1. Description of Plan

General

The Munsch Hardt Kopf & Harr, P.C. Profit Sharing Plan (Plan) is a defined contribution plan established to provide retirement, hardship or total disability benefits to eligible employees of Munsch Hardt Kopf & Harr, P.C. (Firm). The Plan was established April 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On January 1, 2014, the Plan was amended to include automatic deferrals if a participant does not indicate otherwise. Accordingly, 2% of compensation will automatically be withheld from each paycheck and deposited into the Plan in accordance with the Plan's investment policies.

Contributions

Qualified employees may contribute up to 75% of their pretax annual compensation under the terms of salary reduction agreements between the employees and the Firm. In addition, any participant, with the Plan administrator's written consent, may contribute to the trust a "rollover contribution" from another qualified plan.

The Firm makes contributions to the Plan for the benefit of certain employees on a discretionary basis. For 2015, the Firm made a matching contribution for certain employees of up to 2% of eligible compensation and a profit sharing contribution for certain employees.

Participant Accounts

Qualified employees are eligible to become participants in the Plan upon satisfying the Plan's eligibility conditions. Separate accounts are established for each participant. Participants' accounts are credited with the participant's contributions and allocations of (a) contributions by the Firm, (b) Plan earnings, (c) and are charged with an allocation of administrative expenses and any losses on Plan investments.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in Firm contributions in accordance with the following table:

Year of Vesting Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Benefits

A participant's total account balance is paid to the participant or the participant's beneficiary in accordance with the Plan's policy upon the participant's retirement, death or disability. The vested portion of a participant's account can be withdrawn by the participant at the next valuation date, as defined, upon termination of employment with the Firm or upon withdrawal from the Plan, subject to certain limitations based on the account balance and the status of the employee. In-service withdrawals of after-tax accounts and hardship withdrawals of pre-tax accounts are also available.

Notes Receivable from Participants

Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Under the Plan, participants may obtain loans in amounts up to 50% of their vested account balance not to exceed $50,000. Repayment periods may not exceed five years unless used for the purchase of a residence. Loan interest rates are based on financial institution prime lending rates for loans of a similar nature. Principal and interest are paid ratably through automatic payroll deductions. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be a distribution, notes receivable from participants is reduced and a benefit payment is recorded.

Plan Termination

The Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in compliance with the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts. The Firm, however, does not intend to terminate the Plan.

Investment Options

Participants are allowed the option of investing their account balances among specific investment funds which are made available by the MG Trust Company L.L.C. (Custodian). Participants may change their investment options daily.

Allocation of Plan Earnings and Losses

Earnings and losses from the Plan's investments are allocated to participant accounts monthly, based on account balances at the beginning of the period as further defined in the Plan document.

Forfeitures

Participants that terminate employment with the Firm with unvested benefits may rehire with the Firm before five consecutive breaks in service and retain the prior vesting schedule. After five consecutive uninterrupted breaks in service, all prior vesting service is forfeited. The Plan defines a break in service as any 12-month period in which the participant does not complete more than 500 hours of service.

Forfeitures from the Firm's discretionary contributions are used to pay administrative expenses of the Plan and reduce future Firm contributions. For the year ended December 31, 2015, $48,675 was used to reduce 2015 Firm matching and profit sharing contributions.

Administrative Expenses

To the extent not paid by the Plan, administrative expenses are paid by the Firm.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method in accordance with U.S. generally accepted accounting principles.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of investments, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

3. Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan.

ASU 2015-12 is effective for periods ending after December 15, 2015, with early adoption permitted and requires retrospective application to all periods presented. Parts I and II were adopted by the Plan for the year ended December 31, 2015. There was no impact to the net assets available for benefits as of December 31, 2015 or 2014 as a result of the adoption.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. ASU No. 2015-07 is not applicable to the Plan.

4. Fair Value Measurements

The Plan measures its investments at fair value on a recurring basis. The inputs used to develop fair value are ranked to indicate the quality and reliability of the resulting fair value measures, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities that are measured at fair value. The fair value of mutual funds are valued at the NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market. The money market funds are valued using $1 for the NAV. Self-directed accounts include investments in various securities, primarily stocks and mutual funds. These investments are valued using quoted prices in an active market. The investments held by the Plan are measured using Level 1 inputs.

The Plan also holds other assets not measured at fair value on a recurring basis, including employer and participant contributions receivable and notes receivable from participants. The fair value of these assets approximates the carrying amounts in the accompanying financial statements due to the short maturity of the instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015	2014
Investments at fair value:		
Self-directed accounts	$ 1,182,086	$ 1,456,175
Mutual funds	44,680,619	45,289,189
Money market fund	2,405,896	1,629,660
	$ 47,086,515	$ 48,375,024

5. Financial Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Custodian, a party in-interest as defined by ERISA, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2015	2014
Self-directed accounts	$ 1,182,086	$ 1,456,175
Mutual funds	44,680,619	45,289,189
Money market fund	2,405,896	1,629,660
Total	$ 48,268,601	$ 48,375,024
Dividends	$ 2,397,067	
Interest on notes receivable from participants	$ 11,102	
Net depreciation in fair value of investments	$ (2,159,482)	

6. Tax Status

The Plan uses a prototype plan document sponsored by CPI Qualified Plan Consultants, Inc. (CPI). CPI received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

7. Related Party Transactions and Party-In-Interest Transactions

MG Trust Company L.L.C. is the custodian as defined by the Plan and, therefore, qualifies as a party-in-interest. Some fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than by direct payment.

8. Subsequent Events

Effective January 19, 2016 the Plan changed custodians from MG Trust Company L.L.C. to Fidelity Management Trust Company. This change initiated a "Black Out" period beginning January 19, 2016 and continuing through February 12, 2016. During this period, changes could not be made to participant accounts and funds could not be withdrawn from the Plan.

Plan management evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2015 through September 28, 2016, which was the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
