INDEPENDENT AUDITORS' REPORT

September 23, 2016

Plan Administrator
Plattner Automotive Group
1865 Porter Lake Drive
Sarasota, FL 34240**Report on the Financial Statements**

We were engaged to audit the accompanying modified cash basis financial statements of the *Plattner Automotive Group 401(k) and Profit Sharing Plan* (the "Plan"), which comprise the statements of net assets available for benefits of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis method of accounting (described in Note 1); this includes determining that the modified cash basis method of accounting is an acceptable basis for the preparation of the financial statements under these circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements (modified cash basis) based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Counsel Trust, dba Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements (modified cash basis).

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedule

The December 31, 2015 supplemental schedule of assets (held at end of year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements (modified cash basis) and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Plattner Automotive Group 401(k) and Profit Sharing Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering employees of *Plattner Automotive Group, Inc.* (the “Company”) who have three months of service and are age twenty-one or older who are not nonresident aliens or members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year participants may contribute up to 96% of annual compensation, as defined in the Plan agreement, on a pre-tax basis or on a post-tax basis as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants initially have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for automatically enrolled participants increases by 1% each year up to a maximum deferral rate of 10%, unless otherwise changed by the participant.

The Company, at its discretion, may make matching contributions on all pre-tax deferral contributions excluding catch-up contributions. The Company may also make a discretionary profit sharing contribution to the Plan for participants with at least one year of service and 500 hours of service during the Plan year at an amount equal to a percentage of the participants’ annual compensation. No matching or profit sharing contributions were made in 2015 and 2014.

Participants direct the investment of contributions into a variety of mutual funds offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions (when made), and an allocation of the Company's profit sharing contribution (when made) and forfeitures based on the participant's eligible compensation. Plan earnings are credited to each participant's account, based on the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The participant's account is charged with an allocation of administrative expenses based on participant account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PLATTNER AUTOMOTIVE GROUP 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are immediately vested in their 401(k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant becomes 20% vested in years two through six of credited service, becoming fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 47.5% of their vested account balance or of their total vested account balance excluding the Roth Elective Deferral balance. The maximum loan amount is limited to \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the date the loan agreement becomes effective. The notes receivable are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with the prime rate plus 1% at the time the notes are issued. Loan terms range from 1 to 4.5 years unless the loan is for the purchase of a primary residence, in which case the term may be for up to 10 years. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive all or a portion of the vested interest in their account in a lump-sum or in installments. For termination of service or for other reasons, a participant will receive the value of the vested interest in their account as a lump-sum distribution. Participants who terminate with an account balance of less than \$1,000 will have their balance paid to them in a lump-sum without their consent. Balances greater than \$1,000 but less than \$5,000 will be deposited into an individual retirement account without the participant's consent. In-service withdrawals of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeiture nonvested account balances in the amount of \$2,879 in 2015 and \$787 in 2014 were allocated to participants' accounts based on eligible compensation. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$712 and \$2,879, respectively.

Administrative Expenses

Certain of the Plan's administrative expenses, including salaries related to Plan administration, and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Fees related to the initiation of loans and certain distribution types are deducted from proceeds distributed to the participant.

PLATTNER AUTOMOTIVE GROUP 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained under the modified cash basis method of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Consequently, contributions to Plan net assets are recognized when received rather than when earned and deductions from Plan net assets are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis method of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as an addition to net depreciation or a reduction of net appreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Contributions are recorded when received by the Plan.

PLATTNER AUTOMOTIVE GROUP 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Plan management has elected to adopt Part II early and, other than the change to disclosures, the early adoption of this standard did not have a material impact on the financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through September 23, 2016, the date these financial statements were available to be issued. No such significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Counsel Trust, dba Mid Atlantic Trust Company ("Mid Atlantic"), as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, (2) the December 31, 2015, schedule of assets (held at end of year) and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2015 and 2014.

PLATTNER AUTOMOTIVE GROUP 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of the Plan's assets is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2015	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 809,400	\$ -	\$ -	\$ 809,400

2014	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 786,723	\$ -	\$ -	\$ 786,723

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan to the trustee, for custodial and record keeping services amounted to \$960 for 2015 and 2014. Fees paid by the Plan for investment management services are included as an addition to net depreciation or a reduction of net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

5. TAX STATUS

The Company adopted the Paychex, Inc. Prototype Nonstandardized Profit Sharing Plan with CODA plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated April 10, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that, would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would be allocated to participant accounts in such a manner as the Company may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
