discretionary secondary match was accrued or paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions; an allocation of the Company's matching contributions, if applicable; Plan earnings or losses; and administrative expenses based upon account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon.

Any employer contributions (including forfeitures) and the earnings or losses thereon will vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	40%
2	70%
3 or more	100%

A participant's account becomes 100% vested upon death, total and permanent disability, attaining normal retirement age (the age of 60), or if the Plan is terminated.

Participant Notes Receivable

Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Participants may have two notes outstanding at one time. The maximum note repayment period is 5 years with the exception of notes for a principal residence, which may be repaid over a period of up to 15 years. The notes are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 4.25% at December 31, 2015, which are established at the time of origination of the notes at the prime rate plus 1.00%. Principal and interest are paid ratably through regular payroll deductions with maturity dates through June 2030. Participant notes are recorded in the financial statements at cost plus accrued interest.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payments of Benefits

Upon retirement (age 60), in-service withdrawal upon attainment of age 59½, disability, death, or termination of employment, a participant may receive payment in the amount equal to the participant's vested account balance within a reasonable period of time, as defined in the Plan document. Benefit payments are made in the form of a lump-sum mandatory distribution if less than $1,000. If a participant's vested account balance exceeds $1,000 but is less than $5,000, benefit payments are made in the form of a lump-sum distribution, which the participant may elect to receive as a cash distribution or roll over to another qualified retirement plan or individual retirement account ("IRA"), or, if the participant makes no such election, the Plan may automatically distribute the balance to an IRA on the participant's behalf. If a participant's vested account balance exceeds $5,000, such balance may remain invested in the Plan or benefits may be paid in the form of periodic partial payments, substantially equal installments, or a lump-sum payment as elected by the participant. Benefits are recorded as distributions to participants when paid.

Participants may also receive lump-sum payments for financial hardship (as defined in the Plan document) in an amount not to exceed the amount necessary to satisfy the immediate need. In accordance with IRS regulations, participants receiving a hardship withdrawal will be suspended from making elective deferral contributions for a period of six months after receipt of the hardship withdrawal.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be utilized to reinstate previously forfeited balances for rehired participants, offset future employer contributions, or pay Plan expenses. The Plan held unused forfeitures of $314 and $20,781 at December 31, 2015 and 2014, respectively. Forfeitures of $36,191 were used to reduce Company contributions during the year ended December 31, 2015.

Valuation of Investments and Income Recognition

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in mutual funds are recorded in the financial statements at fair value based on quoted market prices, as reported by the Plan trustee. The common/collective trust, consisting of guaranteed investment contracts with no unfunded commitments and which generally can be redeemed daily, is valued by the trustee based upon the net asset value ("NAV") of the investments comprising the trust. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Basis of Accounting and Use of Estimates

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not necessarily associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of December 31, 2015 and 2014, four investments accounted for 63% and 61% of the total fair value of investments, respectively.

Administrative Expenses

The Company pays certain expenses for operating and maintaining the Plan at no cost to the Plan.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The update applies to reporting entities that elect to measure the fair value of an investment using the NAV per share (or its equivalent) practical expedient. The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using NAV as a practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV as a practical expedient. The update is effective for all plan years beginning after December 15, 2015. Earlier application is permitted. Entities should apply the update retrospectively to all periods presented. The Plan measures certain assets using the NAV practical expedient, and the Plan administrator has elected to early adopt the provisions of the new standard. Accordingly, the fair value of these Plan assets has been removed from the fair value hierarchy in all periods presented in the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II eliminates the current general requirements for plans to disclose: individual investments that represent 5% or more of net assets available for benefits; the net appreciation or depreciation for investments by general type; the need to disaggregate the investments in multiple ways; and disclosure regarding investment strategies for investments measured at NAV that are direct filing entities. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Parts I and III were not applicable to the Plan. The amendments in Part II should be applied retrospectively for all periods presented. The Plan administrator has elected to early adopt Part II of the new standard. Accordingly, relevant disclosures that were previously required have been revised accordingly.

Subsequent Events

The Company has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. Effective January 1, 2016, the Plan's Eligible Automatic Contribution Arrangement ("EACA") default deferral rate percentage will increase to 6% and will apply to newly eligible employees and participants previously not contributing to the Plan, or contributing less than 6%, under existing EACA provisions. The EACA will continue to apply a permissible withdrawal provision in which employees may withdraw elective deferrals and applicable earnings from the Plan.

Note 2 - Assets Certified by State Street

State Street has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant notes receivable at amortized cost as of December 31, 2015 and 2014, as well as the income earned or losses incurred thereon for the year ended December 31, 2015, as reflected in the accompanying financial statements and supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

The Plan applies fair value accounting standards that establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis as of December 31, 2015 and 2014.

	Investment Assets at Fair Value at December 31, 2015			
Description	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 314	$ -	$ -	$ 314
Mutual funds at fair value	12,567,096	-	-	12,567,096
	$ 12,567,410	$ -	$ -	12,567,410

Note 3 - Fair Value Accounting (continued)

	Investment Assets at Fair Value at December 31, 2014			
Description	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 21,646	$ -	$ -	$ 21,646
Mutual funds at fair value	11,167,299	-	-	11,167,299
	$ 11,188,945	$ -	$ -	11,188,945

There were no changes to the valuation techniques used or significant transfers of investments between levels for the year ended December 31, 2015.

Note 4 - Excess Contributions Payable

Contributions received from participants for 2015 are net of payments of $7,650 made in 2016 to certain active participants to return excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. Similarly, contributions received from participants for 2014 are net of payments of $57,688 made in 2015. Excess contributions are included in the accompanying statements of net assets available for benefits as excess contributions payable.

Note 5 - Income Taxes

The Plan, as restated, operates under a volume submitter plan document that obtained its last opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in these financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are an interest-bearing cash account and mutual funds managed by Transamerica. Transamerica is the recordkeeper as defined by the Plan document; therefore, these transactions qualify as party-in-interest. These transactions are exempt from the prohibited transaction regulations.

The Plan provides for participant loans. These transactions qualify as party-in-interest, which are exempt from the prohibited transaction rules.
