MAJESTIC MARBLE AND GLASS COMPANY 401(k) PLAN
Notes to Financial Statements
December 31, 2015 and 2014

1. Plan Description

The following description of the Majestic Marble and Glass Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:

The Plan is a defined contribution 401(k) plan established on January 1, 1994, covering all employees of Majestic Marble and Glass Company, Inc., who have worked for at least one year and are age twenty-one or older. The Plan is a Pre-approved Plan from Freedom One Retirement Services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor is Majestic Marble & Glass Company, Inc. (Company).

B. Contributions:

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and multiple common/collective investment trusts as investment options for participants. The Company contributions are discretionary, and for 2015 and 2014 the Company suspended matching contributions.

C. Participant Accounts:

Each participant's separate account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Company matching and discretionary contributions, if any, and earnings thereon are subject to a six-year graded vesting schedule based on the years of credited service. A participant vests according to this schedule for each calendar year in which the participant has worked at least 1,000 hours. A participant also becomes 100% vested if he or she attains age 65 while still employed by the Company, becomes permanently disabled, or dies.

E. Disposition of Forfeitures:

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $0 and $447, respectively. These accounts will be used to reduce future employer contributions and/or expenses. During the year ended December 31, 2015, the Plan sponsor applied $447 of the forfeited amounts to Plan expenses. During the year ended December 31, 2014, the Plan sponsor requested and received $2,925 of the forfeited amounts as reimbursement for Plan expenses paid.

F. Investment Options:

Participants can direct the investment of their contributions, including rollover contributions, as well as employer matching contributions made on their behalf into the various mutual funds and common/collective investment trusts offered by the Plan. Participants may change their investment options at any time.

1. Plan Description (Continued)

G. Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the participant's pledge of the vested portion of his or her account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The interest rate on the loans outstanding at December 31, 2015 and 2014 range from 4.25% to 8%. Generally, loan terms are limited to five years. All interest paid in connection with the loan and all repayments of principal are credited to the participant's account. All loans may be prepaid at any time without penalty. Principal and interest is paid ratably through payroll deductions. Only one outstanding Plan loan is permitted per participant.

H. Payment of Benefits:

On termination of service due to disability or retirement, a participant will normally be paid in the form of a qualified joint and survivor annuity over the life expectancies of the employee and spouse. Lump-sum distributions or rollovers to other plans are also available. Death benefits are paid out no later than ninety days following the later of the close of the Plan year within which the participant dies or the close of the Plan year in which the request is received. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Those participants may elect to roll over distributions to other qualified plans or to individual retirement accounts. Hardship withdrawals are permitted.

2. Summary of Significant Accounting Policies

A. Basis of Accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting, with investments reported at fair value or contract value.

B. Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition:

All underlying investments of the Plan are recorded at fair value. Shares of mutual funds are valued at the quoted market net asset value of shares held by the Plan at year end. Common/Collective Investment Trusts, which are valued at contract value, approximate fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For further disclosures related to fair value measurements see Note 5, Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies (Continued)

E. Payment of Benefits:
Benefits are recorded when paid.

F. Administrative Expenses:
Personnel with the Company perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Other administrative costs, including record keeping fees, investment fees, and loan fees are charged to and paid from the individual participant accounts.

G. Subsequent Events:
Subsequent events have been evaluated through September 28, 2016, which is the date the financial statements were available to be issued.

3. Plan Financial Information Certified by Trustee

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the trustee of the Plan that such information is complete and accurate.

Statements of Net Assets Available for Benefits – all items and amounts with the exception of contributions receivable and accrued administrative expenses, as applicable.

Statements of Changes in Net Assets Available for Benefits – all items and amounts except for contributions, benefits paid to participants, and administrative expenses.

Supplemental Schedule – all items and amounts.

4. Investments (Continued)

The following table summarizes appreciation in the fair value of the Plan's investments, including realized and unrealized gains and losses, for the years ended December 31, 2015 and 2014:

Common/Collective Trusts	(25,630)	131,988
Total Appreciation	$ (28,013)	$ 147,234

5. Fair Value Measurements

The Plan follows ASC 820, Fair Value Measurements and Disclosures, as amended, with respect to fair value measurements of its financial assets. This standard defines fair value as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The standard also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The hierarchy is broken down into three levels. Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014. There were no transfers or reclassifications between Level 2 or Level 3 during 2015 or 2014.

- ***Mutual Funds***
  These investment vehicles are valued using the net asset value (NAV) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

- ***Managed Accounts (Common/Collective Investment Trusts)***
  Units of each Managed Account are valued each day on which the New York Stock Exchange is open for trading in accordance with the valuation procedures established by the trustee of the fund. The Net Asset Value (NAV) per unit is calculated as of the close of trading on the exchange. The NAV per unit is computed by dividing the total fair value of the assets of a fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the portfolio and included in the determination of unit values. Securities within the funds that are listed on a securities exchange are valued at the market's quoted, readily available closing price. These investments are classified within Level 1 of the fair value hierarchy. The funds also hold investments in other collective funds. The investments in these collective funds are valued at their NAV as reported by the investee funds. These investments are classified within Level 2 of the fair value hierarchy.

5. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2015 and 2014:

		Fair Value Measurements at Reporting Date Using		
	12/31/2015	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds:

	$ 2,389,885	$ 1,276,635	$ 1,113,250	$ 0

6. Investment Contracts (Managed Accounts)

In 2015, the Plan maintained various fully benefit-responsive investment contracts (funds) with Wilmington Trust Retirement and Institutional Services Company, the trustees. Contributions are maintained in a pooled account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or other. The funds sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV of the funds determined at the close of business each day.

6. Investment Contracts (Managed Accounts) (Continued)

Because the funds are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the funds. The funds are presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value, if any, in arriving at net assets available for benefits, if applicable. For the years ended December 31, 2015 and 2014, contract value approximates fair value. Contract value, as reported to the Plan by the trustees, represent contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

A summary of the funds, their objectives, yields, and fair market value is as follows:

Managed Account	Objective	Average Yield of Annualized Earnings	Fair Maket Value
Moderate	Steady, Long-Term Growth	-1.11%	$ 1,185,971
Growth	Long-Term Growth	-1.10%	373,205
Conservative	Limit Risk to Principal, Provide Some Growth	-0.65%	359,504
Aggressive	Focus Entirely on Growth	-1.10%	96,852
Stable Value	Capital Preservation with Steady, Positive Returns	2.09%	25,355

7. Related Party Transactions

During the years ended December 31, 2015 and 2014, the trustee of the Plan was Reliance Trust Company, the record-keeper was Freedom One Retirement Services, and the Plan was managed by CapTrust Investment Advisors. Administrative fees to these service providers qualify as exempt party-in-interest transactions. Administrative fees paid by the Plan to these service providers totaled $37,488 and $35,384 for the years ended December 31, 2015 and 2014, respectively. Substantially all other administrative expenses of the Plan were paid by the Company

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the company contribution portion of their account.

9. Income Tax Status

The Plan obtained the latest determination dated March 31, 2008, in which the Internal Revenue Service stated that the Pre-approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

9. Income Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The three preceding tax years remain subject to examination by taxing authorities.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
