E&B Natural Resources Management Corp. 401(k) Plan
Notes to the Financial Statements
December 31, 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of E&B Natural Resources Management Corp. 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on April 14, 2003 as a defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended ("the IRC"). Charles Schwab Trust Company is the custodian of the Plan.

The Plan covers substantially all employees of E&B Natural Resources Management Corporation and certain affiliated companies, who are at least 18 years of age, who are not covered by a collective bargaining agreement, and who have completed the lesser of 1,000 hours of service within 12 consecutive months, or three consecutive calendar months of employment. E&B Natural Resources Management Corporation ("E&B" or "the Company") is the sponsor and administrator of the Plan.

Effective January 1, 2015, the plan was restated to implement a safe harbor employer match.

Contributions

Eligible employees may make salary deferral contributions to the Plan on the first day of any month after they meet the eligibility requirement. Participants may elect salary deferrals up to 100% of compensation, not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415.

The Company may make discretionary matching or profit-sharing contributions to each eligible participant based on his or her compensation and elective deferrals. In addition, a safe harbor match was implemented effective January 1, 2015. Under the safe harbor provisions, the Company matches participant contributions up to 4% of their compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) investment income or loss, and

charged with an allocation of administrative expenses. Investment income or loss allocations are based on individual participant account balances as of the end of the day in which the income or loss was earned.

Vesting

Participants are immediately 100% vested in their contributions and safe harbor matching contributions, and earnings thereon. Vesting in the participant's portion of the Company's discretionary matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is vested in the following percentages based upon years of credited service: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. In addition, participants become immediately 100% vested upon death, disability or early retirement (age 55).

Forfeitures

The Company may elect to use any portion of forfeited balances of terminated participants' unvested accounts to reduce administrative expenses of the Plan. Any forfeited balances not used to reduce administrative expenses may be used to reduce future employer contributions.

Payment of Benefits

The Plan is intended for long-term savings but provides for early withdrawals and loan arrangements under certain conditions. Upon termination of service, a participant may receive a lump sum payment of benefits equal to his or her vested account balance.

Notes Receivable from Participants

Loans may be granted to Plan participants upon approval by the administrator. Participants may borrow from their accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest on loans is allocated to the borrower's participant account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through September 21, 2016, the date which the financial statements were available to be issued.

Accounting Basis

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Administrative Expenses

Certain administrative expenses of the Plan, such as recordkeeping, retirement plan administration and investment advisory fees, are allocated to participants' accounts. The Plan custodian may make revenue sharing payments to the recordkeeper. The recordkeeper retains 25% of such payments and credits the remaining 75% towards retirement plan administration fees. Loan setup fees, loan carrying fees and termination handling fees are paid by the participant from the Plan assets. The Company pays some fees for the Plan. See Note 9.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 – FEDERAL INCOME TAX STATUS

The Plan has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the form of the volume submitter plan, as then designed, was acceptable under section 401 of the IRC. The plan administrator believes that the Plan, through its adoption of the volume submitter plan, is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan provides for various investments in equity funds and other funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) *820, Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs, because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2015, and 2014, the fair values of the Plan's investments were determined using Level 1 and Level 2 inputs.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded. The fair value of self-directed brokerage accounts is based on the quoted values of the underlying assets as of year end.

Level 2 Fair Value Measurements

The fair value of investments in collective trusts is based on net asset value (NAV) as determined by the trustee. The NAV is based on the fair value of the underlying investments held by the fund, as determined by the fund trustee, less its liabilities. The trustee makes fair value estimates based on available market information and judgments about the financial instrument at a specific point in time.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014:

	2015	2014
Level 1		
Cash and Mutual Funds	$ 9,040,622	$ 8,266,161
Self-directed Brokerage Accounts	441,855	309,641
	9,482,477	8,575,802
Level 2		
Common Collective Trusts	1,406,474	942,889
Total Investments	$ 10,888,951	$ 9,518,691

NOTE 7 – INVESTMENTS

* Investment represents less than 5% of Plan net assets, but is presented for comparison purposes.

One of the investment options offered by the plan is a collective trust fund, which invests in contracts deemed to be fully benefit-responsive. As a result, the plan reports its investment in the collective trust fund at fair value; however, contract value is the relevant measure to the plan, because it is the amount that is available for payment of plan benefits. Accordingly, the investment in the collective trust is reported at fair value in the statement of net assets available for benefits, with a corresponding adjustment to reflect the investment at contract value. Contract value is the amount of invested principal plus accrued interest, less account level fees. The investment objective of the fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. Participant transactions in the fund may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The blended net interest crediting rate and market yield were 1.64% and 1.92% for the year ended December 31, 2015, and 1.41% and 1.46% for the year ended December 31, 2014, excluding plan-level fees.

NOTE 8 – FORFEITURES

At December 31, 2015, forfeited non-vested accounts totaled $9,628. During 2015, $20,650 of forfeitures was used to reduce employer matching contributions and $51,704 was used to pay administrative expenses of the Plan.

NOTE 9 – ADMINISTRATIVE EXPENSES

The Company paid $8,000 in administrative expenses for the Plan in 2015 and provided certain administrative services at no cost.

NOTE 10 – RELATED PARTY TRANSACTIONS

Plan investments are invested in shares of mutual funds and collective trusts managed by Charles Schwab & Co., Inc., affiliated with Charles Schwab Trust Company, the custodian of the Plan's assets.
