CORPORATE ONE FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

Notes to Financial Statements
December 31, 2015 and 2014

1. Description of Plan

a. General

The Corporate One Federal Credit Union 401(k) Plan and Trust (the Plan) is a voluntary contributory plan for the employees of Corporate One Federal Credit Union (Corporate One). The Plan, which became effective August 1, 1997, is administered by Corporate One. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of Corporate One who have completed three months of service and have attained age 18 years are eligible to participate in the Plan.

b. Contributions

Participants may contribute up to 85% of their eligible compensation to the Plan up to the maximum dollar amount permitted by the IRS. The Plan complies with the safe harbor matching contribution formula. The safe harbor formula also intends to satisfy the safe harbor contribution requirement for deemed satisfaction of the Average Contribution Percentage (ACP) and Average Deferral Percentage (ADP) tests.

Corporate One's enhanced safe harbor match consists of 150% of the first 3% of employee contributions and 75% of the next 2% of employee contributions. Therefore, if the employee contributes 5%, Corporate One contributes 6%. The safe harbor match contribution is 100% vested immediately and is made with each pay period.

In addition, on an annual basis, Corporate One decides whether to make a nonelective employer contribution to the Plan, and the amount of any such employer contribution is decided on a quarterly basis. During 2015 and 2014, no nonelective employer contributions were made to the Plan.

c. Participant Accounts

Participants elect to invest in any combination of selected investment funds held by Fidelity Management Trust Company (Fidelity), a Plan trustee. Each participant's account is credited, by fund, with contributions from the participant and Corporate One, and earnings and losses of the investments.

d. Vesting

Participants immediately vest in their voluntary contributions, the safe harbor match contribution and actual earnings or losses thereon. Vesting for Corporate One's nonelective employer contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Benefits Paid to Participants or Beneficiaries

Benefits are payable in the amount of the participant's account balance on the date of retirement, disability or death. The participant's vested account balance shall be paid in the form of a qualified joint and survivor annuity, unless an optional form of benefit is elected. Optional forms of benefit payments are as follows:

- i. In one lump sum payment;
- ii. In installment payments over a period of time selected by the participant in monthly, quarterly, semi-annual or annual cash payments; or
- iii. As a life annuity. Includes a normal 50% joint and survivor annuity. Also, includes a 75% and 100% joint and survivor annuity.

For terminations due to other reasons, if the benefits are less than \$1,000, the participant will automatically receive the value of the vested account balance in one lump sum payment. For benefits that are between \$1,000 to \$5,000, the participant will have the option for either a cash payment or rollover into a Fidelity IRA. For benefits that are greater than \$5,000, a participant is entitled to receive their vested account balance or may leave their vested account balance in the plan.

f. Notes Receivable from Participants and Hardship Withdrawals

Participants may borrow from their fund accounts. These borrowings are classified as notes receivable from participants and are carried at cost in the accompanying statements of net assets available for benefits. The minimum amount of any loan is \$1,000. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half the present value of the participant's vested interest. Loan terms shall not exceed five years, unless the loan is used to acquire or construct a primary residence, in which case the repayment period may be longer. The loans bear interest at a fixed-rate based on the U.S. Bank Prime Loan rate plus one percent as of the loan date. Principal and interest are paid ratably through payroll deductions. The Plan also provides for withdrawals in the event of financial hardship.

g. Forfeitures

The Plan requires that forfeitures of participants be first made available to reinstate previously forfeited account balances of reemployed participants, if any. The remaining forfeitures of participants are to be used to reduce only the employer's contribution. Forfeitures were \$13,159 and \$17,011 for the years ended December 31, 2015 and 2014, respectively. These amounts have been used to reduce employer contributions.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's net gains/losses on investments bought and sold as well as held during the year.

d. Benefits Paid to Participants or Beneficiaries

Benefits are recorded when paid. At December 31, 2015 and 2014 there were no amounts due to participants who had elected to withdraw from the Plan but had not been paid.

