Behr Retirement Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of Behr Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of MAHLE Behr USA, Inc. (Behr America, Inc. or the "Company") and certain of its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 50 percent of the pretax annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (the "Code"). The Plan has an automatic enrollment feature. If automatically enrolled, a participant's deferral is set at 4 percent of eligible compensation until changed by the participant and will begin with the first pay period after the 30-day opt-out period. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor employer matching contributions that were calculated based on the participant's cumulative contribution as follows:

Cumulative Employee Contribution	Cumulative Employer Matching Contribution
1 %	1 %
2	2
3	3
4	3.5
5	4
6	4.5
7% - 50%	No additional match

The Plan also has a discretionary employer match only for participants who were also participants in the Behr America Cash Balance Pension Plan or the Behr Dayton Balance Pension Plan on December 31, 2013. In 2015 and 2014, the Plan had \$607,120 and \$1,005,960, respectively, in discretionary employer contributions.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Behr Retirement Savings Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's non-safe harbor matching contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after two years of service, 40 percent after three years of service, 66 percent after four years of service, and they become fully vested after five years of service. Vesting in the Company's safe harbor matching contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 100 percent after two years of service with no prior vesting.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, subject to the provisions of the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their vested account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at a reasonable interest rate.

Transfers - Participants in the Behr Dayton Retirement Savings Plan (a related plan) who become an employee of the Company may have their account balance transferred to the Plan. Participants in the Plan who become an employee of MAHLE Behr Dayton, LLC (Behr Dayton Thermal Products, LLC) may have their participant account balance transferred to the Behr Dayton Retirement Savings Plan. In 2015 and 2014, the Plan had \$94,343 and \$28,002, respectively, in transfers from the Behr Dayton Retirement Savings Plan.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by T. Rowe Price Trust Company or its affiliates. T. Rowe Price Trust Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - All administrative costs are paid by the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Change in Presentation - The presentation of the stable value common collective trust for 2014 has been changed to be consistent with the 2015 presentation. The fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

Subsequent Events - Effective July 1, 2016, plan management transferred all assets of the Plan to Fidelity Management Trust Company (Fidelity) as custodian. Fidelity holds the Plan's investment assets and participant notes receivable and executes related transactions.

The financial statements and related disclosures include evaluation of events up through and including July 28, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

T. Rowe Price Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Notes to Financial Statements December 31, 2015 and 2014

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. The Level 3 fair value measurement is based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Fund - The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There were no unfunded commitments or redemption restrictions on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Tax Status

The Internal Revenue Service (IRS) originally determined and informed the Company by a letter dated May 5, 2011, that the Plan was designated in accordance with applicable sections of the IRC. Effective January 1, 2015, the Plan amended and restated using a volume submitter plan document. A volume submitter plan does not require an application for a determination letter from the IRS. The volume submitter plan has received a favorable notification letter from the IRS dated April 2, 2012. The Plan has not individually sought its own determination letter since the January 1, 2015 amendment and restatement date.
