NOTE A – Description of Plan

The following description of Orion Project Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General* - The Plan is a defined contribution plan established January 1, 2006, covering generally all employees of Orion Project Services (the Company) over the age of 21. Eligible participants may enter the Plan on the first day of the plan year quarter coinciding with or following the date such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. The Plan's trustee is Standard Insurance Company (the Standard).

2. *Contributions* - Qualified participants may elect to defer a percent of their salary at each pay period. A participant's contribution may not exceed an amount determined by the Internal Revenue Service each calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investing of the contributions in any of the Plan's available investment options. Discretionary matching contributions may be made by the Company each plan year to each active participant in an amount determined by the Company. The discretionary matching Company contribution is invested at the participant's discretion. For the year ended December 31, 2015, the Company elected to make discretionary matching contributions of 100% of each participant's deferral up to 2%. Discretionary matching contributions made by the Company totaled $233,929 for the year ending December 31, 2015.

3. *Participant Accounts* - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting* - Participants are immediately vested in their voluntary contributions including rollover contributions plus actual earnings thereon. Participants do not vest in the Company's discretionary matching contribution until they have completed three years of service or upon disability.

NOTE A – Description of Plan – continued

5. *Payment of Benefits* - Subsequent to termination of service, a participant may request to receive payment either in a lump sum amount equal to the value of their vested account balance or to continue in the Plan in such a manner as though the employee had not terminated their eligibility, if the participant's account balance is greater than $5,000. If the participant's account balance is less than $5,000, the participant will either receive payment in a lump sum amount or the funds will be placed in an Individual Retirement Account (IRA) for the participant in an amount equal to the value of their vested account balance. In addition to benefit payments made due to termination of service, the Plan also allows for hardship distributions from the portion of the participant's account that includes their voluntary contributions. In-service distributions are permitted from all fully vested participant accounts for all participants who have attained age fifty nine and one-half.

6. *Notes Receivable From Participants* - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and the participant loan fund. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rate on loans outstanding at December 31, 2015 and 2014 was 3.25%. Principal and interest is paid ratably through regular payroll deductions.

7. *Forfeiture Accounts* - Employees possess a completely vested interest in any contributions they make, and the earnings thereupon, to their personal benefit account, and build a vested interest in their employer match contributions and their earnings through years of service. Upon an employee's withdrawal from the Plan, the employee receives only that portion of the benefit account in which the employee is vested and forfeits any unvested portion.

Unclaimed benefits are treated as forfeitures as allowed by the Plan. The Plan stipulates that forfeitures shall first be used to reduce any employer contributions. As of December 31, 2015 and 2014 the forfeiture account had a balance of $5,734 and $14,191, respectively.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with generally accepted accounting principles (GAAP).

New Accounting Standard

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. ASU 2015-12 Part II simplifies the investment disclosure requirements under existing U.S. GAAP, including eliminating the disclosure of (1) Individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. ASU 2015-12 Part III does not apply to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt Parts I and II early.

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which removes the requirement to present investments for which the practical expedient is used to measure fair value at net asset value (NAV) within the fair value hierarchy table. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan elected to early adopt ASU 2015-07 as permitted and has applied ASU 2015-07 retrospectively as of December 31, 2014, as required.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – Summary of Significant Accounting Policies – continued

Investment Valuation

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Investments in fully-benefit responsive investment contracts are reported at contract value as discussed in Note C.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Expenses

Investment related expenses are included in net (depreciation) of fair value of investments. Fees related to certain distributions are charged directly to the participant's account. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Recently Issued Accounting Standards

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE C – Deposit Administration Contract

The Stable Asset Fund II represents a fully benefit-responsive deposit administration contract ("Contract") entered into by the Plan with Standard. Standard maintains the contributions in an unallocated fund, whose assets are invested with other assets in the general account of Standard. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by Standard. Generally, participants may direct the withdrawal or transfer of all or a portion of their investment at contract value, which is equivalent to fair value. Contract value represents contributions made under the Contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the Contract issuer or otherwise.

NOTE C – Deposit Administration Contract – continued

The contract crediting rate is established at the end of each quarter and is guaranteed for five years. The effective annual crediting rate and yield for the Contract was approximately 1.11% for the year ended December 31, 2015.

Participant directed transfers can only be made on the first date of each calendar quarter, and are limited to 5% of the participant's balance. Standard may defer any withdrawal request for 30 days after receipt of written notice of the withdrawal request and may defer honoring any withdrawal request for any reasonable period if, due to the closing or other disruption of financial markets or exchanges, Standard is unable to prudently liquidate assets necessary to satisfy the request. Standard may terminate the contract with 30 days advance written notice to the contract owner. There were no events that limited the ability of the Plan to withdraw at contract value, which is equivalent to fair value, or otherwise transact at contract value with Standard as the Contract issuer.

The Stable Asset Fund II invests in high-quality bonds with short- to intermediate-term maturities and insurance contracts which aim to provide price stability on a day-to-day basis. All deposits are invested as part of the fund's general assets. Return is determined by the declared interest rate, not by the investment performance of the fund's general assets. All participants in the Plan earn the same interest rate, which is a weighted average of the interest rates on plan assets over the preceding five years. Interest is accrued daily and compounded quarterly.

NOTE D – Fair Value Measurements

Accounting Standards Codification 820 “Fair Value Measurements and Disclosures” (ASC 820) establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. As discussed in Note B, The Plan adopted ASU No. 2015-07 which removed the requirement to categorize and disclose investments for which fair value is measured using net asset value (NAV) per share as the practical expedient within the fair value hierarchy. As of December 31, 2015 and 2014 all of the Plans investments are measured using NAV as a practical expedient, therefore, leveling in accordance with ASC 820 does not apply.

Pooled separate accounts (PSA): Valued at fair value using the net asset value as a practical expedient, based principally on unit prices provided by Standard. Unit prices are, in turn, based on the quoted market prices of the underlying investments. The investments held by each pooled separate account are traded on an active market.

NOTE D – Fair Value Measurements – continued

Stable Asset Fund II: Valued at net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the fund would sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014.

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,013,150	n/a	Daily	None
Stable Asset Fund II	947,075	n/a	Daily	30 Days (a)
Total	$ 4,960,225			

	(Compiled) 2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 4,780,972	n/a	Daily	None
Stable Asset Fund II	1,083,673	n/a	Daily	30 Days (a)
Total	$ 5,864,645			

(a) The redemption notice period for the Stable Asset Fund II is applicable only in the event the Plan terminates the investment fund. The notice period is not applicable to plan Participants.

NOTE E – Investments

The investments presented as of December 31, 2015 were certified as complete and accurate by Standard Insurance Company. Standard Insurance Company also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of $(111,628) of net (depreciation) in the fair value of investments and $10,732 of interest and dividends for the year ended December 31, 2015.

NOTE F – Transactions with Parties-In-Interest

Certain plan investments are units of pooled separate accounts and a deposit administration contract managed by Standard Insurance Company. Standard Insurance Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative expenses and all audit fees of the Plan are paid by the Company. The Plan is not responsible for reimbursing the Company for any fees paid by the Company.

NOTE G – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – Tax Status

The Plan is placing reliance on an advisory letter received from the IRS on March 31, 2014, that the volume submitter plan is qualified under section 401 of the Internal Revenue Code and is therefore, not subject to tax under current income tax law. Although the plan has been amended subsequent to receiving the letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the internal revenue service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE J – Subsequent Events

Subsequent events have been evaluated through September 30, 2016, the date the financial statements were available to be issued. The Plan did not have any recognized or non-recognized subsequent events after December 31, 2015 that would require disclosure in the notes to the financial statements.
