REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Plan Administrator of the
Westlake Savings Plan:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of the Westlake Savings Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits, as of December 31, 2015 and 2014, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by T. Rowe Price Trust Company (the "Trustee"), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee, as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the “Plan”), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established, effective January 1, 1987, for the employees of participating affiliates of Westlake Chemical Corporation (“WCC”). The Plan has been amended to allow participation by substantially all employees of the following affiliates: Westlake Management Services, Inc., North American Pipe Corporation (“NAPCO”), and Westlake Vinyls, Inc., (the “Companies”). Effective February 1, 2015, Westlake Management Services, Inc. (“WMS”) replaced WCC as the Plan sponsor. The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code of 1986 (the “Code”) and the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended and restated effective January 1, 2014 to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Sections 401(a) and 401(k). A request for a determination on the qualified status of the Plan was submitted to the Internal Revenue Service (“IRS”) in 2015, and is pending.

Administration

The Plan was administered by WCC for the period January 1, 2014 through January 31, 2015. Effective February 1, 2015, the Plan is administered by WMS. The trustee of the Plan is T. Rowe Price Trust Company (the “Trustee”).

Eligibility

Employees may elect to participate in the Plan as of the first day of the month following completion of 30 days of participation service, as defined by the Plan.

Contributions

Participants may contribute through salary deferral up to 100% of their eligible compensation, which is deposited in individual employee salary contribution accounts. The Plan incorporates an automatic contribution feature which provides that participants will be automatically enrolled with a contribution amount of one percent (1%) of eligible compensation and can, within a thirty (30) day grace period prior to initial enrollment, elect a different level of contribution or decline participation under the Plan. The Plan also incorporates an annual automatic increase feature, as of each April 1, increasing his or her contribution level in one percent (1%) intervals up to four percent (4%) of his or her eligible compensation, applicable to any participant whose prior contribution level, whether automatic or affirmative, is greater than zero percent (0%) but less than four percent (4%) of his or her eligible compensation, also subject to the participant’s affirmative election to change the contribution rate or continue to decline participation.

Participants may not exceed the limit set forth in Section 402(g) (\$18,000 in 2015) of the Code. Participants age 50 or older during the year can make a special “catch-up” contribution not to exceed an additional \$6,000 in 2015. Participants may change their contribution percentage at any time during the Plan year. The employer matching formula is 100% of each participant’s salary deferral contribution, not in excess of 4% of that participant’s eligible compensation for each eligible participant whose employment is not subject to a collective bargaining agreement, and is classified as a safe harbor contribution, resulting in automatic passage of the otherwise required non-discrimination testing.

NOTES TO FINANCIAL STATEMENTS, Continued

1. Description of Plan, continued

Contributions, continued

Effective January 1, 2015, for all other eligible participants whose employment is subject to a collective bargaining agreement, the employer contributes an amount equal to 67% of each participant's salary deferral contribution, not in excess of 6% of that participant's eligible compensation.

The employer shall contribute an Annual Retirement Contribution ("ARC") on behalf of each participant who is employed by Westlake Management Services, Inc. or Westlake Vinyls, Inc. who has completed one year of participation service on or prior to December 31 of the Plan year for which such contribution is made, and who is not eligible for the accrual of a benefit under the Westlake Wage Employees' Defined Benefit Plan or the Westlake Salaried Employees' Defined Benefit Plan. Effective January 1, 2015, the amount of the ARC is 8% of the eligible compensation earned during the Plan year for which such allocation is made for each eligible participant whose employment is not subject to a collective bargaining agreement. Effective January 1, 2015, the amount of the ARC for each eligible participant whose employment is subject to a collective bargaining agreement is 5% of the compensation earned during the Plan year for which such allocation is made.

With the freeze of accruals under the Westlake Salaried Employees' Defined Benefit Plan, as of December 31, 2013, the affected employees previously ineligible for an ARC contribution become eligible as of January 1, 2014.

