Independent Auditor's Report

To the Board of Directors
Ag Trucking, Inc. Profit Sharing and Savings Plan
Goshen, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ag Trucking, Inc. Profit Sharing and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

To the Board of Directors
Ag Trucking, Inc. Profit Sharing and Savings Plan

Emphasis of Matters

As discussed in Note 2 to the financial statements, in 2015, the Plan adopted new accounting guidance related to disclosures for investments that calculate net asset value per share or its equivalent. Prior year disclosures have been revised to reflect the retrospective application of adopting this change in accounting.

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance related to presentation of fair value of certain investments and disclosure of investments. Certain investments are now shown at contract value rather than fair value on the Statement of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Our disclaimer of opinion is not modified with respect to these matters.

Other Matter

The supplemental schedules of assets (held at end of year) and reportable transactions as of December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes To Financial Statements

Note 1. Plan Description

The following description of the Ag Trucking, Inc. Profit Sharing and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of Ag Trucking, Inc. (the "Company") who have one year of service (1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute a percentage of their annual compensation, as defined by the Plan, up to the maximum annual IRS limitation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants' contributions are directed by the trustee into various investment options offered by the Plan based on a risk profile form completed by the participant.

The Company may, at its discretion, make a matching contribution to the Plan, as well as an additional discretionary contribution. The Company made a matching contribution of 75% of the employee deferrals up to 4% of employee compensation and a discretionary contribution of 2% of each participant's annual compensation for the year ended December 31, 2015. The Company's matching and discretionary contributions are invested into the various investment options in a manner that is consistent with the participant contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of certain administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of benefits: Upon retirement or termination of service, participants or beneficiaries may elect to receive installment benefit distributions or a lump sum distribution in an amount equal to the value of the participant's vested account. Benefit payments are recorded when paid.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are reallocated to participants based on participant compensation. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$21,300 and \$7,100 respectively. There were no forfeitures reallocated to participants during the year ended December 31, 2015.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with the accounting principles generally accepted in the United States of America.

Notes To Financial Statements

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reporting in the statement of net assets available for benefits.

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Shares of Registered Investment Companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Shares of Common Trust Funds: Shares held in common trust funds are reported at fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

Notes To Financial Statements

Money Market Accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Guaranteed Investment Contract: Valued at contract value as the investment is deemed to be fully benefit responsive.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan adopted this Update for the periods being presented in these financial statements.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Ag Trucking, Inc.
Profit Sharing and Savings Plan

Notes To Financial Statements

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted.

Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I, Part II, and Part III of this Update for the 2015 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 2, 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 30, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified by Reliance Trust Company ("Reliance")

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance, except for comparing such information certified by the trustee to the information included in the Plan's financial statements and supplemental schedules.

The following table presents the values of those investments as certified by Reliance at December 31, 2015 and 2014:

	2015	2014 (as revised)
Investments at fair value:		
Registered Investment Companies	\$ 159,698	\$ 107,552
Common Trust Funds	8,880,412	8,640,045
Money Market Account	-	41,628
Investments at contract value:		
Guaranteed Investment Contract	108,845	-
	<u>\$ 9,148,955</u>	<u>\$ 8,789,225</u>

Reliance also certified to the completeness and accuracy of \$(2,960) of net depreciation in registered investment companies, \$(13,411) of net depreciation in common trust funds, \$439 of net appreciation in guaranteed contract, and \$3,207 of interest and dividends related to the aforementioned investments for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 159,698	\$ -	\$ -	\$ 159,698
Investments measured at net asset value				8,880,412
				<u>\$ 9,040,110</u>

	Assets at fair value as of December 31, 2014 (as revised)			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 107,552	\$ -	\$ -	\$ 107,552
Investments measured at net asset value				8,681,673
				<u>\$ 8,789,225</u>

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers between levels.

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it is probable those investments are being sold at amounts different from their reported net asset value per share based on redemption restrictions, if any, as of December 31, 2015 and 2014:

⁽¹⁾ The fund seeks to maximize income while minimizing any changes in value to the original investment. The fund invests in a variety of bonds, and on rare occasions may invest in more speculative high-yield and emerging markets debt.

Notes To Financial Statements

- (2) The fund seeks to maximize income while allowing for some capital growth through limited equity exposure. The fund invests primarily in bonds and U.S. stocks, with remaining assets invested in non U.S. stocks and cash.
- (3) The fund seeks to maximize income while allowing for capital growth through moderate exposure to equity securities. The fund is invested primarily in bonds and U.S. stocks, with remaining assets invested in non U.S. stocks and cash.
- (4) Fund seeks to provide moderate income while maintaining the potential for capital growth through equity exposure. This fund typically has 20% to 50% of assets in equities and 50% to 80% of assets in fixed income and cash.
- (5) Fund seeks to balance income generation with capital growth potential by allocating approximately equal amounts to equity and fixed income securities.
- (6) Fund seeks a moderate approach to provide capital growth by allocating approximately equal amounts to equity and fixed income securities.
- (7) Fund seeks growth of capital while maintaining a modest amount in fixed income securities for income generation.
- (8) This fund seeks aggressive growth of capital as a primary objective while maintaining a small amount in fixed income securities to minimize big changes in the portfolio's value. The fund tends to invest across the spectrum of U.S. industries and owing to its broad exposure, the fund's return is often similar to the S&P 500 index.
- (9) Fund seeks aggressive growth of capital as a primary objective by investing entirely in equity securities. The fund tends to invest across the spectrum of U.S. industries and owing to its broad exposure, the fund's return is often similar to the S&P 500 index.

Note 5. Guaranteed Investment Contract with Insurance Company

The Plan entered into a benefit-responsive contract with The Standard. The Standard maintains the contributions in a general account. While The Standard declares rates periodically and back the principal and interest, any guarantees are subject to the claims paying ability of the insurance company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. At December 31, 2015, the value was \$108,845.

As described in Note 2, because the stable value fund contract is fully benefit responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Standard's credit rating for 2015 was "A-" as reported by Standard & Poor's service. The stable value fund contract has a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis. The effective credited interest rate is set quarterly and is effective on January 1, April 1, July 1, and October 1. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent.

Notes To Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The stable value fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 7. Income Tax Status

The Plan is an adopter of a non-standardized form of a prototype plan sponsored by The Standard. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2012.

Note 8. Related Party Transactions

Certain Plan investments are managed by Reliance. Reliance performed services for the Plan, and therefore these transactions qualify as party-in-interest. Fees paid to the trustee by the Plan for the year ended December 31, 2015 were approximately \$79,300.