e. Reclassifications

Certain reclassifications have been made in the prior year's financial statements to conform to the presentation for the year ended December 31, 2015. These reclassifications had no material impact on net assets available for benefits.

f. Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2015 to determine the need for any adjustments to and/or disclosures to the accompanying financial statements for the year ended December 31, 2015. Plan management has performed such analysis through August 30, 2016, the date on which the financial statements were available to be issued. No adjustments to the financial statements were necessary.

g. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued an update (ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value for Share (or its Equivalent)). The purpose of the update is to address that there is diversity in practice related to how certain investments measured at net asset value with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. Provisions of ASU 2015-07 include: eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient; eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The new guidance is effective for non-public business entities for fiscal years beginning December 15, 2016. The reporting entity should apply the amendments retrospectively to all periods presented. The new guidance permits early adoption.

In July 2015, the FASB issued an update (ASU 2015-12, Plan Accounting). The purpose of the update is to simplify or eliminate some of the financial reporting and disclosure requirements for employee benefit plans. Provisions of ASU 2015-12 include: designates contract value as the only required measure for fully benefit-responsive investment contracts; eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation (depreciation) in fair value of investments by general type. The new guidance is effective for non-public business entities for fiscal years beginning December 15, 2016. The reporting entity should apply the amendments retrospectively to all periods presented. Management has elected to early adopt and the guidance is reflected in these financial statements.

These new standards, both ASU 2015-07 and ASU 2015-12 are considered preferable for reasons described above.

3. Investment Funds

The Plan has established various investment funds for investment of contributions from Corporate One and participants. Each participant designates into which fund or funds their contributions should be invested. Contributions from Corporate One are invested in the funds based on the same ratio as participant contributions.

During 2015 and 2014 participants were permitted to invest in a variety of pooled investment funds administered by Fidelity.

The earnings on these funds were reinvested in the same funds. The appreciation or depreciation in the fair market value of each fund includes realized gains and losses from investments sold during the year.

Participants are permitted to change their investment elections and to transfer their funds among the various Fidelity funds at any time subject to Fidelity's excessive trading restrictions.

4. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of the money market fund and mutual funds are reported at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price.

Stable Value Common Collective Trust – A stable value fund that is composed primarily of fully benefit-responsive contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following sets forth by level, the Plan's fair value measurements:

Fair Value Measurements using:

	Total Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)
<u>December 31, 2015</u>		
Money market fund	\$ 1,903,676	\$ 1,903,676
Mutual funds	17,501,734	17,501,734
Total assets in the fair value hierarchy	19,405,410	19,405,410
Investments measured at net asset value ^(a)	2,058,930	
Investments at fair value	<u>\$ 21,464,340</u>	<u>\$ 19,405,410</u>
<u>December 31, 2014</u>		
Money market fund	\$ 1,945,084	\$ 1,945,084
Mutual funds	20,206,073	20,206,073
Total assets in the fair value hierarchy	22,151,157	22,151,157
Investments measured at net asset value ^(a)	745,364	
Investments at fair value	<u>\$ 22,896,521</u>	<u>\$ 22,151,157</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no transfers between Levels during 2015 and 2014.

5. Information Certified by Trustee

Fidelity, a Plan trustee during 2015 and 2014, administered all of the Plan's investment assets and executes the Plan's investment transactions.

The Plan's financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and the accompanying supplemental schedule were prepared from information supplied and certified by Fidelity, which included a summary of assets and transactions with supporting schedules.

The following information summarizes the unaudited Plan information that was prepared by or derived from information prepared by Fidelity, as applicable:

	<u>2015</u>	<u>2014</u>
<u>Statements of Net Assets Available for Benefits:</u>		
Investments at fair value	\$ 21,464,340	\$ 22,896,521
<u>Statement of Changes in Net Assets Available for Benefits:</u>		
Net depreciation in fair value of investments	(832,778)	
Dividends	719,909	
Interest income on investments	287	

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, which serves as a trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fidelity maintains and manages the mutual funds in the Plan for which they receive management fees. These fees result in a reduction of earnings from investments. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act (ERISA).