With the freeze of accruals under the Westlake Wage Employees' Defined Benefit Plan, as of January 31, 2015, the affected employees previously ineligible for an ARC contribution become eligible as of February 1, 2015.

The employer may make additional contributions at the discretion of its Board of Directors. Plan contributions are directed by Plan participants into investments provided by the Trustee.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. For participants who do not make an investment election, a qualified default investment alternative is provided. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their elective contributions, plus any earnings on such contributions.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

1. Description of Plan, continued

Vesting, Continued

The participant's interest in his employer matching contribution account shall vest as follows: (a) as to a participant who is not represented under a collective bargaining agreement, his employer matching contribution account shall be 100% vested if he completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, and (b) as to all other participants, the participant vests in employer matching contributions at a rate of 20% per year until fully vested.

The participant vests in the ARC and the employer discretionary profit sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2015 and 2014 totaled \$6,288,565 and \$5,731,344, respectively, and bore interest at rates ranging from 4.25% to 8.50% during 2015.

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are initially used to correct participant accounts, then used to pay administrative expenses of the Plan and then used to reduce the employer contribution to the Plan. During 2015, \$121,749 in employer contributions were forfeited. Forfeitures used to reduce the employer contributions during 2015 were \$135,598. At December 31, 2015 and 2014, unallocated forfeiture accounts and earnings thereon amounted to \$133,042 and \$144,953, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or to have the account balance distributed in the form of an annuity or installment payments. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Administrative Expenses

WMS provides administrative services without charge to the Plan. In accordance with the Plan document, administrative expenses incurred on behalf of the Plan that are not paid by WMS are paid from Plan assets. During 2015, the majority of administrative expenses were paid by the Plan.

1. Description of Plan, continued

Expense Offset Arrangements

Fees incurred by the Plan for investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is valued based on the fair value of the underlying investments held by the fund less its liabilities at year-end.

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is accrued as earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value (“NAV”) per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management has elected to adopt ASU No. 2015-07 early. The adoption of ASU 2015-07 in 2015 impacted disclosures only by removing the TRP Stable Value Fund from classification in the fair value hierarchy in Note 3.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - Fully Benefit-Responsive Investment Contracts: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, Part I clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - Plan Investment Disclosures: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - Measurement Date Practical Expedient: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. *Part III* is not applicable to the Plan.

2. Summary of Significant Accounting Policies, continued

New Accounting Pronouncements, continued

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2015. *Parts I and II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management has elected to early adopt *Parts I and II*. *Parts III* is not applicable to the Plan. The adoption of ASU No. 2015-12, *Parts I and II*, in 2015 (with retrospective application to 2014) is reflected through the presentation of the TRP Stable Value Fund within investments at fair value in the accompanying statements of net assets available for benefits, with no adjustment from fair value to contract value. The adoption also resulted in the elimination of footnote disclosing individual investments that represent 5 percent or more of net assets available for benefits and simplification of disclosures in the fair value measurement and information certified by the trustee footnotes. The adoption did not have any impact on the Plan's net assets available for benefits and the changes in net assets available for benefits.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks that generally mean the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Continued

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

3. Fair Value Measurements, continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (Market approach)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Tax Status

The Plan obtained its latest determination letter on July 20, 2016, in which the IRS stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Code and therefore, not subject to tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, WMS has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

6. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's Trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Party-In-Interest Transactions

Certain plan investments are in accounts managed by the Trustee and the Plan has notes receivable from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Reconciliation of Financial Statements to Form 5500

There was no difference between the net assets available for benefits per the financial statements and the Form 5500 for the year ended December 31, 2015. The following is a reconciliation of net assets available for benefits per the financial statements at December 31 2014, to the Form 5500:

	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 344,508,607
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>1,051,300</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 345,559,907</u></u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

	<u>2015</u>
Net increase in net assets available for benefits per the financial statements	\$ 20,663,125
Change in adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>(1,051,300)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 19,611,825</u></u>

9. Subsequent Events

Plan management has evaluated subsequent events through August 17, 2016, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
