Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Unilock Retirement Plan and Trust (Chicago) (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained certifications from the custodians as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodians is complete and accurate.

1. Description of the Plan

The following description of the Unilock Retirement Plan and Trust (Chicago) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan to enable eligible employees of Unilock Chicago, Inc. (the "Company") to defer receipt of a portion of their earnings for the principal purpose of providing benefits at the time of retirement, disability or death. Employees, as defined in the Plan document, who are employed by the Company for one year and are 18 years of age or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated investment fund until changed by the participant. The rate is set to increase by 1 percent each July 1st, not to exceed 10% of eligible compensation. Automatically enrolled participants may elect to increase or decrease percentages, and may elect to stop the auto-increase as defined by the Plan.

The Plan is administered by an administrative committee (the "Committee") that serves at the discretion of the Company's Board of Directors and includes the trustees of the Plan. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee and maintaining participant accounts.

Transfers Out to Other Qualified Plans

From time to time, certain Plan participants change their employment status with the Company during the Plan year and move to other locations or affiliates of the Company. Accordingly, the account balances in the Plan of these participants are transferred to other qualified plans sponsored by the other locations or affiliates of the Company. Such transfers, as applicable each year, are reflected in the accompanying financial statements in the year the employment status changed and the transfer occurred.

Contributions

Each year, participants generally may contribute up to 100% of their pretax annual compensation, subject to Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for the Company to make matching contributions to participants of the Plan equal to 100% on the first $2,000 of eligible compensation that a participant contributes to the Plan, and 50% on the next $6,000 of eligible compensation that a participant contributes to the Plan, up to a maximum Company match of $5,000 each year.

In addition, the Company may also make, at its sole and unrestricted discretion, a discretionary profit-sharing contribution to the Plan. Eligible participants must be employed by the Company on the last day of the Plan year in order to receive an allocation of the discretionary profit-sharing contribution. Allocations to participant accounts of any discretionary profit-sharing contributions are based upon points earned by the participants. Each participant is awarded one point for each year of service (not to exceed 40 points) and one point for each $10,000 of compensation (not to exceed 10 points). The amount of the contribution was $515,674 and $427,983 for the years ended December 31, 2015 and 2014, respectively.

Contributions are subject to certain IRC limitations.

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of (a) any additional discretionary profit-sharing contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus related earnings is based on years of service. Participants vest 30% in the first year, 60% in the second year, and are fully vested after three years of service.

Forfeited Accounts

Forfeited non-vested accounts are available to be used to offset the Plan's administrative expenses and to reduce future Company contributions. Unallocated forfeitures were diminutive as of December 31, 2015 and 2014, respectively.

Payment of Benefits

On retirement, termination of employment, death, permanent disability, or attainment of age 59½, a participant may elect to receive the value of their vested interest in their accounts as a lump-sum distribution or as a rollover to another entity. If the participant's vested interest in the Plan is less than $5,000, a mandatory lump-sum distribution will be made to the participant. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding loan balance in the participant's account

during the prior 12-month period or (b) 50% of their account balances. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Interest rate on outstanding loans was equal to 5.25% at December 31, 2015 and 2014. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or a reasonable period of time determined at the time of the loan if used for the purchase of a principal residence.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *"Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)"* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification ("ASC") 820, *"Fair Value Measurement."* Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (ASU 2015-12): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient"* (ASU 2015-12). This three-part update simplifies current benefit plan accounting. Part I requires fully benefit- responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value. Part II eliminates the requirement of benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements. Part II also requires the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent 5% or more of net assets available for benefits. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share. Part I and Part II are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Part III of this update provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and will early adopt both standards as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07

and ASU 2015-12. The adoption was applied retrospectively and certain investment disclosures were revised or eliminated as a result of the adoption of the ASUs.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2016, which is the date the financial statements were available to be issued. The Plan was amended and restated to comply with recent legislation effective January 1, 2016. In addition, the following Plan provisions were changed effective January 1, 2016:

- The age requirement of 18 in order to become eligible to participate in the Plan was eliminated.
- Provides for a safe harbor matching contribution equal to 100% of compensation contributed to the Plan, generally not to exceed 5% of a participant's eligible compensation or 6% for participants who are considered non-highly compensated employees with ten years of credited service. Matching contributions are capped at $6,000 for highly compensated employees. Participants will be 100% vested in the safe harbor matching contributions.
- Provides for a discretionary non-safe harbor matching contribution at the option of the Company subject to the same vesting schedule as current discretionary profit-sharing contributions.

No additional material subsequent events have occurred through that date that would require recognition in the financial statements.

3. Fair Value Measurements

Accounting Standards Codification ("ASC") Topic 820, *"Fair Value Measurements and Disclosures,"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014, other than the adoption of ASU 2015-07 and ASU 2015-12, as disclosed in Note 2.

Registered Investment Companies: Valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to

transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the pooled separate accounts invests in multiple, open ended mutual funds. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's NAV per unit.

Common/Collective Trusts: Valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 1,433,905	$ -	$ -	$ 1,433,905
Pooled separate accounts, measured at net asset value*	-	-	-	2,609,249
Common/collective trusts, measured at net asset value*	-	-	-	6,064,782
Total Investments	**$ 1,433,905**	**$ -**	**$ -**	**$ 10,107,936**

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies, measured at fair value	$ 1,859,335	$ -	$ -	$ 1,859,335
Pooled separate accounts, measured at net asset value*	-	-	-	7,138,951
Common/collective trusts, measured at net asset value*	-	-	-	750,197
Total Investments	$ 1,859,335	$ -	$ -	$ 9,748,483

* *The investments, which are measured at fair value using the net asset value per share (or its equivalent) practical expedient, have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. There were no unfunded commitments or liquidity or redemption restrictions related to these investments.*

Investments in the common/collective trusts can be redeemed immediately at the participant level. The Plan is required to provide a 12-month notice to the fund in order to terminate their entire investment interest at the current NAV per share based on the fair value of the underlying assets. If the Plan offers a "competing fund," participants are required to invest in a "noncompeting fund" for at least 90 days before transferring into the "competing fund" option. The fair value of investments in this category has been estimated using the NAV per share of the investments.

4. Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2015 and 2014, and for the year ended December 31, 2015. Accordingly, the Plan's custodians, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014.

b. Investment income (loss) and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

c. Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodians to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. Tax Status

The Plan adopted a volume submitter plan with CODA3, which received an opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the Plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon the examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Related Party and Party-In-Interest Transactions

Certain Plan investments represent funds managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan. These transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.
