Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan

The following description of Strang Corporation 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan operates under various agreements between the Plan and Custodian. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended and restated to incorporate past amendments and changes in the tax law.

Participating Employers:

The following employers participate in the Plan: Strang Corporation and American Bread Company LLC.

Eligibility:

The Plan's age requirement is 21. The Plan excludes most hourly restaurant employees, with specific exceptions. Those exceptions include 1) specified bakers at American Bread Company LLC and 2) "managers in training" at any participating employer. One year of service is required to receive the match.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect up to the maximum amount allowed by law. Effective January 1, 2014, salaried managers who became a participant on or after this date will be automatically enrolled with a pretax deferral election equal to 3% of compensation per payroll period, unless they advise otherwise.

Employer Matching Contributions – The Company may make matching contributions equal to 25% of the first 8% of the participants' salary reduction contribution. The plan was amended effective January 1, 2014 to increase match to 25% of each employee contribution up to 4% of each employee's compensation and 50% of each employee contribution from 5% to 8% of each employee's compensation.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

1 Description of Plan, Continued

Contributions, Continued:

The Company may also make additional discretionary contributions. Participants share in the discretionary contributions if they were employed on the last day of the Plan year or they have completed at least 500 hours of service during the Plan year prior to being terminated. A Participant's share of discretionary contributions from the Company is allocated in proportion to each Participant's annual compensation as compared with the aggregate compensation of all Participants for the Plan year. For the years ended December 31, 2015 and 2014, there were no discretionary contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's contributions and allocation of Company contributions, forfeitures and investment earnings and losses. Allocations are based on compensation, contribution and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Participants' salary reduction contributions and rollover contributions are fully vested. Employer matching and discretionary contributions are vested as follows:

Years of Service	Vested %
less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures:

As of each anniversary date, forfeitures are reinstated to the Plan in the following priority: 1) to participants who had previously forfeited part of their balances and 2) to other participants' accounts and to reduce the contribution of the employer. Forfeitures not utilized by December 31, 2015 and 2014 were \$1,913 and \$1,008 respectively.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation
401(k) Profit Sharing Plan and Trust

1 Description of Plan, Continued

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus any accrued but unpaid interest. Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans generally are repaid over a period not to exceed 5 years.

The loans are secured by the balance in the participant's account, have a \$1,000 minimum amount and bear interest at rates equivalent to those charged by local lending institutions.

Early Retirement:

The Plan does not provide for early retirement.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, beneficiaries may elect to receive their retirement or death benefit as either a lump sum distribution or payments over a specified period of time.

The Plan permits distributions of amounts transferred from other qualified plans at any time, at the discretion of the participant.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any or all of the investment options offered under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated based on contract value and any adjustments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Strang Corporation

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan. Administrative fees amounted to \$9,312 (2015) and \$10,208 (2014).

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and collective funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 1, 2016, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified as a Level 1.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

3 Fair Value Measurements, Continued

Collective Investment Fund:

The fair value of the Collective Investment Fund is based on net asset value as calculated by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding.

The Collective Investment Fund consists of separate funds with differing investment objectives. The funds hold investments in units of the underlying funds. The funds sell new units and repurchase outstanding units on a daily basis. The funds have the ability to redeem their investments in the portfolio funds at net asset value without restrictions.

General Account:

The fair value of the general account is equal to the contract value less any Contingent Deferred Sales Charge, if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan

The following description of Strang Corporation 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan operates under various agreements between the Plan and Custodian. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended and restated to incorporate past amendments and changes in the tax law.

Participating Employers:

The following employers participate in the Plan: Strang Corporation and American Bread Company LLC.

Eligibility:

The Plan's age requirement is 21. The Plan excludes most hourly restaurant employees, with specific exceptions. Those exceptions include 1) specified bakers at American Bread Company LLC and 2) "managers in training" at any participating employer. One year of service is required to receive the match.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect up to the maximum amount allowed by law. Effective January 1, 2014, salaried managers who became a participant on or after this date will be automatically enrolled with a pretax deferral election equal to 3% of compensation per payroll period, unless they advise otherwise.

