New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of New West Physicians 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description*, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New West Physicians, P.C. (the Company) or New West Management Services Organization, Inc. (a participating employer) who have at least six months of service and who are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (FMTTC) is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. Additional catch-up contributions are available to any participant who is age 50 or older. Contributions are subject to certain limitations. There were no excess 2015 or 2014 contributions.

The Company makes safe-harbor matching contributions of 100% of employees' salary deferral amounts on the first 3% of employees' compensation and 50% of employees' salary deferral amounts on the next 2%.

For the years ended December 31, 2015 and 2014, the Company made a discretionary matching contribution of 100% of the first 6% of the participants' eligible compensation.

The Company may also make an additional discretionary matching employer contribution, not to exceed 4% of the eligible participants' compensation, to the Plan as determined by the Board of Directors. For the Plan years ended December 31, 2015 and 2014, the Company made additional discretionary matching contributions of 3.207547% and 3.2692308%, respectively, to eligible participants.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions as well as the Company's contribution into any of the separate investment accounts.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. However, the Company did not elect to utilize this feature in 2015 or 2014.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, if any, and plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeited Accounts

Participants are immediately vested in their voluntary contributions and safe-harbor matching contributions plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service, as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years and thereafter	100%

The non-vested balance is forfeited upon termination of service. Forfeitures may be used to pay administrative expenses of the Plan or to reduce future employer contributions. Forfeitures of \$167,400 were used to reduce the 2015 employer contributions receivable. Forfeitures of \$96,869 were used to reduce the 2014 employer contributions receivable. No forfeitures were used to pay plan expenses during 2015 or 2014. At December 31, 2015 and 2014, there was \$132,445 and \$47,716 of unallocated forfeitures, respectively.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of the participant's account. A forced distribution will occur with all terminated participants with a vested account balance equal to or less than \$1,000. A forced distribution to a traditional individual retirement account (IRA) will occur with all terminated participants with a vested account balance between \$1,000 and \$5,000.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Participants may not make withdrawals from their accounts prior to retirement at age 65 without incurring penalties, except in the event of disability, death, termination of employment, or early retirement, subject to certain restrictions. Participants may also make certain voluntary in-service withdrawals after age 59½, as well as certain withdrawals for amounts not to exceed the balance in their elective deferral contributions account, subject to certain penalties, to satisfy one of the immediate and heavy financial needs as described in the plan document.

Notes Receivable From Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under the Fidelity Basic Plan Document No. 14 volume submitter plan, which has been filed with the appropriate agency, and has obtained an opinion letter from Internal Revenue Service (IRS) dated March 31, 2008. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 3: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 4: Certification of Plan Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits and related disclosures for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

During 2015 and 2014, the Plan paid fees to the trustee totaling \$4,163 and \$4,171, respectively. The Company provides certain administrative functions at no cost to the Plan and pays for certain accounting and auditing fees relating to the Plan.

Certain plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 6: Plan Amendment

Effective January 1, 2014, the Plan was amended to exclude unearned/discretionary monetary gift (U/DMG) from eligible compensation.

Note 7: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

2015				
Fair Value Measurements Using				
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

2014				
Fair Value Measurements Using				
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)		
		Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 37,791,187	\$ 37,791,187	\$ -	\$ -
Common stocks	1,473,254	1,473,254	-	-
Interest-bearing cash fund	80,401	80,401	-	-
	<u>\$ 39,344,842</u>	<u>\$ 39,344,842</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 securities at December 31, 2015 or 2014.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015, to Form 5500:

Net assets available for benefits per the financial statements	\$ 43,110,132
Less contributions receivable from the employer at December 31	<u>1,078,704</u>
Net assets available for benefits per Form 5500	<u><u>\$ 42,031,428</u></u>

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2015, to Form 5500:

Employer contributions per the financial statements	\$ 3,248,704
Less contributions receivable from the employer at December 31 current year	<u>(1,078,704)</u>
Employer contributions per Form 5500	<u><u>\$ 2,170,000</u></u>

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of New West Physicians 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description*, which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New West Physicians, P.C. (the Company) or New West Management Services Organization, Inc. (a participating employer) who have at least six months of service and who are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (FMTTC) is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. Additional catch-up contributions are available to any participant who is age 50 or older. Contributions are subject to certain limitations. There were no excess 2015 or 2014 contributions.

