PERSONAL RETIREMENT OPTION PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of Plan

The following description of the S&ME, Inc. Personal Retirement Option Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan, a defined contribution plan, was established by S&ME, Inc. (the "Company") effective May 1, 1992. The Plan is administered by an Administrative Committee appointed by the Company. The Administrative Committee appoints the custodian, who is responsible for investment of the assets of the Plan. The Company has been appointed to be the Plan administrator. Great-West Trust Company, LLC ("Great-West") serves as the custodian of the Plan.

The purpose of the Plan is to enable employees of the Company to save for retirement and certain special situations, including benefits in the event of death, disability, or other termination of employment, with pretax dollars. The Plan is for the exclusive benefit of eligible employees and their beneficiaries and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Eligibility of Participation

Effective January 1, 2008, the Plan was amended so that all employees are eligible to participate in the Plan upon attainment of age twenty-one. Enrollment is automatic upon attainment of the age requirement unless employees specifically request exemption from participation.

(c) Contributions

Each year, participants may elect to make tax-deferred contributions to the Plan of up to 50% of annual individual compensation subject to certain Internal Revenue Service limitations. Rollover contributions from other plans are also permitted. Effective January 1, 2008, tax-deferred contributions are 4% of employees' eligible compensation unless they elect a different percentage or elect to not participate in the Plan. As of January 1, 2008, employees may also make post-tax Roth contributions to the Plan. The Company may elect to match employee contributions or make other contributions at its discretion. No Company contributions were elected in 2015 and 2014.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution and an allocation of the Company's discretionary contribution and the Plan earnings (losses). Forfeitures, if any, may be treated as additional discretionary profit sharing contributions to the Plan. Plan earnings are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PERSONAL RETIREMENT OPTION PLAN

Notes to Financial Statements, Continued

December 31, 2015 and 2014

(1) Description of Plan, Continued

(e) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution is based on years of continuous service. This portion of the account vests at a rate of 20 percent per year beginning in the second year, becoming fully vested after six years of service.

(f) Notes Receivable from Participants

Participants in the Plan are eligible to borrow funds from their account balance. Such transactions qualify as party-in-interest transactions. The outstanding balance of all notes receivables per participant cannot exceed the lesser of \$50,000 or 50 percent of the vested interest in the participant's account. The notes are collateralized by the balance in the participant's account. The terms of the notes and the interest rate are determined by the Administrative Committee. Interest rates range from 3.25% to 4.25% on outstanding notes. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

Upon termination of employment, retirement, death or disability, participants generally may elect to receive either a lump-sum payment of the account balance, a joint and survivor annuity, part lump-sum and part installments, or equivalent annuity payments over their remaining life expectancy.

The Plan provides retirement benefits for participants who reach normal retirement age, which is defined as the later of the date the participant attains age 55 or the fifth anniversary of Plan participation.

(h) Forfeited Accounts

Forfeitures of nonvested account balances are reallocated to participants' accounts based upon the ratio of the participant's compensation to the total compensation of participants in the Plan for the year. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$32,619 and \$29,813, respectively. During 2015 and 2014, respectively, the Plan allocated forfeited balances totaling \$0 to participants' accounts.

(i) Party-In-Interest

The Plan invests in mutual funds and investment contracts managed by Great-West. The income of the Plan is derived from these investments; therefore, these transactions qualify as party-in-interest transactions that are allowable under ERISA.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and present the net assets available for plan benefits and changes in those net assets on an accrual basis.

(b) Investments

Participant-directed investments held by Great-West are valued based on the current market values of the underlying assets of the accounts. Mutual funds are valued at quoted market prices.

Investments in pooled separate accounts are reported at fair value based on net asset value.

Fully benefit-responsive investment contracts are measured, presented, and disclosed at contract value. The Plan's investment contract (Guaranteed Interest Fund "GIF") is recorded at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Interest is credited on the contract balance of the GIF using a single portfolio rate approach whereby a single interest crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions.

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses, the unrealized appreciation (depreciation) on those investments, and investment management fees.

(c) Notes Receivable from Participants

Notes receivable from participants are valued at amortized cost plus accrued interest.

(d) Excess Contributions

Amounts payable to participants totaling \$60,124 and \$41,074 as of December 31, 2015 and 2014, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to employee contributions. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

(e) Benefits

Benefits are recorded when paid.

PERSONAL RETIREMENT OPTION PLAN

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(f) Administrative and Investment Costs

Certain administrative costs are paid by the Company. In 2015 and 2014, the Company paid administrative expenses on behalf of the Plan totaling \$24,815 and \$17,451, respectively.

Investment management and administration costs are charged to the individual funds in the Plan and are included in the net appreciation (depreciation) in the fair value of investments.

(g) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(h) Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The authoritative guidance for fair value measurements establishes a three level hierarchy which encourages an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

Following is a description of the valuation techniques used by the Plan to measure different financial instruments at fair value and the level within the fair value hierarchy in which the financial instrument is categorized.

Level 1 Fair Value Measurements

The fair values of equity and fixed income securities are based on quoted market prices, when available. The Plan's Level 1 investments primarily consist of investments in mutual funds.

(3) Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. Management has elected to early adopt the provisions of this new standard, which requires retrospective application. Accordingly, the amendment was retrospectively applied resulting in removal of the Plan's investment in the pooled separate account from the fair value hierarchy for all periods presented.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II should be applied retrospectively, with early application permitted. Part III should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied resulting in the removal of certain previously required disclosures. As the contract value of the GIF approximates fair value, upon adoption there was no change to net assets available for plan benefits as previously reported. Part III is not applicable to this Plan.

The Prudential IncomeFlex Target EasyPath Balanced Fund is a pooled separate account reported at fair value based on net asset values provided by Prudential. The investment is a variable annuity offered as a retirement plan option that features a guaranteed minimum withdrawal benefit for an additional fee. The underlying investments include domestic equities, fixed-income investments, international equities, and non-traditional asset classes.

The contract value of the GIF, which approximates the fair value, is established by determining the amount of contributions plus interest credited based on an established interest rate.

(6) Notes Receivable from Participants

There were \$1,250,496 and \$1,241,084 in outstanding notes receivable from participants as of December 31, 2015 and 2014, respectively. Interest earned on loans totaled \$48,564 and \$53,860 during 2015 and 2014, respectively.

(7) Federal Income Taxes

The Internal Revenue Service has determined and informed the Company by letter dated January 27, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(9) Risks and Uncertainties

Financial instruments, which potentially subject the Plan to concentration of credit risk, consist principally of investments held in mutual funds, a pooled separate account, and investment contracts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(10) Subsequent Events

The date to which events occurring after December 31, 2015, the date of the most recent statement of net assets available for plan benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 5, 2016, the date the financial statements were available to be issued.