Employer Matching Contributions – The Company may make matching contributions equal to 25% of the first 8% of the participants' salary reduction contribution. The plan was amended effective January 1, 2014 to increase match to 25% of each employee contribution up to 4% of each employee's compensation and 50% of each employee contribution from 5% to 8% of each employee's compensation.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

1 Description of Plan, Continued

Contributions, Continued:

The Company may also make additional discretionary contributions. Participants share in the discretionary contributions if they were employed on the last day of the Plan year or they have completed at least 500 hours of service during the Plan year prior to being terminated. A Participant's share of discretionary contributions from the Company is allocated in proportion to each Participant's annual compensation as compared with the aggregate compensation of all Participants for the Plan year. For the years ended December 31, 2015 and 2014, there were no discretionary contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's contributions and allocation of Company contributions, forfeitures and investment earnings and losses. Allocations are based on compensation, contribution and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Participants' salary reduction contributions and rollover contributions are fully vested. Employer matching and discretionary contributions are vested as follows:

Years of Service	Vested %
less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures:

As of each anniversary date, forfeitures are reinstated to the Plan in the following priority: 1) to participants who had previously forfeited part of their balances and 2) to other participants' accounts and to reduce the contribution of the employer. Forfeitures not utilized by December 31, 2015 and 2014 were \$1,913 and \$1,008 respectively.

1 Description of Plan, Continued

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus any accrued but unpaid interest. Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans generally are repaid over a period not to exceed 5 years.

The loans are secured by the balance in the participant's account, have a \$1,000 minimum amount and bear interest at rates equivalent to those charged by local lending institutions.

Early Retirement:

The Plan does not provide for early retirement.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, beneficiaries may elect to receive their retirement or death benefit as either a lump sum distribution or payments over a specified period of time.

The Plan permits distributions of amounts transferred from other qualified plans at any time, at the discretion of the participant.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any or all of the investment options offered under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated based on contract value and any adjustments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan. Administrative fees amounted to \$9,312 (2015) and \$10,208 (2014).

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and collective funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 1, 2016, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified as a Level 1.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

3 Fair Value Measurements, Continued

Collective Investment Fund:

The fair value of the Collective Investment Fund is based on net asset value as calculated by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding.

The Collective Investment Fund consists of separate funds with differing investment objectives. The funds hold investments in units of the underlying funds. The funds sell new units and repurchase outstanding units on a daily basis. The funds have the ability to redeem their investments in the portfolio funds at net asset value without restrictions.

General Account:

The fair value of the general account is equal to the contract value less any Contingent Deferred Sales Charge, if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan

The following description of Strang Corporation 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan operates under various agreements between the Plan and Custodian. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended and restated to incorporate past amendments and changes in the tax law.

Participating Employers:

The following employers participate in the Plan: Strang Corporation and American Bread Company LLC.

Eligibility:

The Plan's age requirement is 21. The Plan excludes most hourly restaurant employees, with specific exceptions. Those exceptions include 1) specified bakers at American Bread Company LLC and 2) "managers in training" at any participating employer. One year of service is required to receive the match.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect up to the maximum amount allowed by law. Effective January 1, 2014, salaried managers who became a participant on or after this date will be automatically enrolled with a pretax deferral election equal to 3% of compensation per payroll period, unless they advise otherwise.

Employer Matching Contributions – The Company may make matching contributions equal to 25% of the first 8% of the participants' salary reduction contribution. The plan was amended effective January 1, 2014 to increase match to 25% of each employee contribution up to 4% of each employee's compensation and 50% of each employee contribution from 5% to 8% of each employee's compensation.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

1 Description of Plan, Continued

Contributions, Continued:

The Company may also make additional discretionary contributions. Participants share in the discretionary contributions if they were employed on the last day of the Plan year or they have completed at least 500 hours of service during the Plan year prior to being terminated. A Participant's share of discretionary contributions from the Company is allocated in proportion to each Participant's annual compensation as compared with the aggregate compensation of all Participants for the Plan year. For the years ended December 31, 2015 and 2014, there were no discretionary contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's contributions and allocation of Company contributions, forfeitures and investment earnings and losses. Allocations are based on compensation, contribution and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Participants' salary reduction contributions and rollover contributions are fully vested. Employer matching and discretionary contributions are vested as follows:

Years of Service	Vested %
less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures:

As of each anniversary date, forfeitures are reinstated to the Plan in the following priority: 1) to participants who had previously forfeited part of their balances and 2) to other participants' accounts and to reduce the contribution of the employer. Forfeitures not utilized by December 31, 2015 and 2014 were \$1,913 and \$1,008 respectively.

1 Description of Plan, Continued

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus any accrued but unpaid interest. Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans generally are repaid over a period not to exceed 5 years.

The loans are secured by the balance in the participant's account, have a \$1,000 minimum amount and bear interest at rates equivalent to those charged by local lending institutions.

Early Retirement:

The Plan does not provide for early retirement.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, beneficiaries may elect to receive their retirement or death benefit as either a lump sum distribution or payments over a specified period of time.

The Plan permits distributions of amounts transferred from other qualified plans at any time, at the discretion of the participant.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any or all of the investment options offered under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated based on contract value and any adjustments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan. Administrative fees amounted to \$9,312 (2015) and \$10,208 (2014).

