INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Management of the
Superior Fabrication Company LLC 401(k) Savings and Investment Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Superior Fabrication Company LLC 401(k) Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SUPERIOR FABRICATION COMPANY LLC 401(K) SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS for the years ended December 31, 2015 and 2014

1. Plan Description:

The following description of the Superior Fabrication Company LLC 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan was established January 1, 2012 to provide eligible employees of Superior Fabrication Company LLC (the "Company") the opportunity to make regular and systematic savings through salary reductions and separate supplemental contributions. Prior to January 1, 2012, the employees of the Company were eligible to participate in the 401(k) Plan for Certain Reserve Group Employees. Employees must first meet eligibility requirements outlined in the plan document. Upon meeting the eligibility requirements, eligible participants are automatically enrolled at a deferral rate of 3% unless they opt out of the Plan. The Plan is a defined contribution 401(k) plan and is subject to Section 401(k) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year participants may contribute up to one hundred percent of pretax annual compensation, as defined by the Plan provided that such contribution shall not exceed limits imposed by Internal Revenue Service (IRS) Code Section 402(g). In addition, participants may elect to make after-tax contributions to the Plan. The Plan provides for matching contributions made by the Company in an amount as determined by the Company's board of directors. During 2015 and 2014, the matching contribution was made at 100% of the first 2% deferred, then 50% of the next 4% deferred (maximum 4% match) each pay period.

Participant Accounts – Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant and Company contributions and investment income, which includes net appreciation in fair value of investments. Account balances are decreased by participant distributions, administrative expenses, and any net depreciation in the contract/fair value of investments.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon.

Vesting of employer contributions plus related earnings is based on years of service as identified by the Plan. Participants become 100 percent vested after five years of service or upon death, total and permanent disability, or retirement. Minimum vesting under the Plan occurs in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Amount</u>
1	20%
2	40%
3	60%
4	80%
5	100%

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS, Continued for the years ended December 31, 2015 and 2014

1. Plan Description, Continued:

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, but can exceed a period in excess of five years for the purchase of a primary residence. The loans are secured by the participant's account and bear interest at a reasonable rate, which has been determined by the plan sponsor to be the prime rate plus 1%. Principal and interest is paid ratably through weekly payroll deductions.

Withdrawals – Withdrawals are not permitted before age 59½, except in the event of death, disability, termination of employment, or reasons of proven financial hardship.

Payment of Benefits – Upon termination of service due to death, disability, retirement, or other reasons, participants with a vested interest in their accounts of \$5,000 or more may elect to receive either a lump-sum distribution, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their account greater than \$1,000 but not more than \$5,000 can elect either a lump-sum distribution or roll over the amount into another qualified plan. If a participant does not choose one of these options, the funds will be transferred into an individual retirement account (IRA) in the participant's name. Participants with a vested interest in their account less than \$1,000 can elect either a lump-sum distribution or roll over the amount into another qualified plan. If a participant does not choose one of these options, the funds will automatically be distributed to the participant in a lump-sum. There were no individuals who elected to withdraw from the Plan but had not been paid at December 31, 2015 and 2014.

Forfeited Accounts – As of December 31, 2015 and 2014, there were unused forfeitures of \$1,512 and \$27,604, respectively. These amounts will be used to reduce future employer matching contributions or pay reasonable plan expenses. During the year ended December 31, 2015, \$34,934 was used as matching contributions. No forfeitures were reallocated to eligible plan participants during the year ended December 31, 2014.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and the assets of the Plan will be used for benefit payments until the assets are fully distributed.

for the years ended December 31, 2015 and 2014

2. Significant Accounting Policies:

Method of Accounting – The Plan's policy is to prepare its financial statements and supplemental schedule in accordance with the modified cash basis of accounting. Under this policy, contributions and investment income are recognized when received and disbursements and expenses are recognized when paid rather than when the obligation is incurred. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, plan management does not expect those differences to be significant to the financial statements.

Administrative Expenses – Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Investment Valuation and Income Recognition – The Plan's investments are valued by the trustees of the Plan's assets at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis and the statements of changes in net assets available for benefits – modified cash basis.

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS, Continued for the years ended December 31, 2015 and 2014

2. Significant Accounting Policies, Continued:

Subsequent Events – Plan management has evaluated subsequent events through September 15, 2016, the date which the financial statements were available to be issued.

New Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement. The amendments within this update removed the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. In addition, the amendments limit the disclosures required if an investment's fair value is determined using the net asset value per share practical expedient. This ASU is effective for reporting periods beginning after December 15, 2016. Early adoption is permitted and changes should be applied retrospectively to all financial statements presented. The plan has chosen to early adopt this standard.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to adopt Parts I and II early.

3. Trustee Certification:

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014 has been certified to as complete and accurate by Great West Trust Company, LLC and Great West Life and Annuity Insurance Company for 2015 and 2014, the trustees of plan assets, and have not been audited by the independent auditors for the Plan: investments at fair and contract value, notes receivable from participants, interest and dividends, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS, Continued
for the years ended December 31, 2015 and 2014

4. Fully Benefit-Responsive Investment Contracts:

The Plan entered into a fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2015 and 2014, the contract value of the fully benefit-responsive investment contract was \$358,576 and \$366,048, respectively.

The traditional investment contract held by the plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

5. Fair Value Measurements:

The Plan measures its assets in accordance with fair value standards. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS, Continued for the years ended December 31, 2015 and 2014

5. Fair Value Measurements, Continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	<u>2015</u> <u>Level 1</u>	<u>2014</u> <u>Level 1</u>
Mutual Funds	\$ 3,936,241	\$ 3,782,840
Total investments at fair value	<u>\$ 3,936,241</u>	<u>\$ 3,782,840</u>

6. Party-In-Interest Transactions:

The guaranteed investment contract is managed by one of the trustees, and therefore, qualifies as a party-in-interest. Notes receivable from participants are considered to be party-in-interest transactions. Investment management services and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions and totaled \$1,018 in 2015 and \$836 in 2014. In addition, during the years ended December 31, 2015 and 2014, the Company provides to the Plan certain accounting, record keeping, and administrative services to the Plan for which it received no compensation. These transactions also qualify as party-in-interest transactions.

7. Tax Status:

The Plan uses a volume-submitter plan document sponsored by Empower Retirement. Empower Retirement obtained an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the volume-submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, plan management and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for uncertainties in income taxes in accordance with accounting principles generally accepted in the United States of America, which provides for financial statement recognition and measurement of tax positions taken in tax returns that have a greater than 50% chance of not being allowed under examination. No such positions have been recorded in the December 31, 2015 and 2014 financial statements.

8. Partial Plan Termination:

The Company laid off certain participants of the Plan during the year ended December 31, 2015. The Company has determined that a partial termination of the Plan occurred in 2015. All affected Plan participants were fully vested in their accounts as a result.
