Housley Communications Profit Sharing Plan and Trust

Report on the Financial Statements

We have audited the accompanying financial statements of Housley Communications Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Housley Communications Profit Sharing Plan and Trust, as of December 31, 2015 and 2014, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes at end of year, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note A: Plan Description

Housley Communications is an incorporated entity engaged in the design, construction, and repair of telecommunication cable systems. The following description of the Housley Communications, Inc. (the Company) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (defined as 1,000 hours over a twelve month period) and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested according to the participant's investment fund election. Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the present value of the Participant's non-forfeitable accrued account balance. The Participant may have only 2 loans outstanding at any time. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is earned and paid ratably through payroll deductions.

Note A: Plan Description *(Continued)*

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution. Participant's whose vested account balances exceed $1,000 can direct the timing of the distribution.

Forfeited Accounts
During the year ending December 31, 2015, forfeited non-vested accounts totaled $19,586.

Note B: Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis, while dividends are recorded on the ex-dividend date.

Operating Expenses
All expenses of maintaining the Plan are paid by the Plan and are allocated to each participant's account on a prorated basis.

Payment of Benefits
Benefits are recorded when paid.

Reclassifications
Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of the Plan.

Note B: Summary of Significant Accounting Policies *(Continued)*

Subsequent Events
The Plan administrator has evaluated subsequent events through October 04, 2016, the date the financial statements were available to be issued.

Note C: Employer's Contribution Receivable

At the discretion of the Company's board of directors, additional profit sharing amounts may be contributed to the Plan. Total contributions for the year ended December 31, 2015 was $850,000. Employer contributions receivable at December 31, 2015 and 2014 was $850,000 and $325,000, respectively.

Note D: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note E: Federal Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 26, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2011.

Note F: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants'

Note F: Risks and Uncertainties *(Continued)*

account balances and the amounts reported in the statement of net assets available for benefits.

Note G: Related Party Transactions

Certain Plan investments are shares of investment funds issued by John Hancock Life Insurance Company. These investment funds are managed by John Hancock Life Insurance Company, and these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. For the year ended December 31, 2015, fees paid by the Plan for investment management services were $2,107.

The Company has contracted with Pension Planning Consultants to serve as a third party administrator in managing the Plan. For the year ended December 31, 2015, fees paid by the Plan for investment management services were $19,462. No fees were owed or paid by the Company.

In addition, the Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Note J: Fair Value Measurement

The Plan's financial instruments consist principally of shares of registered investment companies, participant loans, and contributions receivable. The fair value of a financial instrument is the amount that would be received in an asset sale or paid to transfer a liability in an orderly transaction between unaffiliated market participants. Assets and liabilities measured at fair value are categorized based on whether the inputs are observable in the market and the degree that the inputs are observable. The categorization of financial instruments within the valuation hierarchy is based on the lowest level of input that is significant to the fair value measurement. The hierarchy is prioritized into three levels (with Level 3 being the lowest) defined as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

Level 2: Observable inputs other than prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated with observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use significant unobservable inputs.

The fair value of the Plan's shares of registered investment companies was determined based on Level 1 inputs. The Plan does not have any Level 2 or Level 3 inputs. The Plan believes that the recorded values of all the other financial instruments approximate their current fair values because of their nature and relatively short maturity dates or durations.

There have been no changes in Level 1, Level 2, and Level 3 and no changes in valuation techniques for these assets for the years ended December 31, 2015 and 2014.

The Plan uses the following methods and assumptions to estimate the fair value of each class of financial instruments for which it is practicable to estimate such value:

Shares of Registered Investment Companies – The net asset value of shares in mutual funds are valued based upon quoted market prices at the close of each business day and are classified in Level 1 of the fair value hierarchy.
