GREAT LAKES INTEGRATED 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Great Lakes Integrated 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Great Lakes Integrated (the Company), except employees covered by a collective bargaining agreement and/or certain non-resident aliens. Employees are eligible to participate in the Plan after three months of service and attaining age 21 for employee elective deferral contributions, and six months of service for employer matching and discretionary contributions. Plan entry dates are either January 1st or July 1st following the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

A participant may contribute, through payroll reductions, from 1% to 20% of annual pre-tax compensation, up to the maximum dollar amount allowed by law (plus catch-up contributions as defined by the Plan document). Participants may also make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans.

The Company contributes 25% of the first 4% of compensation that the participant contributes to the Plan. The Company does not match catch-up contributions. Employer matching contributions totaled \$38,359 and \$42,803 for the Plan years ended December 31, 2015 and 2014, respectively. Additionally, employer discretionary contributions can be made annually as determined by the Company. During the years ended December 31, 2015 and 2014, the Company did not make any discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's allocation of discretionary employer contributions, matching contributions, and any earnings thereon, and charged with an allocation of administrative expenses. Discretionary contributions are allocated as a percentage of compensation of eligible participants for the Plan year. Allocations of the earnings and expenses are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, employer matching contributions, and employer discretionary contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, participants may direct contributions to their accounts into various investment options offered by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or separation of service, a participant may elect to receive partial payments or a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to receive periodic payments through a life annuity or a joint and survivor annuity equal to the value of the participant's vested interest in his or her account. Participants may also be permitted to receive a distribution limited to the elective deferral amount from their account prior to termination of employment if they experience financial hardship.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Notes receivable terms range from one to five years. The notes receivable are secured by the balance in the participant's account and bear interest at a fixed rate determined by the Company. Principal and interest are paid ratably through payroll deductions. Interest income of \$8,257 and \$6,579 for 2015 and 2014, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments purchased and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan allows administrative expenses to be paid either by the Plan or the Company, at the discretion of the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Subsequent Events

The Company evaluated subsequent events through August 8, 2016, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2015 and 2014. The investments and investment activity have been certified as complete and accurate by Principal Trust Company, the trustee of the Plan, and have not been audited by the independent auditors.

	<u>2015</u>	<u>2014</u>
Common collective trust	\$ 1,842,585	\$ 1,829,947
Registered investment companies	<u>11,622,119</u>	<u>12,125,941</u>
	<u>\$13,464,704</u>	<u>\$13,955,888</u>

The Plan's registered investment companies (including gains and losses on investments purchased and sold, as well as held during the year) (depreciated) appreciated in value by (\$555,985) and \$371,506 during the years ended December 31, 2015 and 2014, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already recognized or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies – Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust – Valued at the invested principal plus accrued interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total assets at fair value	<u>\$ 12,125,941</u>	<u>\$ 1,829,947</u>	<u>\$ 13,955,888</u>

5. TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan. The Plan received its latest favorable opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Additionally, prior to March 31, 2014 the Plan was operating under a favorable opinion letter dated March 31, 2008. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. PARTY-IN-INTEREST

Certain Plan investments at December 31, 2015 and 2014 are invested in funds managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

8. CORRECTIVE DISTRIBUTIONS PAYABLE

In order to pass the 2014 Actual Deferral Percentage (ADP) Test, the Plan administrator elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount was \$3,093 for 2014, and was distributed in February 2015. This amount has been included as corrective distributions payable in the accompanying 2014 Statement of Net Assets Available for Benefits.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2015, Plan management has elected to adopt the provisions of *ASU No. 2015-12 – Plan Accounting: Defined Contributions Plans (Topic 962)*, which reduces the complexity of Plan investment disclosures. Under the update, the Plan may present investments measured using fair value aggregated by general type, rather than present detailed categories under each general type. In addition, the Plan is no longer required to separately present those investments that represent 5% or more of Plan net assets. The Plan also is no longer required to report the adjustment of fair value to contract value on the Statement of Net Assets Available for Benefits. The updated disclosures have been applied as of and for the years ended December 31, 2015 and 2014 and have no effect on the changes in net assets as previously reported.

11. RECONCILIATION TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 13,684,052	\$ 14,168,473