7. Plan Termination

Although it has not expressed any intent to do so, Corporate One has the right to modify, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's account shall vest immediately and be non-forfeitable.

8. Administrative Expenses

All expenses of administration may be paid out of the Plan unless paid by Corporate One. Such expenses shall include any expenses incident to the functioning of the plan administrator, including but not limited to, fees of accountants, counsel and other specialists and their agents, and other costs of administering the Plan. Advisor fees are paid pro-rata by participants in the Plan. Fidelity is paid through revenue sharing income from certain funds within the Plan and if insufficient then Fidelity fees are charged pro-rata to the participants. For the year ended December 31, 2015, Corporate One paid all other Plan expenses. Additionally, certain administrative and support functions, performed by the Employer were not charged to the Plan. Administrative expenses, which are reported on the Statement of Changes in Net Assets Available for Benefits, are for record keeping fees and loan overnight fees.

9. Tax Status

The Plan was determined by the Internal Revenue Service to be exempt from Federal income taxes. Corporate One was informed of this determination in a letter dated October 7, 2004. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in accordance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

10. Reconciliation of Financial Statements to Form 5500 (Annual Return/Report of Employee Benefit Plan)

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to Form 5500:

	<u>2014</u>
Net assets available for benefits per the financial statements at contract value	\$ 23,353,520
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>13,230</u>
Net assets available for benefits per Form 5500 at fair value	<u>\$ 23,366,750</u>

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2015 to Form 5500:

Total additions per the financial statements	\$ 1,878,473
Less: Adjustments from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2014	<u>(13,230)</u>
Total additions per Form 5500	<u>\$ 1,865,243</u>

The adjustment from contract value to fair value for fully benefit-responsive investment contracts is recorded on the Form 5500 but not recorded in the statement of changes in net assets available for benefits.

11. Supplemental Schedule

The accompanying Schedule of Assets (Held at End of Year) is the only schedule included in as much as the other schedules specified in the regulations are not required for 2015.

CORPORATE ONE FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

Notes to Financial Statements
December 31, 2015 and 2014

1. Description of Plan

a. General

The Corporate One Federal Credit Union 401(k) Plan and Trust (the Plan) is a voluntary contributory plan for the employees of Corporate One Federal Credit Union (Corporate One). The Plan, which became effective August 1, 1997, is administered by Corporate One. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of Corporate One who have completed three months of service and have attained age 18 years are eligible to participate in the Plan.

b. Contributions

Participants may contribute up to 85% of their eligible compensation to the Plan up to the maximum dollar amount permitted by the IRS. The Plan complies with the safe harbor matching contribution formula. The safe harbor formula also intends to satisfy the safe harbor contribution requirement for deemed satisfaction of the Average Contribution Percentage (ACP) and Average Deferral Percentage (ADP) tests.

Corporate One's enhanced safe harbor match consists of 150% of the first 3% of employee contributions and 75% of the next 2% of employee contributions. Therefore, if the employee contributes 5%, Corporate One contributes 6%. The safe harbor match contribution is 100% vested immediately and is made with each pay period.

In addition, on an annual basis, Corporate One decides whether to make a nonelective employer contribution to the Plan, and the amount of any such employer contribution is decided on a quarterly basis. During 2015 and 2014, no nonelective employer contributions were made to the Plan.

c. Participant Accounts

Participants elect to invest in any combination of selected investment funds held by Fidelity Management Trust Company (Fidelity), a Plan trustee. Each participant's account is credited, by fund, with contributions from the participant and Corporate One, and earnings and losses of the investments.

d. Vesting

Participants immediately vest in their voluntary contributions, the safe harbor match contribution and actual earnings or losses thereon. Vesting for Corporate One's nonelective employer contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Benefits Paid to Participants or Beneficiaries

Benefits are payable in the amount of the participant's account balance on the date of retirement, disability or death. The participant's vested account balance shall be paid in the form of a qualified joint and survivor annuity, unless an optional form of benefit is elected. Optional forms of benefit payments are as follows:

- i. In one lump sum payment;
- ii. In installment payments over a period of time selected by the participant in monthly, quarterly, semi-annual or annual cash payments; or
- iii. As a life annuity. Includes a normal 50% joint and survivor annuity. Also, includes a 75% and 100% joint and survivor annuity.

