**Notes to Financial Statements**
**For the Year Ended December 31, 2015**

**Note 1 - Plan Description**

The following description of the Interstate Distributor Co. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General -** The Plan is a 401(k) salary deferral and profit sharing plan, covering substantially all employees of Interstate Distributor Co. (the Company or the Plan Administrator), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

**Eligibility -** Employees of the Company are eligible to participate in the Plan on the first day of the month following the date of hire and upon reaching age 18.

**Plan Administration -** The Plan is administered by the Company. The custodians of the Plan are Principal Life Insurance Company and Delaware Charter Guarantee & Trust Company (DBA Principal Trust Company) (collectively Principal). Principal Life Insurance Company also serves as the recordkeeper. Effective January 1, 2016, Fidelity Management Trust Company became the Plan's trustee and Fidelity Workplace Services LLC became the Plan's recordkeeper.

**Contributions -** Participants may elect to contribute between 1% and 90% of eligible compensation as pre-tax and/or Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All eligible new employees are automatically enrolled in the Plan at a 3% deferral rate unless they elect otherwise. Participants may also contribute amounts representing distributions from other eligible plans.

The Company may elect to make discretionary matching as well as profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the plan year and be employed as of the last day of the plan year to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

The Company made discretionary matching contributions at a rate equal to 15% of the first 5% of compensation that a participant contributes to the Plan, which totaled $361,606 for the year ended December 31, 2015. No profit sharing contributions were made by the Company for the year ended December 31, 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Participant Accounts -** Participants direct the investment of their contributions into various mutual funds, pooled separate accounts, and a collective trust fund. Each participant's account is credited with an allocation of (a) Company contributions, if any; (b) deferral contributions; and (c) plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting -** Participants are immediately vested in their voluntary contributions and the actual earnings thereon. Match and profit sharing contributions are subject to a 2 year cliff vesting schedule. Participants will forfeit the match or profit sharing portion of their account balance if they terminate employment before they are fully vested.

**Forfeitures -** Forfeitures may be applied first to offset eligible administrative expenses and then used to reduce Company contributions. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled approximately $39,000 and $111,000, respectively. During the year ended December 31, 2015, $5,924 of forfeitures were used to offset employer matching contributions.

**Note 1 - Continued**

**Payment of Benefits -** On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or substantially equal installments at least annually over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

For termination of service with vested benefits of $1,000 or less, a participant or beneficiary may automatically receive the value of the vested interest in his or her account as a lump-sum distribution. For vested benefits greater than $1,000 but less than $5,000, a participant's vested account balance may automatically be transferred to a Principal individual retirement rollover account.

**Withdrawals During Employment -** Upon reaching age 59 ½, a participant may take a withdrawal from their vested Plan account balance in accordance with procedures established by the Plan. A participant reaching the age of 55 may receive the nonforfeitable portion of their account applicable to Company contributions. Additionally, a participant may take a withdrawal from their vested account balance if they experience qualifying financial hardship as defined by the Plan. Participants may not contribute to their Plan account for six months following any hardship withdrawal.

**Notes Receivable From Participants -** A participant may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance, with the $50,000 limitation further reduced by the highest outstanding loan balance of the participant during the previous twelve months. Participants may have only one loan outstanding. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan Administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed seven years. Principal and interest are paid through payroll deductions.

**Note 2 - Significant Accounting Policies**

**Basis of Accounting -** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates -** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition -** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

**Notes Receivable From Participants -** Notes receivable from participants are measured at their unpaid principal balance plus accrued and unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Note 2 - Continued**

**Payment of Benefits -** Benefits are recorded when paid. As of December 31, 2015 and 2014, distributions totaling $12,715 and $100,000 had been requested by participants but not yet paid.

**Investment Management and Administrative Expenses -** Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Expenses for recordkeeping and third-party administrative services are paid by the Plan. Transaction based fees for loans and distributions are charged directly to participant accounts. The Company may elect to pay for other expenses related to the Plan's operations.

**Subsequent Events -** Subsequent to year end, the Plan transitioned to a new asset custodian and recordkeeper. Before the close of business on December 31, 2015, the Plan initiated the liquidation of investments held in preparation for the transfer of Plan assets to the new custodian. As a result, the majority of Plan assets at December 31, 2015, are held in noninterest bearing cash. At the beginning of January 2016, Plan assets (cash and notes receivable from participants) were transferred to the new custodian.

The Company has evaluated subsequent events through October 3, 2016, the date on which the Plan's financial statements were available to be issued.

**Recently Adopted Accounting Standards -** In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12, which eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, and simplifies certain investment disclosures. Management has elected to adopt both standards effective December 31, 2015. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

**Note 3 - Fair Value Measurements**

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

**Note 3 - Continued**

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2014:

Pooled Separate Accounts - Participation units in the pooled separate accounts are valued using the net asset value (NAV) as determined by Principal based on the valuation of the underlying investments at the end of the year by reference to quoted market prices. If the underlying investments have no readily available market, then the fair value is determined by Principal using methodologies allowed by U.S. GAAP. The Plan's pooled separate accounts can be redeemed daily and there is a one day redemption notice period. The U.S. Property account has had withdrawal restrictions as recently as March of 2011; however, no restrictions were in place at December 31, 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund - The fund is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units provided by the fund's trustee. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily, but the fund's trustee may take up to 30 days to process a withdrawal after written notification has been received.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

| | Fair Value Measurements as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 3,722,808 | $ - | $ - | $ 3,722,808 |
| **Total Assets in the Fair Value Hierarchy** | **$ 3,722,808** | **$ -** | **$ -** | 3,722,808 |
| Investments measured at NAV[(a)] | | | | 24,992,309 |
| **Total Investments at Fair Value** | | | | **$ 28,715,117** |

(a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note 4 - Certified Investments**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment loss and transactions for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's custodians.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

**Note 5 - Plan Termination**

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

**Note 6 - Tax Status**

The Plan obtained its latest determination letter dated July 10, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

**Note 7 - Party-in-Interest Transactions**

The Plan invested in pooled separate accounts managed by Principal. The Plan also invested in a stable value collective trust fund whose trustee is a wholly-owned subsidiary of the Principal Financial Group, Inc. Principal was the Plan's recordkeeper and third-party administrator. Therefore, transactions with these investments and fees charged by Principal to the Plan, qualify as party-in-interest transactions which are exempt from the Department of Labor's prohibited transaction rules. The Plan paid $103,735 in fees to Principal for the year ended December 31, 2015.

**Note 8 - Risks and Uncertainties**

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of participants' account balances and the amounts reported in the financial statements.
