Schedule SB, line 22 - Description of Weighted Average Retirement Age

Alan Matarasso, MD, PC Defined Benefit Plan / 002 For the plan year 01/01/2015 through 12/31/2015

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.

Schedule SB, line 8 Late Election to Apply Balances to Quarterly Installments

Alan Matarasso, MD, PC Defined Benefit Plan / 002 For the plan year 01/01/2015 through 12/31/2015

At least one election to use the funding standard carryover balance and/or the prefunding balance to offset the amount of a required quarterly installment for the prior plan year was made after the due date of the installment. Thus, the amount on line 8 of the current year Schedule SB is not the same as the amount reported on line 35 of the prior year Schedule SB.