For terminations due to other reasons, if the benefits are less than \$1,000, the participant will automatically receive the value of the vested account balance in one lump sum payment. For benefits that are between \$1,000 to \$5,000, the participant will have the option for either a cash payment or rollover into a Fidelity IRA. For benefits that are greater than \$5,000, a participant is entitled to receive their vested account balance or may leave their vested account balance in the plan.

f. Notes Receivable from Participants and Hardship Withdrawals

Participants may borrow from their fund accounts. These borrowings are classified as notes receivable from participants and are carried at cost in the accompanying statements of net assets available for benefits. The minimum amount of any loan is \$1,000. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half the present value of the participant's vested interest. Loan terms shall not exceed five years, unless the loan is used to acquire or construct a primary residence, in which case the repayment period may be longer. The loans bear interest at a fixed-rate based on the U.S. Bank Prime Loan rate plus one percent as of the loan date. Principal and interest are paid ratably through payroll deductions. The Plan also provides for withdrawals in the event of financial hardship.

g. Forfeitures

The Plan requires that forfeitures of participants be first made available to reinstate previously forfeited account balances of reemployed participants, if any. The remaining forfeitures of participants are to be used to reduce only the employer's contribution. Forfeitures were \$13,159 and \$17,011 for the years ended December 31, 2015 and 2014, respectively. These amounts have been used to reduce employer contributions.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's net gains/losses on investments bought and sold as well as held during the year.

d. Benefits Paid to Participants or Beneficiaries

Benefits are recorded when paid. At December 31, 2015 and 2014 there were no amounts due to participants who had elected to withdraw from the Plan but had not been paid.

e. Reclassifications

Certain reclassifications have been made in the prior year's financial statements to conform to the presentation for the year ended December 31, 2015. These reclassifications had no material impact on net assets available for benefits.

f. Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2015 to determine the need for any adjustments to and/or disclosures to the accompanying financial statements for the year ended December 31, 2015. Plan management has performed such analysis through August 30, 2016, the date on which the financial statements were available to be issued. No adjustments to the financial statements were necessary.

g. Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued an update (ASU 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value for Share (or its Equivalent)). The purpose of the update is to address that there is diversity in practice related to how certain investments measured at net asset value with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. Provisions of ASU 2015-07 include: eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient; eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The new guidance is effective for non-public business entities for fiscal years beginning December 15, 2016. The reporting entity should apply the amendments retrospectively to all periods presented. The new guidance permits early adoption.

In July 2015, the FASB issued an update (ASU 2015-12, Plan Accounting). The purpose of the update is to simplify or eliminate some of the financial reporting and disclosure requirements for employee benefit plans. Provisions of ASU 2015-12 include: designates contract value as the only required measure for fully benefit-responsive investment contracts; eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation (depreciation) in fair value of investments by general type. The new guidance is effective for non-public business entities for fiscal years beginning December 15, 2016. The reporting entity should apply the amendments retrospectively to all periods presented. Management has elected to early adopt and the guidance is reflected in these financial statements.

These new standards, both ASU 2015-07 and ASU 2015-12 are considered preferable for reasons described above.

3. Investment Funds

The Plan has established various investment funds for investment of contributions from Corporate One and participants. Each participant designates into which fund or funds their contributions should be invested. Contributions from Corporate One are invested in the funds based on the same ratio as participant contributions.

During 2015 and 2014 participants were permitted to invest in a variety of pooled investment funds administered by Fidelity.

The earnings on these funds were reinvested in the same funds. The appreciation or depreciation in the fair market value of each fund includes realized gains and losses from investments sold during the year.

Participants are permitted to change their investment elections and to transfer their funds among the various Fidelity funds at any time subject to Fidelity's excessive trading restrictions.

4. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements - The fair value of the money market fund and mutual funds are reported at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price.

