Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Rio Grande Retirement Savings Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certification from Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that the information provided to the plan administrator by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company is complete and accurate.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the University of Rio Grande Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established on January 1, 2003, is a defined contribution plan covering all employees of University of Rio Grande ("University"), who have completed one year of service and have attained age 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may voluntarily contribute up to 50% of their pretax annual compensation, as defined by the Plan. The Plan allows participants who have attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified plans. The University will make a profit sharing contribution based upon age and vested service. The "Basic Contribution" is based upon the "Basic Contribution Percentage" multiplied by the participant's eligible compensation. The "Basic Contribution Percentage" equals the sum of the percentage determined based upon the participant's years of vesting service at the beginning of the Plan Year plus the percentage determined based upon the participant's age at the beginning of the year. Effective September 1, 2015, the Plan suspended the employer contribution through September 1, 2016. The Plan was established when the benefit accruals in the University of Rio Grande Pension Plan ("Prior Plan") were frozen. To ensure participants in the Prior Plan were not adversely impacted by the change in benefits, the University will make a "Supplemental Contribution" to a Prior Plan participant if the participant's projected benefit is less than his or her target benefit. The supplemental contribution was determined at the time the prior plan was frozen and is being paid as the related participants are providing service to the plan sponsor.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the University's contribution and (b) plan earnings. Allocations are based on participant earnings, age, years of service, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Each participant may direct their contributions in any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability regardless of years of service.

Vesting: Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. Vesting in the remainder of the account plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. Effective January 1, 2011, the Plan was amended to immediately vest participants in their entire account balance as long as they were an employee of the University on January 1, 2011.

Forfeitures: Per the Plan document, the forfeitures may be used to reduce employer contributions of the Plan. During 2015, $0 of forfeitures was used to reduce employer contributions.

Payment of Benefits: On termination of service, disability, retirement, or death, a participant may elect to receive either a monthly installment not to exceed five years or a lump sum amount equal to the value of his or her vested interest in the account. During 2005, the Plan was amended to adopt Automatic Rollover provisions for participants who are eligible for distribution with balances less than $5,000. Benefits are recorded when paid.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants: The Plan provides that participants may borrow from the Plan. These notes are secured by the vested portion of the participant's account balance. The amount a participant may borrow is limited to the lesser of $50,000 or 50% of their vested account balance. Principal and interest payments are made via payroll deductions or check**.**

Administration of Plan Assets: Certain administrative functions are performed by officers or employees of the University. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the University. Investment management fees and operating expenses charged to the Plan for investment in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented, and disclosed only at contract value, and it clarifies that a plan's investments in stable value funds are not FBRICs and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan provides for certain investment options in pooled separate accounts, guaranteed interest accounts, and mutual funds. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Registered Investment Companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction price. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Collective Trust: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund. The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at reported net asset value per share, with a required 30-day written notification.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Traditional Guaranteed Investment Contract: The Plan holds a traditional guaranteed investment contract that is not fully benefit-responsive due to certain liquidity restriction provisions of the contract and, accordingly, it is measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contract is estimated by the insurance company that has issued the contract to the Plan, by discounting the projected cash flows based upon current yields for contracts with comparable durations and credit quality of the issuers (Level 3 inputs). The plan administrator reviews and evaluates the methodology and assumptions used by the contract issuer, including consideration of economic conditions and discussions with the issuer regarding the applicability of the specific level 3 measurement inputs to the Plan's investment contract, and review of current rating agency reports for the issuer.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2015 Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The table below presents a reconciliation of all investments measured at fair value on a recurring basis using significant unobservable inputs (level 3) for the year ended December 31, 2015, including the reporting classifications for the applicable gains and losses included in the statement of changes in net assets available for benefits:

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the University has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, hold investment assets and execute transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

NOTE 5 – PARTY-IN-INTEREST

Parties-in-interest are defined as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

The Plan's investments in units of pooled separate accounts and guaranteed interest accounts are managed by Principal Life Insurance Company ("Principal"). Principal is the custodian as defined by the Plan, and therefore, these investments qualify as party-in-interest investments. The Plan held $51,730 and $43,242 in notes receivable from participants as of December 31, 2015 and 2014, respectively. Certain administrative fees are paid by the University on behalf of the Plan. Certain other administrative fees are paid directly by the Plan and are detailed below.

(Continued)

NOTE 5 – PARTY-IN-INTEREST (Continued)

Identity	Relationship		
Principal Life Insurance Company	Plan Custodian	$	79,692
Nyhart	Actuary		12,001
Crowe Horwath LLP	Plan Auditor		8,992
Baker & Hostetler LLP	Attorney		2,042

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the University by letter dated January 31, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 – FORM 5500 RECONCILIATION
