MIG, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2015 AND DECEMBER 31, 2014

Note 1. DESCRIPTION OF THE PLAN:

The following brief description of the MIG, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General:

The Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Plan administration:

The Plan is sponsored by of Moore Iacofano Goltsman, Inc. (the "Company"). The Company has appointed an administrative committee (the Administrative Committee) as administrator of the Plan, which carries out the duties imposed under ERISA.

Eligibility:

The Plan is a defined contribution pension plan covering substantially all employees of the Company who are not considered Excluded Employees and are eligible to participate in the Plan once eligibility conditions are satisfied.

The following employees are Excluded Employees and are not eligible to participate in the Plan:

- Employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in this Plan.

- Certain nonresident aliens who have no earned income from sources within the United States.

Employees are eligible to participate in the Plan once they attain age 21. Employees can make elective deferrals and receive discretionary employer matching contributions once a participant completes 3 months of service during a period of 3 consecutive months. Eligibility to receive employer non-elective contributions is attained after one year of service.

Once eligibility has been established, participants may enter the Plan on the first day of the calendar month, coincident with or next following satisfaction of the eligibility requirements.

Participant contributions:

Participation in the Plan is voluntary. Participant's deferral percentage is subject to an annual limit of the participant's eligible compensation, up to the maximum annual limit determined by the Internal Revenue Service. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $18,000 for 2015 and $17,500 for 2014. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,000 in 2015 and $5,500 in 2014) or the participant's compensation for the year reduced by the participant's other elective deferrals.

The Plan permits Roth deferrals.

Note 1. DESCRIPTION OF THE PLAN (Continued):

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan was amended and restated November 1, 2014. Participants can now have three loans outstanding and must have 1,000 hours of service to be eligible to receive a matching contribution.

Employer contributions:

Discretionary contributions:

The employer may make basic matching and non-elective employer contributions on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of director's resolution.

In addition to the eligibility criteria of the Plan, a participant will not receive any matching contribution unless the participant is employed on the last day of the Plan Year.

The Company made a matching contribution of 25% of a participant's deferral, not to exceed $1,000 for the year ended December 31, 2015.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of $1,000 up to a maximum of $50,000 or 50% of the participant's vested account balance, whichever is less. Participants may have up to three loans (one loan prior to November 1, 2014) outstanding at a time. Loans must be repaid to the Plan through salary deductions over a period not to exceed five years or up to 30 years for the purchase of a primary residence. Interest on the loan will be based on the prime rate of interest published by the Federal Reserve Bank as of the date of the loan, plus 1%.

Vesting:

Participants are immediately 100% vested in their contributions. Effective January 1, 2008, the following (6-year graded) vesting schedule applies to employer matching and non-elective contributions:

Year	
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1. DESCRIPTION OF THE PLAN (Continued):

Forfeitures:

Forfeitures are retained in the Plan and used to pay administrative expenses and reduce future plan sponsor contributions. No forfeitures were used during the year to pay administrative expenses or reduce plan sponsor contributions. The balance of unapplied forfeitures at December 31, 2015 is $7,632.

Payment of benefits:

Participant contributions are available for withdrawal in a lump-sum distribution upon the participant's death, retirement, total disability, age 59½, or termination of employment with the Company. After-tax contributions can be withdrawn at any time.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting and in accordance with ERISA.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported by State Street Bank and Trust Company and Putnam Investments. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in the Professional Accounting Standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants are valued at cost, which approximates fair value.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Purchases and sales of securities are recorded on trade date basis**.**

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Payment of benefits:

Benefit payments are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting changes:

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully-benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and net appreciation or depreciation in fair value of investments by general type. Part III also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

In May 2015, FASB issued ASU 2015-07 Fair Value Measurement (Topic 820); Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). The ASU removes the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The Plan adopted the provisions of ASU 2015-07 for the year ended December 3, 2015. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and applied retrospectively. The Plan's management has elected to adopt ADU 2015-07 early.

Reclassification of prior year presentation:

Certain prior year amounts have been reclassified for consistency with the current period presentation. These reclassifications had no effect on the reported results of operations and were necessary to comply with the early adoption of the accounting change mentioned above.

Subsequent events:

Management has evaluated subsequent events through September 26, 2016, the date which the financial statements were available for issue.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by the State Street Bank and Trust Company and with Putnam Investments.

The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIANS (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the custodian certified information regarding the cost and fair value of all investments and notes receivable from participants transactions held at December 31, 2015 and December 31, 2014 and investment and notes receivable from participants transactions entered into during 2015, which was used in preparation of the accompanying financial statements and supplemental schedule.

Note 6. ASSETS HELD BY PUTNAM INVESTMENTS:

ESTIMATED FAIR VALUE OF INVESTMENTS AS OF DECEMBER 31, 2015

Putnam Equity Income	$	48,948
Putnam Multi-Cap Growth Fund		32,743
Putnam American Government		31,925
	$	113,616

ESTIMATED FAIR VALUE OF INVESTMENTS AS OF DECEMBER 31, 2014

Putnam Equity Income	$	50,582
Putnam Multi-Cap Growth Fund		32,876
Putnam American Government		32,177
	$	115,635

Net depreciation in fair value of investments for the year ended December 31, 2015 is $1,993.

Note 7. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and December 31, 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Benefit-responsive investment: Valued based on the credited rate communicated to the plan and credited daily. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract (See Note 8).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7. FAIR VALUE MEASUREMENTS (Continued):

The following table sets forth by level, the fair value hierarchy, the plan's investment at fair value as of December 31, 2015 and December 31, 2014.

Investments at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 10,197,761	$ -	$ -	$ 10,197,761
Total assets in the fair value heirarchy	$ 10,197,761	$ -	$ -	10,197,761
Investments measured at NAV practical expedient				2,425,733
Investments at fair value				$ 12,623,494

Investments at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,816,779	$ -	$ -	$ 6,816,779
Total assets in the fair value heirarchy	$ 6,816,779	$ -	$ -	6,816,779
Investments measured at NAV practical expedient				2,249,938
Investments at fair value				$ 9,066,717

Note 8. BENEFIT-RESPONSIVE INVESTMENT (STABLE VALUE FUND):

The Plan entered into a benefit-responsive investment contract with State Street Bank and Trust Company. State Street Bank and Trust Company maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by State Street Bank and Trust Company, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 8. BENEFIT-RESPONSIVE INVESTMENT (STABLE VALUE FUND) (Continued):

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage.

Note 9. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated September 15, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 10. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company may, at its sole discretion, terminate the Plan in whole or in part at any time. In the event of termination, investments will be valued on the termination date and paid out to participants after deducting liquidation and termination expenses.

Note 11. RELATED PARTY TRANSACTIONS:

Plan investments are shares of mutual funds managed by State Street Bank and Trust Company as well as Putnam Investments. State Street Bank and Trust Company and Putnam Investments are the asset custodians. Company officers are the trustees as defined by the Plan. Fees paid by the Plan for the investment management services amounted to $21,784 for the year ended December 31, 2015. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA, prohibited transaction rules.

The Plan sponsor pays for most of the costs associated with the administration of the Plan.

Note 12. PROHIBITED TRANSACTIONS:

During the year ended December 31, 2013, the Plan failed to comply with a participant loan policy resulting in a prohibited excess participant loan. The total prohibited transaction amount totaled $17,000 when the loan was made. The Plan corrected the excess participant loan through loan repayments. At December 31, 2015, the participant loan balances in excess of the maximum amount have been repaid.