Stable Value Common Collective Trust – A stable value fund that is composed primarily of fully benefit-responsive contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following sets forth by level, the Plan's fair value measurements:

Fair Value Measurements using:

	Total Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)
<u>December 31, 2015</u>		
Money market fund	\$ 1,903,676	\$ 1,903,676
Mutual funds	17,501,734	17,501,734
Total assets in the fair value hierarchy	19,405,410	19,405,410
Investments measured at net asset value ^(a)	2,058,930	
Investments at fair value	<u>\$ 21,464,340</u>	<u>\$ 19,405,410</u>
<u>December 31, 2014</u>		
Money market fund	\$ 1,945,084	\$ 1,945,084
Mutual funds	20,206,073	20,206,073
Total assets in the fair value hierarchy	22,151,157	22,151,157
Investments measured at net asset value ^(a)	745,364	
Investments at fair value	<u>\$ 22,896,521</u>	<u>\$ 22,151,157</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no transfers between Levels during 2015 and 2014.

5. Information Certified by Trustee

Fidelity, a Plan trustee during 2015 and 2014, administered all of the Plan's investment assets and executes the Plan's investment transactions.

The Plan's financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and the accompanying supplemental schedule were prepared from information supplied and certified by Fidelity, which included a summary of assets and transactions with supporting schedules.

The following information summarizes the unaudited Plan information that was prepared by or derived from information prepared by Fidelity, as applicable:

	<u>2015</u>	<u>2014</u>
<u>Statements of Net Assets Available for Benefits:</u>		
Investments at fair value	\$ 21,464,340	\$ 22,896,521
<u>Statement of Changes in Net Assets Available for Benefits:</u>		
Net depreciation in fair value of investments	(832,778)	
Dividends	719,909	
Interest income on investments	287	

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, which serves as a trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fidelity maintains and manages the mutual funds in the Plan for which they receive management fees. These fees result in a reduction of earnings from investments. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act (ERISA).

7. Plan Termination

Although it has not expressed any intent to do so, Corporate One has the right to modify, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's account shall vest immediately and be non-forfeitable.

8. Administrative Expenses

All expenses of administration may be paid out of the Plan unless paid by Corporate One. Such expenses shall include any expenses incident to the functioning of the plan administrator, including but not limited to, fees of accountants, counsel and other specialists and their agents, and other costs of administering the Plan. Advisor fees are paid pro-rata by participants in the Plan. Fidelity is paid through revenue sharing income from certain funds within the Plan and if insufficient then Fidelity fees are charged pro-rata to the participants. For the year ended December 31, 2015, Corporate One paid all other Plan expenses. Additionally, certain administrative and support functions, performed by the Employer were not charged to the Plan. Administrative expenses, which are reported on the Statement of Changes in Net Assets Available for Benefits, are for record keeping fees and loan overnight fees.

9. Tax Status

The Plan was determined by the Internal Revenue Service to be exempt from Federal income taxes. Corporate One was informed of this determination in a letter dated October 7, 2004. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in accordance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

10. Reconciliation of Financial Statements to Form 5500 (Annual Return/Report of Employee Benefit Plan)

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to Form 5500:

	<u>2014</u>
Net assets available for benefits per the financial statements at contract value	\$ 23,353,520
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>13,230</u>
Net assets available for benefits per Form 5500 at fair value	<u>\$ 23,366,750</u>

The following is a reconciliation of total additions per the financial statements for the year ended December 31, 2015 to Form 5500:

Total additions per the financial statements	\$ 1,878,473
Less: Adjustments from contract value to fair value for fully benefit-responsive investment contracts at December 31, 2014	<u>(13,230)</u>
Total additions per Form 5500	<u>\$ 1,865,243</u>

The adjustment from contract value to fair value for fully benefit-responsive investment contracts is recorded on the Form 5500 but not recorded in the statement of changes in net assets available for benefits.

11. Supplemental Schedule

The accompanying Schedule of Assets (Held at End of Year) is the only schedule included in as much as the other schedules specified in the regulations are not required for 2015.