The Company makes safe-harbor matching contributions of 100% of employees' salary deferral amounts on the first 3% of employees' compensation and 50% of employees' salary deferral amounts on the next 2%.

For the years ended December 31, 2015 and 2014, the Company made a discretionary matching contribution of 100% of the first 6% of the participants' eligible compensation.

The Company may also make an additional discretionary matching employer contribution, not to exceed 4% of the eligible participants' compensation, to the Plan as determined by the Board of Directors. For the Plan years ended December 31, 2015 and 2014, the Company made additional discretionary matching contributions of 3.207547% and 3.2692308%, respectively, to eligible participants.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions as well as the Company's contribution into any of the separate investment accounts.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. However, the Company did not elect to utilize this feature in 2015 or 2014.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, if any, and plan earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeited Accounts

Participants are immediately vested in their voluntary contributions and safe-harbor matching contributions plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service, as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years and thereafter	100%

The non-vested balance is forfeited upon termination of service. Forfeitures may be used to pay administrative expenses of the Plan or to reduce future employer contributions. Forfeitures of \$167,400 were used to reduce the 2015 employer contributions receivable. Forfeitures of \$96,869 were used to reduce the 2014 employer contributions receivable. No forfeitures were used to pay plan expenses during 2015 or 2014. At December 31, 2015 and 2014, there was \$132,445 and \$47,716 of unallocated forfeitures, respectively.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of the participant's account. A forced distribution will occur with all terminated participants with a vested account balance equal to or less than \$1,000. A forced distribution to a traditional individual retirement account (IRA) will occur with all terminated participants with a vested account balance between \$1,000 and \$5,000.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Participants may not make withdrawals from their accounts prior to retirement at age 65 without incurring penalties, except in the event of disability, death, termination of employment, or early retirement, subject to certain restrictions. Participants may also make certain voluntary in-service withdrawals after age 59½, as well as certain withdrawals for amounts not to exceed the balance in their elective deferral contributions account, subject to certain penalties, to satisfy one of the immediate and heavy financial needs as described in the plan document.

Notes Receivable From Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Valuation of Investments and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Tax Status

The Plan operates under the Fidelity Basic Plan Document No. 14 volume submitter plan, which has been filed with the appropriate agency, and has obtained an opinion letter from Internal Revenue Service (IRS) dated March 31, 2008. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 3: Change in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 4: Certification of Plan Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits and related disclosures for the years ended December 31, 2015 and 2014
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2015

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

During 2015 and 2014, the Plan paid fees to the trustee totaling \$4,163 and \$4,171, respectively. The Company provides certain administrative functions at no cost to the Plan and pays for certain accounting and auditing fees relating to the Plan.

Certain plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

New West Physicians 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2015 and 2014

Note 6: Plan Amendment

Effective January 1, 2014, the Plan was amended to exclude unearned/discretionary monetary gift (U/DMG) from eligible compensation.

Note 7: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

2015				
Fair Value Measurements Using				
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

2014				
Fair Value Measurements Using

		Significant Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 37,791,187	\$ 37,791,187	\$ -	\$ -
Common stocks	1,473,254	1,473,254	-	-

	<u>\$ 39,344,842</u>	<u>\$ 39,344,842</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no Level 2 or Level 3 securities at December 31, 2015 or 2014.

Notes to Financial Statements

December 31, 2015 and 2014

Note 8: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015, to Form 5500:

Net assets available for benefits per the financial statements	\$ 43,110,132
Less contributions receivable from the employer at December 31	<u>1,078,704</u>
Net assets available for benefits per Form 5500	<u><u>\$ 42,031,428</u></u>

The following is a reconciliation of employer contributions per the financial statements for the year ended December 31, 2015, to Form 5500:

Employer contributions per the financial statements	\$ 3,248,704
Less contributions receivable from the employer at December 31 current year	<u>(1,078,704)</u>
Employer contributions per Form 5500	<u><u>\$ 2,170,000</u></u>

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