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and collective funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 1, 2016, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified as a Level 1.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

3 Fair Value Measurements, Continued

Collective Investment Fund:

The fair value of the Collective Investment Fund is based on net asset value as calculated by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding.

The Collective Investment Fund consists of separate funds with differing investment objectives. The funds hold investments in units of the underlying funds. The funds sell new units and repurchase outstanding units on a daily basis. The funds have the ability to redeem their investments in the portfolio funds at net asset value without restrictions.

General Account:

The fair value of the general account is equal to the contract value less any Contingent Deferred Sales Charge, if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

4 Tax Status

On March 31, 2008, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan

The following description of Strang Corporation 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan operates under various agreements between the Plan and Custodian. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended and restated to incorporate past amendments and changes in the tax law.

Participating Employers:

The following employers participate in the Plan: Strang Corporation and American Bread Company LLC.

Eligibility:

The Plan's age requirement is 21. The Plan excludes most hourly restaurant employees, with specific exceptions. Those exceptions include 1) specified bakers at American Bread Company LLC and 2) "managers in training" at any participating employer. One year of service is required to receive the match.

Contributions:

Cash or Deferred Option 401(k) - Participants may elect up to the maximum amount allowed by law. Effective January 1, 2014, salaried managers who became a participant on or after this date will be automatically enrolled with a pretax deferral election equal to 3% of compensation per payroll period, unless they advise otherwise.

Employer Matching Contributions – The Company may make matching contributions equal to 25% of the first 8% of the participants' salary reduction contribution. The plan was amended effective January 1, 2014 to increase match to 25% of each employee contribution up to 4% of each employee's compensation and 50% of each employee contribution from 5% to 8% of each employee's compensation.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan, Continued

Contributions, Continued:

The Company may also make additional discretionary contributions. Participants share in the discretionary contributions if they were employed on the last day of the Plan year or they have completed at least 500 hours of service during the Plan year prior to being terminated. A Participant's share of discretionary contributions from the Company is allocated in proportion to each Participant's annual compensation as compared with the aggregate compensation of all Participants for the Plan year. For the years ended December 31, 2015 and 2014, there were no discretionary contributions.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

Participants' Accounts:

401(k) Accounts - Each participant's account is credited with the participant's contributions and allocation of Company contributions, forfeitures and investment earnings and losses. Allocations are based on compensation, contribution and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Participants' salary reduction contributions and rollover contributions are fully vested. Employer matching and discretionary contributions are vested as follows:

Years of Service	Vested %
less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures:

As of each anniversary date, forfeitures are reinstated to the Plan in the following priority: 1) to participants who had previously forfeited part of their balances and 2) to other participants' accounts and to reduce the contribution of the employer. Forfeitures not utilized by December 31, 2015 and 2014 were \$1,913 and \$1,008 respectively.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

1 Description of Plan, Continued

Notes Receivable from Participants:

Loans are valued at unpaid principal balance plus any accrued but unpaid interest. Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans generally are repaid over a period not to exceed 5 years.

The loans are secured by the balance in the participant's account, have a \$1,000 minimum amount and bear interest at rates equivalent to those charged by local lending institutions.

Early Retirement:

The Plan does not provide for early retirement.

Payment of Benefits:

Upon termination of service by reason of retirement, death or total and permanent disability, beneficiaries may elect to receive their retirement or death benefit as either a lump sum distribution or payments over a specified period of time.

The Plan permits distributions of amounts transferred from other qualified plans at any time, at the discretion of the participant.

Investment Options:

Upon enrollment in the Plan, a participant may direct his or her contributions in any or all of the investment options offered under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is calculated based on contract value and any adjustments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation
401(k) Profit Sharing Plan and Trust

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Plan. Administrative fees amounted to \$9,312 (2015) and \$10,208 (2014).

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and collective funds holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 1, 2016, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices and are classified as a Level 1.

NOTES TO FINANCIAL STATEMENTS

Strang Corporation 401(k) Profit Sharing Plan and Trust

3 Fair Value Measurements, Continued

Collective Investment Fund:

The fair value of the Collective Investment Fund is based on net asset value as calculated by dividing the total fair value of the assets of the Fund, less its liabilities, by the total number of units outstanding.

The Collective Investment Fund consists of separate funds with differing investment objectives. The funds hold investments in units of the underlying funds. The funds sell new units and repurchase outstanding units on a daily basis. The funds have the ability to redeem their investments in the portfolio funds at net asset value without restrictions.

General Account:

The fair value of the general account is equal to the contract value less any Contingent Deferred Sales Charge, if applicable, and Market Value Adjustment. Due to the valuation process used, this contract is classified within Level 3 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total

	<u>\$ 2,660,677</u>	<u>\$ 77,230</u>	<u>\$ 36,799</u>	<u>\$ 2,774,706</u>

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.
